New inside out National Geographic Learning

This American English edition of English Grammar in Use can be used both as a classroom text and as a grammar reference for students. Each unit deals with a particular grammar point (or points), providing clear explanations and examples on the left-hand page, with exercises to check understanding on the facing right-hand page. The book covers many of the problems intermediate students of American English encounter, including tense usage, modals, conditionals, the subjunctive and prepositions. A separate answer key is available for self-study, individual work in the language laboratory and as an easy reference for teachers. New Inside Out. Intermediate. Student's Book OUP Oxford

---

American Blueprint is a fully integrated course for students of English. It is suitable for beginners and those who already have some knowledge of the language, taking students up to intermediate standard over two levels. The material enables students to see clearly what they are learning and why. Preview sections introduce and illustrate the new language of the following five units. Focus boxes in each unit highlight and explain the language content; check exercises help students monitor their progress; and a language review reference section provides a complete grammar summary.

### **New American Streamline Connections - Intermediate** Routledge

American English in Mind is an integrated, four-skills course for beginner to advanced teenage learners of American English. The American English in Mind Level 1 Workbook provides language and skills practice for each Student's Book unit. The Workbook can be used both in the classroom and at home.

authentic presentations, Keynote promotes a deeper understanding of the world and gives students the courage and means to express themselves in English. Communication, collaboration and creative thinking drive students towards real 21st century outcomes and encourage them to respond to ideas and find their own voice. Both students and teachers will emerge with new confidence, new ideas and a new determination to communicate in this increasingly information-rich world of Global English.

Inside Out : Intermediate Oxford University Press, USA

This presentation of statistical methods features extensive use of graphical displays for exploring data and for displaying the analysis. The authors demonstrate how to analyze data—showing code, graphics, and accompanying computer listings. They emphasize how to construct and interpret

graphs, discuss principles of graphical design, and show how tabular results are used to confirm the visual impressions derived from the graphs. Many of the graphical formats are novel and appear here for the first time in print.
