Regarding the Matter of Oswald's Body Harry N. Abrams
From The League of Extraordinary Gentlemen... Sixteen years ago, notorious science-brigand Janni Nemo journeyed into the frozen reaches of Antarctica to resolve her father's weighty legacy in a storm of madness and loss, barely escaping with her Nautilus and her life. Now it is 1941, and with her daughter strategically married into the family of aerial warlord Jean Robur, Janni's raiders have only limited contact with the military might of the clownish German-Tomanian dictator Adenoid Hynkel. But when the pirate queen learns that her loved ones are held hostage in the nightmarish Berlin, she has no choice save to intervene directly, travelling with her ageing lover Broad Arrow Jack into the belly of the beastly metropolis. Within that alienated city await monsters, criminals and legends, including the remaining vestiges of Germany's notorious Twilight Heroes', a dark Teutonic counterpart to Mina Murray's League of Extraordinary Gentlemen. And waiting at the far end of this gauntlet of alarming adversaries there is something much, much worse. Continuing in the thrilling tradition of Heart of Ice, Alan Moore and Kevin O'Neill rampage through twentieth-century culture in a blazing new adventure, set in a city of totalitarian shadows and mechanical nightmares. Cultures clash and lives are lost in the explosive collision of four unforgettable women, lost in the black and bloody alleyways where thrive THE ROSES OF BERLIN. *The League of Extraordinary Gentlemen: The Tempest* #5 Penguin UK

#1 NEW YORK TIMES BESTSELLER • ONE OF ESSENCE'S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS In this iconic memoir of his early days, Barack Obama "guides us straight to the intersection of the most serious questions of identity, class, and race" (The Washington Post Book World). "Quite extraordinary."—Toni Morrison In this lyrical, unsentimental, and compelling memoir, the son of a black African father and a white American mother searches for a workable meaning to his life as a black American. It begins in New York, where Barack Obama learns that his father—a figure he knows more as a myth than as a man—has been killed in a car accident. This sudden death inspires an emotional odyssey—first to a small town in Kansas, from which he retraces the migration of his mother's family to Hawaii, and then to Kenya, where he meets the African side of his family, confronts the bitter truth of his father's life, and at last reconciles his divided inheritance. Praise for *Dreams from My Father* "Beautifully crafted . . . moving and candid . . . This book belongs on the shelf beside works like James McBride's *The Color of Water* and Gregory Howard Williams's *Life on the Color Line* as a tale of living astride America's racial categories."—Scott Turow "Provocative . . . Persuasively describes the phenomenon of belonging to two different worlds, and thus belonging to neither."—The New York Times Book Review "Obama's writing is incisive yet forgiving. This is a book worth savoring."—Alex Kotlowitz, author of *There Are No Children Here* "One of the most powerful books of self-discovery I've ever read, all the more so for its illuminating insights into the problems not only of race, class, and color, but of culture and ethnicity. It is also beautifully written, skillfully layered, and paced like a good novel."—Charlayne Hunter-Gault, author of *In My Place* "Dreams from My Father is an exquisite, sensitive study of this wonderful young author's journey into adulthood, his search for community and his place in it, his quest for an understanding of his roots, and his discovery of the poetry of human life. Perceptive and wise, this book will tell

you something about yourself whether you are black or white."—Marian Wright Edelman

After an epic twenty-year journey through the entirety of human culture—the biggest cross-continuity "universe" that is conceivable—Alan Moore and Kevin O'Neill conclude both their legendary LEAGUE OF EXTRAORDINARY GENTLEMEN and their equally legendary comic book careers with the series' spectacular fourth and final volume, THE TEMPEST. Tying up the slenderest of plot threads and allusions from the three preceding volumes, THE BLACK DOSSIER, and the NEMO trilogy into a dazzling and ingenious bow, the world's most accomplished and bad-tempered artist-writer team use their most stylistically adventurous outing yet to display the glories of the medium they are leaving; to demonstrate the excitement that attracted them to the field in the first place; and to analyze, critically and entertainingly, the reasons for their departure. Opening simultaneously in the panic-stricken headquarters of British Military Intelligence, the fabled Ayesha's lost African city of Kor, and the domed citadel of "We" on the devastated Earth of the year 2996, the dense and yet furiously paced narrative hurtles like an express locomotive across the fictional globe from Lincoln Island to modern America to the Blazing World; from the Jacobean antiquity of Prospero's Men to the superhero-inundated pastures of the present to the unimaginable reaches of a shimmering science-fiction future. With a cast list that includes many of the most iconic figures from literature and pop culture, and a tempo that conveys the terrible momentum of inevitable events, this is literally and literarily the story to end all stories. Originally published as a six-issue run of unfashionable, outmoded and flimsy children's comics that would make you appear emotionally backward if you read

them on the bus, this climactic magnum opus also reprints classic English super-team publication *The Seven Stars* from the murky black-and-white reaches of 1964. A magnificent celebration of everything comics were, are, and could be, any appreciator or student of the medium would be unwise to miss **THE LEAGUE OF EXTRAORDINARY GENTLEMEN, VOLUME IV: THE TEMPEST.**

Twenty Thousand Leagues Under the Sea

National Geographic Books

The New York Times bestseller from the author of *Watchmen* and *V for Vendetta* finally appears in a one-volume paperback. Begging comparisons to Tolstoy and Joyce, this

“ magnificent, sprawling cosmic epic ” (Guardian) by Alan Moore—the genre-defying, “ groundbreaking, hairy genius of our generation ” (NPR)—takes its place among the most notable works of contemporary English literature. In decaying Northampton, eternity loiters between housing projects. Among saints, kings, prostitutes, and derelicts, a timeline unravels: second-century fiends wait in urine-scented stairwells, delinquent specters undermine a century with tunnels, and in upstairs parlors, laborers with golden blood reduce fate to a snooker tournament. Through the labyrinthine streets and pages of Jerusalem tread ghosts singing hymns of wealth and poverty. They celebrate the English language, challenge mortality post-Einstein, and insist upon their slum as Blake ’ s eternal holy city in “ Moore ’ s apotheosis, a fourth-dimensional symphony ” (Entertainment Weekly). This “ brilliant . . . monumentally ambitious ” tale from the gutter is “ a massive literary achievement for our time—and maybe for all times simultaneously ” (Washington Post).

AN ALL-NEW LEAGUE OF

EXTRAORDINARY GENTLEMEN

ADVENTURE! Co-Published by Top Shelf Productions & Knockabout. In the grim cold of February surfaces a thrilling new League of Extraordinary Gentlemen book: NEMO: HEART OF ICE, a full-color 56-page adventure in the classic pulp tradition by the inestimable Alan Moore and Kevin O'Neill.

It's 1925, fifteen long years since Janni Dakkar first tried to escape the legacy of her dying science-pirate father, only to accept her destiny as the new Nemo, captain of the legendary Nautilus. Now, tired of her unending spree of plunder and destruction, Janni launches a grand expedition to surpass her father's greatest failure: the exploration of Antarctica. Hot on her frozen trail are a trio of genius inventors, hired by an influential publishing tycoon to retrieve the plundered valuables of an African queen. It's a deadly race to the bottom of the world -- an uncharted land of wonder and horror where time is broken and the mountains bring madness. Jules Verne meets H.P. Lovecraft in the unforgettable final showdown, lost in the living, beating and appallingly inhuman HEART OF ICE.
