Cassy Joy Garcia draws from her years of research and experience to deliver a roadmap to mastering her 'Four Pillars of True Health'. With over 150 gluten-free and Paleo-friendly recipes, a 28-day food and fitness plan, portion guides, program guides and supplemental online tools, Fed & Fit provides readers a foundation for lasting success. Joy's recipes were hand selected to complement each of 'The Four Pillars' and include step-by-step instructions, full-colour photos and personalisation guides to help you achieve your individual wellness goals.

Redemption of the Cube Dweller Kogan Page Publishers

From the authors of the bestselling and genre-defining cocktail book *Death & Co*, *Cocktail Codex* is a comprehensive primer on the craft of mixing drinks that employs the authors' unique "root cocktails" approach to give drink-makers of every level the tools to understand, execute, and improvise both classic and original cocktails. JAMES BEARD AWARD WINNER • WINNER OF THE TALES OF THE COCKTAIL SPIRITED AWARD® FOR BEST NEW COCKTAIL OR BARTENDING BOOK • NAMED ONE OF THE BEST COOKBOOKS OF THE YEAR BY CHICAGO TRIBUNE "There are only six cocktails." So say Alex Day, Nick Fauchald, and David Kaplan, the visionaries behind the seminal craft cocktail bar *Death & Co*. In *Cocktail Codex*, these experts reveal for the first time their surprisingly simple approach to mastering cocktails: the "root recipes," six easily identifiable (and memorable!) templates that encompass all cocktails: the old-fashioned, martini, daiquiri, sidecar, whisky highball, and flip. Once you understand the hows and whys of each "family," you'll understand why some cocktails work and others don't, when to shake and when to stir, what you can omit and what you can substitute when you're missing ingredients, why you like the drinks you do, and what sorts of drinks you should turn to—or invent—if you want to try something new. Praise for *Cocktail Codex* "Learn the template, and any cocktail you can think of is within reach." —*Food & Wine* "Too bad all college textbooks weren't this much fun." —*Garden & Gun* "A must for amateur and pro mixologists alike." —*Chicago Tribune* "If *Dora the Explorer* turned twenty-one, split herself into three people, and decided to write the *Magna Carta* of booze books, this would be the result. And, unlike every other book you'll read this year, *Cocktail Codex* is packed with actual knowledge you can use in the real world. Please, please, can *Cinema Codex* be next?" —Steven Soderbergh, filmmaker

Building a StoryBrand HarperCollins Leadership

Coffee, as a commodity and through its global value chains, is the focus of much interest to achieve fair trade and equitable outcomes for producers, processors and consumers. It has iconic cultural and economic significance for Colombia, which is one of the world's major coffee producers for the global market. This book examines sustainable coffee production in Colombia, specifically the initiatives of Nestlé to create shared value. It describes the transformation of the coffee landscape by the development of economically, socially and environmentally viable and dedicated supply chains. Suppliers have been encouraged to shift production and quality paradigms, in order to develop long-term and sustainable strategies for higher value and premium quality products. This has been partially achieved by establishing a robust partnership with the Coffee Growers Federation and other public, private and social actors, thereby taking control of the institutional architecture and knowledge base that exists in the country. The book provides an important lesson of corporate social responsibility and the creation of shared value for the benefit of farmers, corporations and consumers.

Process Mining Simon and Schuster

The highly anticipated cookbook from the immensely popular food blog *Minimalist Baker*, featuring 101 all-new simple, vegan recipes that all require 10 ingredients or less, 1 bowl or 1 pot, or 30 minutes or less to prepare Dana Shultz founded the *Minimalist Baker* blog in 2012 to share her passion for simple cooking and quickly gained a devoted worldwide following. Now, in this long-awaited debut cookbook, Dana shares 101 vibrant, simple recipes that are entirely plant-based, mostly gluten-free, and 100% delicious. Packed with gorgeous photography, this practical but inspiring cookbook includes:

- Recipes that each require 10 ingredients or less, can be made in one bowl, or require 30 minutes or less to prepare.
- Delicious options for hearty entrées, easy sides, nourishing breakfasts, and decadent desserts—all on the table in a snap
- Essential plant-based pantry and equipment tips
- Easy-to-follow, step-by-step recipes with standard and metric ingredient measurements

Minimalist Baker's Everyday Cooking is a totally no-fuss approach to cooking for anyone who loves delicious food that happens to be healthy too.

A Tanzie Lewis Novel Springer

Visual information is everywhere. We are constantly immersed in a flow of visual data that reshapes our social and inner world. Companies and individuals are competing to conquer the public's scarce attention by inventing distinctive visual formats to stand out from the crowd. How can designers, inventors, and product managers create designs that are quick to process as well as meaningful, unique and memorable in an age characterized by constant information overload? The answer is to think aesthetically. Research insights at the intersection between cognitive science and art studies demonstrate that our minds can effectively process visual complexity by using aesthetic pleasure and judgement as a guide. Analysing the work of great artists and designers from the perspective of how our mind appreciates beauty, *Elegant Design* identifies actionable aesthetic strategies that will help you to design products and user experiences that are useful, beautiful and meaningful.

Rethinking Prestige Branding Clarkson Potter

This is the second edition of Wil van der Aalst's seminal book on process mining, which now discusses the field also in the broader context of data science and big data approaches. It includes several additions and updates, e.g. on inductive mining techniques, the notion

of alignments, a considerably expanded section on software tools and a completely new chapter of process mining in the large. It is self-contained, while at the same time covering the entire process-mining spectrum from process discovery to predictive analytics. After a general introduction to data science and process mining in Part I, Part II provides the basics of business process modeling and data mining necessary to understand the remainder of the book. Next, Part III focuses on process discovery as the most important process mining task, while Part IV moves beyond discovering the control flow of processes, highlighting conformance checking, and organizational and time perspectives. Part V offers a guide to successfully applying process mining in practice, including an introduction to the widely used open-source tool ProM and several commercial products. Lastly, Part VI takes a step back, reflecting on the material presented and the key open challenges. Overall, this book provides a comprehensive overview of the state of the art in process mining. It is intended for business process analysts, business consultants, process managers, graduate students, and BPM researchers.

The Advocate is a lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States.

Modern Favorites to Make at Home Signal

This volume presents a pragmatic approach to understanding and capitalizing on contemporary m-commerce trend. It comprehensively encapsulates the evolution, emergent trends, hindrances and challenges, and customer perceptions about various facets of how physical and online retail channels are merging, blurring, and influencing each other in new ways. The rapid rise of m-commerce (or mobile commerce) has led to the emergence of new paradigms in the marketplace. The difference between physical and digital retail is diminishing, and a new "phygital retail" phenomenon is on the rise. Marketers need to understand this emerging paradigm and consider the new opportunities and challenges involved. This volume, *M-Commerce: Experiencing the Phygital Retail*, provides a comprehensive discussion of the contemporary m-commerce concepts along with the emerging paradigms in a pragmatic way. It presents empirical analyses and reviews on the myriad aspects of m-commerce, including both contemporary academic and business research.

Your complete guide to cocktails, martinis, mixed drinks, and more! Weldon Owen International

?The rules are ... there are no rules.? ? Aristotle Onassis An entrepreneur has to make a conscious decision to play or be played. It is the idea of consciously choosing to win or lose that nurtures the spirit of entrepreneurialism and heartens an unrelenting appetite for success. Winning is simply a matter of wanting to! Uncover the underlying constructs that work to create meaning in the world: ? reinvent the way you perceive fear; ? approach winning as a matter of perspective; ? know that you are in the business of selling to humans. This book is a step-by-step guide to building a brand, generating value around that brand and exchanging that value for money. The power to invent ideas is the essence of the *The Game*, Entrepreneur

John Wiley & Sons

What makes someone covet a Kelly bag? Why are *Cirque Du Soleil* or *Grey Goose* so successful despite breaking all the conventions of their categories? What does Gucci's approach to marketing have in common with Nespresso's? And why do some people pay a relative fortune for *Renova* toilet paper or *Aesop* detergent even though they hardly ever 'advertise' and seem to have none of the 'functional performance advantages' conventional marketers would seek to demonstrate? Prestige brand experts JP Kuehlwein and Wolfgang Schaefer have dedicated themselves to studying what drives the success of prestige brands. *Rethinking Prestige Branding* collects their insights. Uncovering the secrets of why and how some brands are created more equal than others, *Rethinking Prestige Branding* includes over 100 case studies from Apple and *Abercrombie & Fitch* to *Tate Modern* and *Tesla*. Rather than re-telling brand success stories or re-hashing long-standing marketing principles, it takes readers on a colourful journey behind the scenes of today's marketing pros. This book will fascinate marketing professional just as much as those who are simply curious as to how premium brands tick.

Have you ever picked up this cube and been baffled by its complexity? Ever wondered how anyone can complete the whole thing? Did you come to the conclusion that you'll never be able to complete it? This little puzzle has fascinated and confused millions of people since its conception in 1974. It even took the inventor of the cube Ern? Rubik a whole month to solve his own creation. Don't worry though, we're going to do it in a fraction of that time. You might be holding the cube muddled up in front of you unsure what to do. In less than an hour this guides going to solve that problem for you with no frustrations! In this Easy Rubik'S Cube Solution book, you will discover the easiest method to solve the standard 3x3 Rubik's Cube with included pictures, tips, and a list of easy-to-learn algorithms. The solution is designed to be simple to learn with minimal memorization, while still being quick enough to solve the cube in under a minute. What're you waiting for!? There's no need to take apart the cube or the stickers and put them back on. Scroll up and click 'add to cart' button now so we can begin to solve that cube!

The Mommy Shorts Guide to Remarkably Average Parenting Da Capo Lifelong Books

The days of the image brands are over, and 'new marketing' has gone mainstream. The world's biggest companies are pursuing a post-advertising strategy, moving away from advertising and investing in leading edge alternatives. In the vanguard of the revolution has been John Grant, co-founder of the legendary agency St. Luke's and author of "The New Marketing Manifesto," whose radical thinking has informed a generation. Now Grant is set to stun the industry again. In "The Brand Innovation Manifesto," he redefines the nature of brands, showing why old models and scales no longer work and revealing that the key to success today is impacting people's lifestyles (think Starbucks, iPod and eBay). At the heart of the book is the concept of the 'brand molecule' to which new cultural ideas can be constantly added to keep pace with change. Cataloguing 32 classes of idea, Grant presents a practical approach to mixing and matching them within your own market to develop new brand ideas - and new ideas for existing brands.

Innovation principles to bring about meaningful and sustainable growth in your organization Using a list of more than 2,000 successful innovations, including Cirque du Soleil, early IBM mainframes, the Ford Model-T, and many more, the authors applied a proprietary algorithm and determined ten meaningful groupings—the Ten Types of Innovation—that provided insight into innovation. The Ten Types of Innovation explores these insights to diagnose patterns of innovation within industries, to identify innovation opportunities, and to evaluate how firms are performing against competitors. The framework has proven to be one of the most enduring and useful ways to start thinking about transformation. Details how you can use these innovation principles to bring about meaningful—and sustainable—growth within your organization Author Larry Keeley is a world renowned speaker, innovation consultant, and president and co-founder of Doblin, the innovation practice of Monitor Group; BusinessWeek named Keeley one of seven Innovation Gurus who are changing the field The Ten Types of Innovation concept has influenced thousands of executives and companies around the world since its discovery in 1998. The Ten Types of Innovation is the first book explaining how to implement it.

Creating Shared Value Chains in Colombia Archway Publishing

Popular husband-and-wife bloggers and podcasters (acouplecooks.com) offer 100 recipes with an emphasis on whole foods and getting into the kitchen together. The couple's non-diet approach features simple lifestyle changes to make healthy cooking sustainable, rather than a short-term fix. A love story at its finest, Alex and Sonja Overhiser first fell for each other—and then the kitchen. In a matter of months, the writer-photographer duo went from eating fast and frozen food to regularly cooking vegetarian meals from scratch. Together, the two unraveled a "pretty simple" approach to home cooking that kicks the diet in favor of long-term lifestyle changes. While cooking isn't always easy or quick, it can be pretty simple by finding love in the process. A Couple Cooks | Pretty Simple Cooking is

'I couldn't put it down and finished it in a day . . . Superb!' - Mara Timon, author of *City of Spies* The Firm meets McMafia in Marina Palmer's thrilling and exciting novel, which opens the door on the Russian high life in London and corruption at the heart of British politics, reaching all the way into the Secret Services. Packed with twists, intrigue, betrayal, romance and suspense, *The Russian Doll* constantly wrong-foots the reader and delivers a perfect narrative, right to the last page. How much did she just say the salary was? When Ruth Miller returns a dropped scarf to Elena Shilkov, she is whisked from a dreary shared house to a world of unimagined luxury. The super-rich Russian wants a new personal assistant and won't take no for an answer. Ruth gets accommodation, a credit card, and a complete wardrobe makeover. And she's good at the job; distributing gifts, attending galas, dealing with the high-society movers and shakers fighting for Elena's attention. Then the sinister truth begins to reveal itself, that nothing is quite what it seems in Elena's dangerous, deceptive world. Ruth should get away. But it's already too late. 'Best book I've read this year' - Simon Conway, author of *The Stranger* 'The Russian Doll gripped me with layer upon dangerous layer' - Alison Bruce, author of *The Moment Before Impact*
