Emotion "One can make any emotion into a creative force in one's life." - Sadhguru  
It's not just poetic license that allows us to refer to emotions as "juicy". In a literal sense also, emotions are a chemical cocktail that course through our bodies. But while we have no problems with pleasant emotions, unpleasant emotions are the source of much angst in our lives. In *Emotion: The Juice of Life*, Sadhguru looks at the gamut of human emotions and how to turn them into stepping stones rather than stumbling blocks.  
Relationships "If you enhance yourself into a very beautiful state, everyone will want to hold a relationship with you." - Sadhguru  
Human beings constantly make and break relationships. Unfortunately, relationships can make and break human beings too. Why are relationships such a circus for most of us? What is this primal urge within us that demands a bond - physical, mental, or emotional - with another? And how do we keep this bond from turning into bondage? These are the fundamental questions that *Relationships: Bond or Bondage* looks at as Sadhguru shares with us the keys to forming lasting and joyful relationships, whether they

are with husband or wife, family and friends, at work, or with the very existence itself. Sadhguru is a yogi and profound mystic of our times. An absolute clarity of perception places him in a unique space in not only matters spiritual but in business, environmental and international affairs, and opens a new door on all that he touches.

New Headway: Advanced: Workbook (with Key) Oxford University

Providing a foundation in the structure of the language by gradually building students' understanding of the basic grammar, vocabulary, and functions of English.

Intermediate. Workbook with key OUP Oxford

This book employs the realm of English Language Teaching (ELT) as a discursive point of departure to explore how individuals, groups, entities and institutions apprehend, embrace, deal with, manipulate, problematize and resist global flows of people, ideas, information, goods, and technology. It apprehends and attends to tensions arising from the fluidly local-global construction and negotiation of borders of identity and interaction within a diverse array of contexts and English education therein. These tensions, whether conceptual or pedagogical, may arise in and through governmental and institutional policymaking, teacher training, or curriculum and materials development, and in the learning experience both within and beyond the classroom, as teachers and students engage with course content and each other.
