History of Windham County, Connecticut: 1600-1760 Akashic Books

This is the book that made its author Henry George suddenly famous. From the year 1879 to the present the doctrines of 'Progress and Poverty' have been familiar to all who are interested in social problems. The book has been read by many to whom Political Economy is still 'the dismal science', and it has been circulated in cheap editions by the thousand among the classes to which it holds out such an alluring prospect. 'Progress and Poverty' has become a classic in labor literature. Its doctrines have been accepted not only by many who see in them a means of personal rescue from distress and want, but by many others who are convinced by the reasoning of the author.

Clergymen, in the Catholic as well as in the Protestant church, have become Mr. George's disciples, and business and professional men have gladly sat at his feet.

The World Book Encyclopedia Penerbit NEM

Describes how patterns of information, knowledge, and cultural production are changing. The author shows that the way information and knowledge are made available can either limit or enlarge the ways people create and express themselves. He describes the range of legal and policy choices that confront.

Valuation Handbook - U.S. Guide to Cost of Capital Simon and Schuster

Enduring Success addresses a key question in business today: How can

companies succeed over time? To learn the source of enduring greatness, author Christian Stadler directed a team of eight researchers in a six-year study of some of Europe's oldest and most stellar companies, targeting nine that have survived for more than 100 years and have significantly outperformed the market over the past fifty years. Readers may wonder, "Why European companies?" Yet, Europe is the ideal place to seek the key to long-term success; half of the Fortune Global 500 companies that are 100 years old or older can be found in Europe, as can 72 of the 100 oldest family businesses in the world. Fifteen years after Collins and Porras' *Built to Last*, this new book incorporates fresh insights from management science and provides the first

non-US perspective on long-range success. Through Stadler's study, a counterintuitive story emerges: the greatest companies adapt to a constantly changing environment by being intelligently conservative. *Enduring Success* provides a coherent framework, grounded in five principles and practical concepts, for business leaders who are prepared to learn from the history of some of the world's greatest institutions. Please visit the author's YouTube channel www.youtube.com/user/StadlerChristian for more discussion of the book.

Popular Mechanics Penguin
Haiti has had a tragic history and continues to be one of the most destitute places on the planet, especially in the aftermath of the devastating 2010 earthquake. Here, however, editor Edwidge Danticat reveals that even while the subject matter remains dark, the

calibre of Haitian writing is of the highest order. Features stories by Edwidge Danticat, Madison Smartt Bell, Gary Victor, Jessica Fievre, Marilene Phipps, Marie Ketsia Theodore-Pharel, Katie Ulysse, Yanick Lahens, Evelyne Trouillot, Kettly Mars, Rodney Saint-Eloi and many more.

Don't Ask Me Where I'm From Pearson UK

The inspiration for the film starring Tilda Swinton and John C. Reilly, this resonant story of a mother's unsettling quest to understand her teenage son's deadly violence, her own ambivalence toward motherhood, and the explosive link between them remains terrifyingly prescient. Eva never really wanted to be a mother. And certainly not the mother of a boy who murdered seven of his fellow high school students, a cafeteria worker, and a

much-adored teacher in a school shooting two days before his sixteenth birthday. Neither nature nor nurture exclusively shapes a child's character. But Eva was always uneasy with the sacrifices and social demotion of motherhood. Did her internalized dislike for her own son shape him into the killer he's become? How much is her fault? Now, two years later, it is time for her to come to terms with Kevin's horrific rampage, all in a series of startlingly direct correspondences with her estranged husband, Franklin. A piercing, unforgettable, and penetrating exploration of violence and responsibility, a book that the Boston Globe describes as "impossible to put down," is a stunning examination of how tragedy affects a town, a marriage, and a family.

How can Americans make our country stronger, kinder, smarter? By marshaling our enviable can-do ethic and learning another language. We can do it, no matter what our age: author Steve Leveen chose Spanish as his adopted language in midlife. America's Bilingual Century is filled with tips for learning a language, some mechanical--like changing your phone and laptop settings to your adopted language--and some philosophical. For instance, start by having a place in your life where you'll use the language, Steve says. The "where" makes the "how" more attainable. And recognize that, as with any adoption, you do it for love, and for life--so don't fret when you're not fluent in five months. If you have kids, start them young. You'll be glad you did when you read about the explosive growth of dual language schools across the country and the significant, measurable advantages they

give our young people. Steve also takes us to the top summer language immersion camps, for both children and adults. And he shares his findings from leading language scholars, teachers, sociolinguists, app creators, and bilinguals of all stripes that he discovered during his dozen years of research. Then he topples 12 myths about Americans and languages that no longer hold in this century. Like thinking the whole world speaks English (it doesn't), that being monolingual is natural (it isn't), and that Americans suck at language (quite the opposite, as he demonstrates). Here and now in the 21st century, America is embracing its many ethnic and cultural heritages. How natural, then, that we enfold the many languages that these heritages thrive on as part of that quintessentially American pursuit of happiness. If you've never thought of bilingualism as being a patriotic act, America's Bilingual Century may persuade you otherwise.

Knowing a second language changes the way we perceive the world, and the way the world perceives us. "English is what unites us," Steve says. "Our other languages are what define and strengthen us." And even if becoming bilingual leans more toward aspiration than arrival, that's okay. The journey is as rewarding as the destination.

The Wealth of Networks Yale University Press

Society darling Persephone Dimitriou wants nothing to do with her mother's ambitions. She's biding her time until she's able to leave the ultra-modern city of Olympus and start her doctorate degree. The one thing she never planned on? Her mother ambushing her with an engagement to Zeus--a man with more than a few dead wives in his

past. Persephone will do anything to escape that fate...even flee the sparkling upper city and make a devil's bargain with a man she once believed was a myth. Hades has spent his life in the shadows, and he has no intention of stepping into the light. Not even for the woman who flees into his territory as if the very hounds of hell are on her heels. But when he finds that Persephone can offer a little slice of the revenge he's spent his entire life craving? It's all the excuse he needs to agree to help her--for a price. She'll be his for the summer, and then he'll see her safely out of Olympus and away from her mother and Zeus. Hades and Persephone's deal might seem simple

enough, but they both quickly realize it's anything but. With every breathless night spent with Hades, Persephone wonders at her ability to leave him behind. And Hades? Now that he has a taste for Persephone, he's willing to go to war with Olympus itself to keep her... Gateway Heritage Jazzybee Verlag Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle. *The Popol Vuh* Vibrant Publishers

Munculnya pandemi Covid-19 membuat seluruh dunia mau tak mau harus mampu menghadapi tantangan, termasuk bagian pemasaran dan keuangan. Namun, hal ini tidak serta-merta terjadi begitu saja. Di Indonesia, masa penuh tantangan sudah dimulai sejak tahun 1998. Tidak hanya kondisi ekonomi, namun sosial politik juga berhasil mengganggu pertumbuhan bisnis di negara ini. Tekanan mata uang asing yang sangat kuat membuat nilai tukar rupiah terdepresiasi tidak karuan. Belum lagi sektor swasta dengan potensi masalah cukup besar. Banyak di antara perusahaan tersebut yang memperoleh pinjaman dari luar negeri jangka pendek yang tidak dilindungi ancaman gejolak nilai tukar dolar. Tak sedikit pula perusahaan swasta berhasil meraup untung dengan

memborong dolar Amerika, lalu menjual saat momennya pas. Krisis boleh saja terjadi, namun akan selalu ada peluang di balik momen ini. Seperti ungkapan Tiongkok yang menyebutkan bahwa selalu ada dua sisi di balik kondisi yang tengah berbahaya. Sisi pertama adalah bahaya. Sisi kedua adalah peluang. Misal, Martha Tilaar, mengeluarkan dua warna lipstick untuk menjawab Anxiety and Desire para perempuan Indonesia yang ingin cantik namun dana terbatas. Telkomsel dengan konsep kartu pre-paid, dan banyak lainnya. Peluang inilah yang nantinya membangkitkan kembali ekonomi Indonesia. Pemasar di Indonesia harus mampu melewati berbagai tantangan yang menghadang, termasuk munculnya pandemi Covid-19. Tidak boleh hanya

sekadar bertahan, namun harus menciptakan strategi sebagai salah satu siasat menghadapi segala tantangan, kemudian mampu berkembang lebih besar dari sebelumnya.

Comfort Simon and Schuster

****A New York Times Bestseller!**** Based on the wildly popular Instagram account, Subpar Parks features both the greatest hits and brand-new content, all celebrating the incredible beauty and variety of America's national parks juxtaposed with the clueless and hilarious one-star reviews posted by visitors. Subpar Parks, both on the popular Instagram page and in this humorous, informative, and collectible book, combines two things that seem like they might not work together yet somehow harmonize perfectly: beautiful illustrations and informative, amusing text celebrating each national park paired with

the one-star reviews disappointed tourists have left online. Millions of visitors each year enjoy Glacier National Park, but for one visitor, it was simply "Too cold for me!" Another saw the mind-boggling vistas of Bryce Canyon as "Too spiky!" Never mind the person who visited the thermal pools at Yellowstone National Park and left thinking, "Save yourself some money, boil some water at home." Featuring more than 50 percent new material, the book will include more depth and insight into the most popular parks, such as Yosemite, Yellowstone, the Grand Canyon, and Acadia National Parks; anecdotes and tips from rangers; and much more about author Amber Share's personal love and connection to the outdoors. Equal parts humor and love for the national parks and the great outdoors, it's the perfect gift for anyone who loves to spend time outside as well as have a good read (and laugh) once they come indoors.

The Future of Digital Data, Heritage and Curation PublicAffairs

A native of Bombay, Suketu Mehta gives us an insider's view of this stunning metropolis. He approaches the city from unexpected angles, taking us into the criminal underworld of rival Muslim and Hindu gangs, following the life of a bar dancer raised amid poverty and abuse, opening the door into the inner sanctums of Bollywood, and delving into the stories of the countless villagers who come in search of a better life and end up living on the sidewalks. As each individual story unfolds, Mehta also recounts his own efforts to make a home in Bombay after more than twenty years abroad. Candid, impassioned,

funny, and heartrending, Maximum City is a revelation of an ancient and ever-changing world.

We Need to Talk About Kevin Cambridge University Press

and Schuster

Thirteen strangers stranded in an Asian airport spin tales that “outdo Arabian Nights for inventiveness” in this debut novel (The Guardian). Thirteen passengers are stranded at an airport. Tokyo, their destination, is covered in snow and all flights are cancelled. To pass the night they huddle by the baggage carousels and tell each other stories. So begins *Tokyo Cancelled*, a unique literary adventure that combines a modern landscape with a timeless, fairy-tale ethos. In his delightful debut,

Dasgupta brings to life a cast of extraordinary individuals—some lost, some confused, some happy—in a world that remains ineffable, inexplicable, and wonderful. A Ukrainian merchant is led by a wingless bird back to a lost lover; Robert De Niro’s son masters the transubstantiation of matter and turns it against his enemies; a man who manipulates other people’s memories has to confront his own past; a Japanese entrepreneur risks everything in his obsession with a doll; a mute Turkish girl has a strange encounter with a German man who is mapping the world. Told by people on a journey, these stories “tackle themes of transit, dislocation and uprootedness” in a

“sprawling, experimental project achieves an exotic luster” (Publishers Weekly).

Tokyo Cancelled Random House

From the New York Times bestselling author of *The End of Faith*, a thought-provoking, “brilliant and witty” (Oliver Sacks) look at the notion of free will—and the implications that it is an illusion. A belief in free will touches nearly everything that human beings value. It is difficult to think about law, politics, religion, public policy, intimate relationships, morality—as well as feelings of remorse or personal achievement—without first imagining that every person is the true source of his or her thoughts and actions. And yet the facts tell us that free will is an illusion. In this enlightening book, Sam Harris argues that this truth about the human mind does not undermine morality or diminish the importance

of social and political freedom, but it can and should change the way we think about some of the most important questions in life.
