Network Solutions Imap & Pop3 Settings on Mobile Devices

The Worst Email Server Ever. Network Solutions is hands down the worst email service I have ever had to use. My CPA firm uses Network Solutions as does one of my clients and us grunts hate it. The web based form does not load half the time; it loses attachments and it does not save any drafts if it stops working.

Resolve sync issues in Mail and Calendar apps in Windows 10

Go to Start and open Windows Defender Security Center. Select Fire and network protection > Allow an app through firewall > Change settings. In the list of allowed apps and features, select the check box next to Mail and Calendar, and select the check boxes in the Private and Public columns. Select OK.
