Over the last fifteen years, every major aspect of our lives has changed because of Facebook. You may not like Facebook, but you can't deny its success. And to a large degree, that success stems from the "move fast" ethos. The entire culture of Facebook is built for speed. Move Fast is an exploration of modern software strategies and tactics through the lens of Facebook. Relying on in-depth interviews with more than two dozen Facebook engineers, this book explores the product strategy, cultural principles, and technologies that made Facebook the dominant social networking company. Most importantly, Move Fast investigates how you can apply those strategies to your creative projects. It's not easy to build a software company, but once you know how to move fast, your company will be prepared to build a strategy that benefits from the world's rapid changes, rather than suffering from them.

What do all of these movies and television shows have in common? Curtis Armstrong. A legendary comedic second banana to a litany of major stars, Curtis is forever

cemented in the public imagination as Booger from Revenge of the Nerds. A classically trained actor, Curtis began his incredible 40-year career on stage but progressed rapidly to film and television. He was typecast early and it proved to be the best thing that could have happened. But there ' s more to Curtis ' story than that. Born and bred a nerd, he spent his early years between Detroit, a city so nerdy that the word was coined there in 1951, and, improbably, Geneva, Switzerland. His adolescence and early adulthood was spent primarily between the covers of a book and indulging his nerdy obsessions. It was only when he found his true calling, as an actor and unintentional nerd icon, that he found true happiness. With whip-smart, self-effacing humor, Armstrong takes us on a most unlikely journey—one nerd ' s hilarious, often touching rise to the middle. He started his life as an outcast and matured into...well, an older, slightly paunchier, hopefully wiser outcast. In Hollywood, as in life, that counts as winning the game.
