An Introduction to Contact Linguistics Humanities Press International
Pronunciation Games is a photocopiable resource book for use with students of elementary to proficiency level.
Two in One St Martins Press
The volume presents new insights into two basic theoretical issues hotly debated in recent work on grammaticalization and language contact: grammatical replication and grammatical borrowability. The key issues are: How can grammatical replication be distinguished from other, superficially similar processes of contact-induced linguistic change, and under what conditions does it take place? Are there grammatical morphemes or constructions that are more easily borrowed than others, and how can language contact account for areal biases in the borrowing (vs. calquing) of grammatical formatives? The book is a major contribution to the ongoing theoretical discussion concerning the relationship between grammaticalization and language contact on a broad empirical basis.
Cover Story Cambridge University Press
Authentic Listening Resource Pack provides an invaluable bank of selected audio and video material offering authentic listening practice, essential in developing students' listening skills in preparation for being exposed to "real" English.Authentic Listening Resource Pack consists of over 4 hours of authentic audio and video materials supported by photocopiable worksheets. The recordings are broken down into segments, including micro-listenings, so that students can develop a range of listening competences, and comprehensively practice listening techniques that develop the skills they need to cope with real spoken language in the outside world.Key features:- level B1-B2- authentic texts use unscripted video and radio materials- listening materials include an international range of accents- 'micro-edits' highlight features of spoken English and pronunciation in context- original tasks teach listening, not just test it- materials are scaffolded to take learners from coursebook English to authentic speech- provides strategies for dealing with features of fast spontaneous speech- listening materials available online, providing extra listening opportunities for students
Advanced Computing and Intelligent Technologies Ernst Klett Sprachen
During the acquisition of a second or other language speech and writing are influenced by the native and the "target" language and by the learner's conscious attempts to apply grammatical rules. Elaine Tarone's account offers both theoretical and practical guidance in this crucial area.
Grammatical Replication and Borrowability in Language Contact Crown
This volume brings together papers on a wide spectrum of topics within the broad area of language acquisition, stressing the interconnections between applied and theoretical linguistics, as well as language research methodology. These contributions in honor of Professor Jan Majer have been grouped in two sections: language

learning, and discourse and communication. The former discusses issues varying from aspects of first, second, and third language acquisition, individual learner differences (i.e. gender, attitudes, learning strategies), and second language research methodology to the analysis of features of learner spoken language, the role of feedback in foreign language instruction, and the position of culture in EFL textbooks. The second part of the volume offers a theoretical counterbalance to the applied nature of the first one. Here, the contributions touch upon spoken and written language analysis, language awareness, and aspects of the English language; also, selected issues of language philosophy are discussed. The wide range of topics covered in the publication, authored by specialists in their respective areas, reflects Professor Majer ' s academic interests and corresponds to the complex nature of the general field the volume aims to portray.
Pronunciation Games Springer Nature
A new course with a strong focus on student motivation and communicative outcomes. The package includes DVDs and interactive whiteboard resources.
Asian Englishes Cambridge University Press
This book is a comprehensive introduction to the study of language contact and its outcomes, as well as the social and linguistic factors involved. Provides a comprehensive introduction to the field of contact linguistics. Examines a wide range of language contact phenomena from both general linguistic and sociolinguistic perspectives. Offers an account of current approaches to all of the major types of contact-induced change. Discusses the general processes and principles that are at work in cases of contact.
English Result Cambridge University Press
An elegant demolition of the supermarket miracle, this title charts the impact that supermarkets have had on every aspect of our lives and culture.
Roses are for the Rich English Result: Intermediate Student Book
Jane Austen's Emma, transported to the outrageous social melee of 21st-century Lahore. Our plucky heroine's cousin, Jonkers, has been dumped by his low-class, slutty secretary, and our heroine has been charged with finding him a suitable wife -- a rich, fair, beautiful, old-family type. Quickly. But, between you, me and the four walls, who wants to marry poor, plain, hapless Jonkers? As our heroine social-climbs her way through weddings-sheddings, GTs (get togethers, of course) and ladies' lunches trying to find a suitable girl from the right bagground, she discovers to her dismay that her cousin has his own ideas about his perfect mate. And secretly, she may even agree. Full of wit and wickedness and as clever as its heroine is clueless, Duty Free is a delightful romp through Pakistani high society -- though, even as it makes you cry with laughter, it makes you wince at the gulf between our heroine's glitteringly shallow life and the country that is falling apart, day by day, around her Louboutin-clad feet. Moni Mohsin, already a huge bestseller in India, has been hailed as a modern-day Jane Austen, and compared to Nancy Mitford and Helen Fielding. Duty Free is social satire at its biting best.
English Result Signet Book
An innovative three-level writing course for young learners.
