The Grapes of Wrath Teacher Created Resources  
George Orwell's Nineteen Eighty-Four is unquestionably the most famous dystopian novel of all times. Written in the year of 1948, the author swapped the last two digits while describing a future totalitarian society where the minds, attitudes and actions of the subjects are thoroughly scrutinized by the "Thought Police", suspected dissidents tracked down and where the worship of the mythical party leader Big Brother is forced upon the masses. The low-ranking party member Winston Smith begins secretly to question the whole

system and initiates a forbidden love affair with another party member. *Differentiating the High School Classroom* Corwin Press  
Encourage students to take an in-depth view of the people and events of specific eras of American history. Nonfiction reading comprehension is emphasized along with research, writing, critical thinking, working with maps, and more. Most titles include a Readers Theater. *Coming Apart* Oxford University Press on Demand  
Generate consistent income with a smart weekly options strategy *Profiting From Weekly Options* is a clear, practical guide to earning consistent income from trading

---

options. Rather than confuse readers with complex math formulas, this book concentrates on the process of consistently profiting from weekly option serials by utilizing a series of simple trades. Backed by the author's thirty years of experience as a professional option trader and market maker, these ideas and techniques allow active individual traders and investors to generate regular income while mitigating risk. Readers will learn the fundamental mechanisms that drive weekly options, the market forces that affect them, and the analysis techniques that help them manage trades. Weekly options are structured like conventional monthly options, but they expire each week. Interest has surged since their inception three years ago, and

currently accounts for up to thirty percent of total option volume, traded on all major indices as well as high volume stocks and ETFs. This book is a guide to using weekly options efficiently and effectively as income-generating investments, with practical guidance and expert advice on strategy and implementation. Discover the cycles and market dynamics at work Learn essential fundamental and technical analysis techniques Understand the option trading lexicon and lifecycle Gain confidence in managing trades and mitigating risk Weekly options can be integrated with any existing options strategy, but they are particularly conducive to credit spread strategies and short-term trades based on technical patterns. For investors looking for an easy-

---

in/easy-out method of generating consistent income, *Profiting From Weekly Options* provides the wisdom of experience with practical, actionable advice.

Nature's New Deal Simon and Schuster

The writer of the Book of Hebrews takes everything the Jew of his day held dear and compares it to Christ. Needless to say, it is all found shamefully wanting.

The thing that was perhaps the dearest to these Hebrews was the Old

Testament priesthood, which included

the Temple, its sacrifices, and the

priests in all their glory. The writer of

Hebrews shows Christ to be a better

Priest, His sacrifice to be supreme, and

the place where He renders His

services to be the greatest. He shows

the Priesthood ministry of Jesus to be flawless and a perfect alternative to a worn-out system that could never meet the needs of mankind. You will find *The Perfect Priest* refreshing and enlightening as well as inspiring.

**These Truths: A History of the United States**  
Simon and Schuster

The definitive biography of New York State's four-term Governor, US Senator, humanitarian, and Jewish liberal political reformer. This new biography of Herbert Lehman—the first in a half century—fills the void left by historians and political scientists who have neglected one of the truly great liberal icons of the mid-twentieth century. Based on extensive research in archival sources, Herbert H. Lehman restores this four-term Governor of New York, US Senator, national and international

---

humanitarian, and political reformer to his rightful place among the pantheon of liberal heroes of his era. By focusing on Lehman's interactions with Al Smith, Franklin Roosevelt, Harry Truman, Lyndon Johnson, and John Kennedy, Duane Tananbaum shows how Lehman succeeded politically despite his refusal to compromise with his conscience. In his thirty-five years of public service, Lehman fought the Republicans in the State Legislature to provide economic security for New Yorkers during the Great Depression, and he battled the bureaucrats in the Roosevelt and Truman administrations and the United Nations Relief and Rehabilitation Administration to feed the starving people in Europe and Asia during and after World War II. His efforts on behalf of "the welfare state," civil rights legislation, and immigration reform helped keep the liberal

agenda alive until Congress, and the nation, were ready to enact it into law as part of Lyndon Johnson's Great Society in 1964–1965. "Herbert Lehman served a distinguished career as governor, wartime relief administrator, and US senator. He built influential political alliances that spanned the era from FDR to LBJ, and stood resolutely against McCarthyism. Lehman has long deserved a substantial biography, and Duane Tananbaum's impeccably researched analysis admirably fills that need." — Donald A. Ritchie, historian emeritus of the Senate and author of *The US Congress: A Very Short Introduction* "Duane Tananbaum's exhaustive research and acute analysis make this book a definitive political biography that illuminates not only Herbert Lehman but also the many arenas in which he operated. The book is a significant source for

---

scholars interested in New York State and Democratic Party politics, the United Nations' first operational agency, Congressional politics during World War II and the early years of the Cold War and the impact of one of America's leading Jewish politicians on issues ranging from the status of refugees from Nazi Germany to the recognition of the State of Israel by the United States." — Robert Ingalls, University of South Florida

Chats of Franklin Delano Roosevelt  
Part of the Legend Classics series  
As Gregor Samsa awoke one morning from uneasy dreams he found himself transformed in his bed into a gigantic insect. The  
Metamorphosis - the masterpiece of Franz Kafka - was first published in 1915 and is one of the seminal works of fiction of the twentieth century. The novel is cited as a key influence for many of today's leading authors; as Auden wrote: "Kafka is important to us because his predicament is the predicament of modern man". Traveling salesman, Gregor Samsa, wakes to find himself transformed into a large, monstrous insect-like creature. The cause of Gregor's transformation is never revealed, and as he attempts to adjust to his new condition he

---

becomes a burden to his parents and sister, who are repelled by the horrible, verminous creature Gregor has become. A harrowing, yet strangely comic, meditation on human feelings of inadequacy, guilt, and isolation, *The Metamorphosis* has taken its place as one of the most widely read and influential works of twentieth-century fiction. The Legend Classics series: *Around the World in Eighty Days*, *The Adventures of Huckleberry Finn*, *The Importance of Being Earnest*, *Alice's Adventures in Wonderland*, *The Metamorphosis*, *The Railway Children*, *The Hound of the Baskervilles*, *Frankenstein*, *Wuthering Heights*, *Three Men in a Boat*, *The Time Machine*, *Little Women*, *Anne of Green Gables*, *The Jungle Book*, *The Yellow*

*Wallpaper and Other Stories*, *Dracula*, *A Study in Scarlet*, *Leaves of Grass*, *The Secret Garden*, *The War of the Worlds*, *A Christmas Carol*, *Strange Case of Dr Jekyll and Mr Hyde*, *Heart of Darkness*, *The Scarlet Letter*, *This Side of Paradise*, *Oliver Twist*, *The Picture of Dorian Gray*, *Treasure Island*, *The Turn of the Screw*, *The Adventures of Tom Sawyer*, *Emma*, *The Trial*, *A Selection of Short Stories by Edgar Allen Poe*, *Grimm Fairy Tales*

**Nineteen Eighty-Four** Univ of California Press

Dirt, soil, call it what you want—it's everywhere we go. It is the root of our existence, supporting our feet, our farms, our cities. This fascinating yet disquieting book finds, however, that we are running

---

out of dirt, and it's no laughing matter. An engaging natural and cultural history of soil that sweeps from ancient civilizations to modern times, *Dirt: The Erosion of Civilizations* explores the compelling idea that we are—and have long been—using up Earth's soil. Once bare of protective vegetation and exposed to wind and rain, cultivated soils erode bit by bit, slowly enough to be ignored in a single lifetime but fast enough over centuries to limit the lifespan of civilizations. A rich mix of history, archaeology and geology, *Dirt* traces the role of soil use and abuse in the history of Mesopotamia, Ancient Greece, the Roman Empire, China, European colonialism, Central America, and the American push westward. We see how soil

has shaped us and we have shaped soil—as society after society has risen, prospered, and plowed through a natural endowment of fertile dirt. David R. Montgomery sees in the recent rise of organic and no-till farming the hope for a new agricultural revolution that might help us avoid the fate of previous civilizations.

*The War for Kindness* McGraw-Hill/Glencoe

A “must-read” (The Washington Post) funny and practical guide to help you find, build, and keep the relationship of your dreams. Have you ever looked around and wondered, “Why has everyone found love except me?” You’re not the only one. Great relationships don’t just appear in our lives—they’re the culmination of a series of decisions, including whom to date, how to end it with the wrong person, and when to commit to the right one. But our brains often get in the way. We make poor decisions, which thwart us on our quest to find lasting love.

---

Drawing from years of research, behavioral scientist turned dating coach Logan Ury reveals the hidden forces that cause those mistakes. But awareness on its own doesn't lead to results. You have to actually change your behavior. Ury shows you how. This "simple-to-use guide" (Lori Gottlieb, New York Times bestselling author of *Maybe You Should Talk to Someone*) focuses on a different decision in each chapter, incorporating insights from behavioral science, original research, and real-life stories. You'll learn: -What's holding you back in dating (and how to break the pattern) -What really matters in a long-term partner (and what really doesn't) -How to overcome the perils of online dating (and make the apps work for you) -How to meet more people in real life (while doing activities you love) -How to make dates fun again (so they stop feeling like job interviews) -Why "the spark" is a myth (but you'll find love anyway) This "data-driven" (Time), step-by-step guide to relationships, complete with hands-on exercises, is designed to

transform your life. *How to Not Die Alone* will help you find, build, and keep the relationship of your dreams.

***Mental Health*** W. W. Norton & Company  
Discusses the importance of individualized instruction and how teachers can use creative solutions to overcome common problems in differentiated education.

**Resources in Education** Glencoe/McGraw-Hill School Publishing Company

A critique of the white American class structure argues that the paths of social mobility that once advanced the nation are now serving to further isolate an elite upper class while enforcing a growing and resentful white underclass.

The untold story of how FDR did the unthinkable to save the American economy *The American*

---

economy is strong in large part because nobody believes that America would ever default on its debt. Yet in 1933, Franklin D. Roosevelt did just that, when in a bid to pull the country out of depression, he depreciated the US dollar in relation to gold, effectively annulling all debt contracts. From FDR's order for Americans to sell the government all their gold holdings to the Supreme Court confrontation that threatened to finish the New Deal, *American Default* provides a compelling account of an economic and legal drama that embroiled a nation.

*The Erosion of Civilizations* Oxford University Press

The Committee on House Administration is pleased to present this revised book on our

United States Government. This publication continues to be a popular introductory guide for American citizens and those of other countries who seek a greater understanding of our heritage of democracy. The question-and-answer format covers a broad range of topics dealing with the legislative, executive, and judicial branches of our Government as well as the electoral process and the role of political parties.--Foreword.

**New Deal Radio** Rutgers University Press

President Franklin Roosevelt told Americans in a 1936 fireside chat, "I do not look upon these United States as a finished product. We are still in the making." These United States builds on this foundation to present a readable, accessible history of the United States throughout the twentieth century—an ongoing and inspiring story of great leaders and everyday citizens marching, fighting, voting, and legislating to make the nation's

---

promise of democracy a reality for all Americans. In the college edition of *These United States*, Gilmore and Sugrue seamlessly weave insightful analysis with all of the support tools needed by students and instructors alike, including paired primary source documents, review questions, key terms, maps, and figures in a dynamic four-color design.

[The People's Profession](#) Penguin Classics  
An Essential Reference for Intermediate and Advanced R Programmers  
Advanced R presents useful tools and techniques for attacking many types of R programming problems, helping you avoid mistakes and dead ends. With more than ten years of experience programming in R, the author illustrates the elegance, beauty, and flexibility at the heart of R. The book develops the necessary skills to produce quality code that can be used in a variety of

circumstances. You will learn: The fundamentals of R, including standard data types and functions  
Functional programming as a useful framework for solving wide classes of problems  
The positives and negatives of metaprogramming  
How to write fast, memory-efficient code  
This book not only helps current R users become R programmers but also shows existing programmers what's special about R.  
Intermediate R programmers can dive deeper into R and learn new strategies for solving diverse problems while programmers from other languages can learn the details of R and understand why R works the way it does.

NEW YORK TIMES BESTSELLER •

LONGLISTED FOR THE NATIONAL BOOK

AWARD • One of today's most insightful and

influential thinkers offers a powerful

exploration of inequality and the lesson that

generations of Americans have failed to learn:

Racism has a cost for everyone—not just for

people of color. WINNER OF THE

PORCHLIGHT BUSINESS BOOK AWARD •

ONE OF THE BEST BOOKS OF THE YEAR:

Time, The Washington Post, St. Louis Post-

Dispatch, Ms. magazine, BookRiot, Library

Journal • LONGLISTED FOR THE ANDREW

CARNEGIE MEDAL • “This is the book I’ve

been waiting for.”—Ibram X. Kendi, #1 New

York Times bestselling author of How to Be an

Antiracist Heather McGhee’s specialty is the

American economy—and the mystery of why it

so often fails the American public. From the

financial crisis of 2008 to rising student debt to

collapsing public infrastructure, she found a

root problem: racism in our politics and

policymaking. But not just in the most obvious

indignities for people of color. Racism has costs

for white people, too. It is the common

denominator of our most vexing public

problems, the core dysfunction of our

democracy and constitutive of the spiritual and

---

moral crises that grip us all. But how did this happen? And is there a way out? McGhee embarks on a deeply personal journey across the country from Maine to Mississippi to California, tallying what we lose when we buy into the zero-sum paradigm—the idea that progress for some of us must come at the expense of others. Along the way, she meets white people who confide in her about losing their homes, their dreams, and their shot at better jobs to the toxic mix of American racism and greed. This is the story of how public goods in this country—from parks and pools to functioning schools—have become private luxuries; of how unions collapsed, wages stagnated, and inequality increased; and of how this country, unique among the world’s advanced economies, has thwarted universal healthcare. But in unlikely places of worship

and work, McGhee finds proof of what she calls the Solidarity Dividend: the benefits we gain when people come together across race to accomplish what we simply can’t do on our own. *The Sum of Us* is not only a brilliant analysis of how we arrived here but also a heartfelt message, delivered with startling empathy, from a black woman to a multiracial America. It leaves us with a new vision for a future in which we finally realize that life can be more than a zero-sum game.

*A Nation in the Making: 1890 to the Present*  
Legend Press

A Stanford psychologist offers a bold new understanding of empathy, and shows how we can expand our circle of care, even in these divisive times. Empathy is in short supply. Isolation and tribalism are rampant. We struggle to understand people who aren’t like us, but find it easy to hate them. Studies show that we are less caring than we

---

were even thirty years ago. In 2006, Barack Obama said that the United States is suffering from an "empathy deficit." Since then, things only seem to have gotten worse. It doesn't have to be this way. In this groundbreaking book, Jamil Zaki argues that empathy is not a fixed trait--something we're born with or not--but rather a skill that we can all strengthen through effort. Drawing on both classic and cutting-edge research, including experiments from his own lab, Zaki shows how we can harness this new mindset to overcome toxic cultural divisions. He also tells the stories of people who are living these principles--fighting for kindness in the most difficult of circumstances. We meet a former neo-Nazi who is now helping extract people from hate groups, ex-prisoners discussing novels with the judge who sentenced them, Washington police officers changing their culture to decrease violence among their ranks, and NICU nurses fine-tuning their empathy so that they don't succumb to burnout. Written with clarity and passion, *The War* for Kindness is an inspiring call to action. The future may depend on whether we accept the challenge.
