Packed with superheroes, supervillains, and epic showdowns between good and evil, The Unforgettable Logan Foster from debut author Shawn Peter shows that sometimes being a hero is just about being yourself. Logan Foster has pretty much given up on the idea of ever being adopted. It could have something to with his awkward manner, his photographic memory, or his affection for reciting curious facts, but whatever the cause, Logan and his "PP's" (prospective parents) have never clicked. Then everything changes when Gil and Margie arrive. Although they aren't exactly perfect themselves—Gil has the punniest sense of humor and Margie's cooking would have anyone running for the hills—they genuinely seem to care. But it doesn't take Logan long to notice some very odd things about them. They are out at all hours, they never seem to eat, and there's a part of the house that is protected by some pretty elaborate security. No matter what Logan could have imagined, nothing prepared him for the truth: His PP's are actually superheroes, and they're being hunted down by dastardly forces. Logan's found himself caught in the middle in a massive battle and the very fate of the world may hang in the balance. Will Logan be able to find a way to save the day and his new family?

The launch of an exciting, hilarious new series narrated by an underdog every Minecrafter can relate to. Gerald Creeper Jr. is a self-proclaimed pacifist (which, by the way, has nothing to do with a pacifier), but he finds himself in the war zone when he starts his first year at Mob Middle School. At his new school, every monster in the Overworld is jockeying for power, and the skeletons seem to have it out for him. Armed with a 30-day plan (he can thank his mom's self-help obsession for that), Gerald makes it his mission to use his brains—instead of his blasts—to survive the school year. It all starts with: Day 1: Come up with a nickname. (Gerald is not gonna cut it.) Day 2: Keep a low profile. (Not easy when your new best friend is a super bouncy slime!) Day 3: Avoid being target practice for skeletons, and somehow get in with super-popular Eddy Enderman. (Easier said than done.) The first book in this laugh-out-loud funny, heavily illustrated, diary format series for Minecrafters follows the most misunderstood hostile mob in the Overworld. It's not easy being green . . . or explosive!
