Heaven is for real,
and you are going
to like it! Colton
Burpo came back
from his trip to
heaven with a very
important message:
Jesus really,

really loves
children. In an
effort to reach
even more families
with this eternally
significant story,
this runaway
bestseller is now
told from Colton-
kid to kids!
Children will
receive the same
comfort and
assurance that so
many adults have
received from the
trade book.
Beautifully

illustrated under Colton's direction, he shares his experiences in first person and comments on things that will be important to kids. A letter to parents is included to guide them as they talk to their children about heaven. Scripture along with a Q&A section with answers from the Bible are also

included in the book. New Headway, Elementary OUP Oxford New Headway iTools makes it easy to use interactive whiteboards and digital technology with Headway. Everything about these resources is user-friendly and supportive - and here's why. First, you don't need any special equipment. Just use what you already have in the school - an interactive whiteboard, a computer, a data projector, an ebeam. New Headway iTools works on all of these, and it doesn't matter

which brand of whiteboard you have. Second, you get a full-colour Teacher's Guide in the pack. This shows you when and how to use the activities in the lesson, and includes whiteboard tips so you're never without support. The Guide also appears on the disc, for easy access during the lesson. New Headway iTools saves you time, too. How? Pre-selection ... the activities on the disc are pre-selected from the Student's Book. This means you don't need to go through the book deciding which activities are most suitable for the interactive whiteboard - they've already

been researched and chosen for that very reason. Just go ahead and use them in class, with confidence.

Into the Classroom is a series of short, practical guides that help teachers who work in the primary and secondary school setting to make sense of new teaching tools, techniques, and educational policy, with ideas for implementing them in the classroom. Mobile Learning provides clear guidance and essential support for teachers who want to use mobile devices in and outside the language classroom. Full of practical ideas and activities, it emphasizes the power of the mobile device as a tool for language learning.

Mobile Learning: • helps teachers get started with using mobile devices and apps in class. • shows how to make the most of in-built features, such as messaging, photos, and audio recording. • introduces more advanced project ideas, including digital storytelling, video and animation, multimodal approaches, and augmented reality. • addresses issues such as acceptable use policies and staying safe. • provides teachers with dozens of practical ideas and activities they can immediately incorporate into their teaching. Shaun

Wilden is a teacher, teacher trainer, and materials writer who has been helping teachers integrate technology into their teaching for over a decade. His main areas of interest are mobile devices, online teaching, and creating podcasts.
