Solutions Pre-Intermediate: Teacher's Book  
Longman

The book concerns the ways in which the new media shape communication along with educational expectations and practices in foreign language classrooms. Although foreign language learners have cheap and easy access to information and ways of communication, they also wrestle with problems that have always accompanied language learning. The focus of the book is two-fold. On the one hand, the authors demonstrate how using social networks, videoconferencing, mobile phones, wikis, and computer-mediated interaction contributes to the development of language skills, negotiated interaction, autonomy, and intercultural competence. On the other, they discuss “ old ” issues pertaining to the role of vocabulary, corrective feedback, textbooks and inner speech in the process of language

learning and use. Every chapter reports original empirical research on issues related to the new media and old problems in foreign language teaching contexts in various countries, and with respect to various age groups.

New English File

A teenage time traveler accidentally takes her secret crush back in time. Awkward. (12+) Casey Donovan has issues: hair, height and uncontrollable trips to the 19th century! And now this --she's accidentally taken Nate Mackenzie, the cutest boy in the school, back in time. Awkward. Protocol pressures her to tell their 1860 hosts that he is her brother and when Casey finds she has a handsome, wealthy (and unwanted) suitor, something changes in Nate. Are those romantic sparks or is it just "brotherly" protectiveness? When they return to the present, things go back to the way they were before: Casey parked on the bottom of the rung of the social ladder and Nate perched high on the very top. Except this time her heart is broken. Plus, her best friend is mad, her parents are split up, and her younger brother gets escorted home by the police. The only thing that could make life worse is if, by some strange twist of fate, she took Nate back to the past again. Which of course, she does.
