### On the Move Max's Moving Adventure

Once in a while, a book comes along that changes how you think, feel, and act every day. In *Eat Move Sleep*, #1 New York Times bestselling author Tom Rath delivers a book that will improve your health for years to come. While Tom's bestsellers on strengths and well-being have already inspired more than 5 million people in the last decade, *Eat Move Sleep* reveals his greatest passion and expertise. Quietly managing a serious illness for more than 20 years, Tom has assembled a wide range of information on the impact of eating, moving, and sleeping. Written in his classic conversational style, *Eat Move Sleep* features the most proven and practical ideas from his research. This remarkably quick read offers advice that is comprehensive yet simple and often counterintuitive but always credible. *Eat Move Sleep* will help you make good decisions automatic — in all three of these interconnected areas. With every bite you take, you will make better choices. You will move a lot more than you do today. And you will sleep better than you have in years. More than a book, *Eat Move Sleep* is a new way to live.

Connectography John Wiley & Sons

Audisee® eBooks with Audio combine professional narration and sentence highlighting to engage reluctant readers! When eight-and-a-half-year-old Mallory McDonald's parents tell her that they are moving, she's mad—really mad! It's not fair! How can they make her move away from Mary Ann, her best friend in the whole wide world? Who will she paint her toenails with, tell secrets to, and make scrapbooks with? When Mallory arrives at her new house on Wish Pond Road, things are terrible. Her room is too small and the girl next door is mean. But Joey lives next door, too. Even though he doesn't paint his toes, he tells jokes, helps teach her cat to do tricks, and shows her how to skateboard. Mallory's having so much fun she forgets the pact she made with Mary Ann never to make friends with a boy next door. But, when Mary Ann comes to visit, what will Mallory do? Will she have to choose between her best friend and her new friend?

The Move Arbordale Publishing

From the visionary bestselling author of *The Second World and How to Run the World* comes a bracing and authoritative guide to a future shaped less by national borders than by global supply chains, a world in which the most connected powers—and people—will win. Connectivity is the most revolutionary force of the twenty-first century. Mankind is reengineering the planet, investing up to ten trillion dollars per year in transportation, energy, and communications infrastructure linking the world's burgeoning megacities together. This has profound consequences for geopolitics, economics, demographics, the environment, and social identity. Connectivity, not geography, is our destiny. In *Connectography*, visionary strategist Parag Khanna travels from Ukraine to Iran, Mongolia to North Korea, Pakistan to Nigeria, and across the Arctic Circle and the South China Sea to explain the rapid and unprecedented changes affecting every part of the planet. He shows how militaries are deployed to protect supply chains as much as borders, and how nations are less at war over territory than engaged in tugs-of-war over pipelines, railways, shipping lanes, and Internet cables. The new arms race is to connect to the most markets—a race China is now winning, having launched a wave of infrastructure investments to unite Eurasia around its new Silk Roads. The United States can only regain ground by fusing with its neighbors into a super-continental North American Union of shared resources and prosperity. *Connectography* offers a unique and hopeful vision for the future. Khanna argues that new energy discoveries and technologies have eliminated the need for resource wars; ambitious transport corridors and power grids are unscrambling Africa's fraught colonial borders; even the Arab world is evolving a more peaceful map as it builds resource and trade routes across its war-torn landscape. At the same time, thriving hubs such as Singapore and Dubai are injecting dynamism into young and heavily populated regions, cyber-communities empower commerce across vast distances, and the world's ballooning financial assets are being wisely invested into building an inclusive global society. Beneath the chaos of a world that appears to be falling apart is a new foundation of connectivity pulling it together. Praise for *Connectography* "Incredible . . . With the world rapidly changing and urbanizing, [Khanna's] proposals might be the best way to confront a radically different future."—*The Washington Post* "Clear and coherent . . . a well-researched account of how companies are weaving ever more complicated supply chains that pull the world together even as they squeeze out inefficiencies. . . . [He] has succeeded in demonstrating that the forces of globalization are winning."—Adrian Woolridge, *The Wall Street Journal* "Bold . . . With an eye for vivid details, Khanna has . . . produced an engaging geopolitical travelogue."—*Foreign Affairs* "For those who fear that the world is becoming too inward-looking, *Connectography* is a refreshing, optimistic vision."—*The Economist* "Connectivity has become a basic human right, and gives everyone on the planet the opportunity to provide for their family and contribute to our shared future. *Connectography* charts the future of this connected world."—Marc Andreessen, general partner, Andreessen Horowitz "Khanna's scholarship and foresight are world-class. A must-read for the next president."—Chuck Hagel, former U.S. secretary of defense This title has complex layouts that may take longer to download.

*Music on the Move* Missionday, LLC

This Special Issue of *Children* will focus on the migration arc of children from their country of origin through the experience in refugee camps and, finally, to their arrival in a new home. It will examine the impact experiencing migration as refugees, immigrants or those internally displaced due to war and conflict has on children's health. Explored topics include adverse health conditions, trauma and mental health, best practice and care coordination. It explores specific populations, such as children with disabilities, unaccompanied minors and child separation at international borders. This Special Issue also includes an examination of new clinical guidelines, the development of new care systems and advocacy for new policies. It also provides a summary of the UN Convention on the Rights of the Child's specific mandate to provide for the most vulnerable children in need.

Children on the Move Lost Tribes

"When Ben is given a challenge to beat a unique computer game, he can then join his globe-trotting uncle on the adventure of a lifetime. Ben, his sister April, friends Grace, Carlos and Serise team up to help him. These five friends could never imagine their ordinary parents are scientists on a secret mission. When their parents go missing, they are forced into unfathomable circumstances and learn of a history that's best left unknown. Now they must race against time in search for artifacts that are thousands of years old . . . artifacts that hold the fate of the universe in balance. As the chaos unfolds, they're forced to decipher clues, avoid traps, solve puzzles, crack codes and anticipate their next moves."—Jacket.

Trust your gut, take care of yourself, and find new life on the other side with this empowering guide to

divorce for moms. We hear about it all the time on the news. The divorce rates are rising. More children are being raised in split up homes. But you didn't think it would happen to you. Luckily, you're not alone. Popular divorce coach Michelle Dempsey-Multack not only survived her own divorce, but figured out how to move on with her life, just like you will, too. Now happily remarried with a blended family, she's living proof that no matter which "firsts" you might be experiencing as you end your marriage, and no matter how long you stayed with someone who didn't meet your needs, your best days are ahead. *Mom's Moving On* is filled with practical, actionable, and empowering advice from someone who has been through it and has come out the other side. Through Michelle's guidance, you'll learn how to navigate your divorce with confidence, adjust to life as a single mother, and shift your perspective to find your way back to your best self. From coparenting to dating as a single mother, you'll learn how to truly move on and create the life you deserve.

**Move!** Free Spirit Publishing

An eye-opening journey into the power of human movement and how we can harness it to optimize our brain health, boost our mood and improve every aspect our lives For our earliest ancestors who hunted and gathered, movement meant survival. Our brains evolved to reward physical activity. Moving, thinking and feeling have always been inextricably linked. Yet what happens when we stop moving? Today, on average, we spend around 70% of our lives sitting or lying completely still. Our sedentary lifestyle—desk jobs, long commutes and lots of screen time—is not only bad for our bodies. It can also result in anxiety, depression and a lower overall IQ. But there's good news. Even the simplest movements can reactivate our bodies and open up a hotline to our minds, improving our overall well-being and longevity. And we don't have to spend countless hours in the gym. In fact, exercise as we understand it misses the point. Veteran science journalist Caroline Williams explores the cutting-edge research behind brain health and physical activity, interviewing scientists from around the world to completely reframe our relationship to movement. Along the way she reveals easy tricks that we could all use to improve our memory, maximize our creativity, strengthen our emotional literacy and more. A welcome counterpoint to the current mindfulness craze, *Move* offers a more stimulating and productive way of freeing our caged minds to live our best life.

**Move** Bloomsbury Publishing USA

Music is a mobile art. When people move to faraway places, whether by choice or by force, they bring their music along. Music creates a meaningful point of contact for individuals and for groups; it can encourage curiosity and foster understanding; and it can preserve a sense of identity and comfort in an unfamiliar or hostile environment. As music crosses cultural, linguistic, and political boundaries, it continually changes. While human mobility and mediation have always shaped music-making, our current era of digital connectedness introduces new creative opportunities and inspiration even as it extends concerns about issues such as copyright infringement and cultural appropriation. With its innovative multimodal approach, *Music on the Move* invites readers to listen and engage with many different types of music as they read. The text introduces a variety of concepts related to music's travels—with or without its makers—including colonialism, migration, diaspora, mediation, propaganda, copyright, and hybridity. The case studies represent a variety of musical genres and styles, Western and non-Western, concert music, traditional music, and popular music. Highly accessible, jargon-free, and media-rich, *Music on the Move* is suitable for students as well as general-interest readers.

**Move HQ**

Everybody in the pool! It's time to get moving! Pedro, Yulee, Nick, Sally and Martin are excited! Tomorrow their swim team, the Flying Sharks, will be competing in the school meet. Readers follow along as the team has one last practice with their coach at the community pool. Then it's off to the races on the big day! **On the Move** BenBella Books

An expert guide for professionals seeking to understand how to navigate the world of work. Kimberly Brown, author of *Next Move*, *Best Move: Transitioning into a Career You'll Love*, leaves no stone unturned with this thorough, expert guide for professionals seeking to understand how to navigate the world of work, from beginning to end, starting with uncovering personal and professional values in an effort to align their expertise and skills to roles and companies that will finally change the trajectory of their career and set them up to be leaders in the workforce. As a former career development adviser in some of the nation's top universities and a diversity + inclusion professional in a Fortune 100 company, Brown has recognized that people work for the sake of working without understanding how to leverage their unique gifts and position themselves for success. As a result, *Next Move*, *Best Move: Transitioning into a Career You'll Love* shares transformational lessons to ensure success and puts the ball back in your court. In Brown's highly acclaimed book, a specific, effective framework is unveiled to ensure each reader channels and utilizes their highest potential as they regain control and steer professional opportunities in their favor, gaining key information as to: Taking stock of their experiences to ensure strategic career moves Discovering how to cultivate and maintain fruitful relationships that support career growth Uncovering how to build a two-year career strategy to move you into future leadership positions Gaining a deeper look into personal and professional branding to ensure alignment with leadership capabilities and career goals Learning how to use their voice in the workplace to advocate for themselves

**Tim's Big Move!** First Books

Diana Quincy returns with the newest novel in the *Clandestine Affairs* series with a steamy romance about a half-Arab marquess seeking revenge on—and falling for—London's most famous mapmaker. The new footman doesn't seem to know his place... London's most renowned mapmaker is a woman...but nobody knows it. If anyone discovers that Rose Fleming is the power and talent behind the family business, the scandal could ruin them. Rose's secret is tested by the arrival of a handsome new footman who shows far too much interest in his new mistress. Rose battles an intense attraction to the enigmatic servant, but maintaining a proper distance isn't easy when you and temptation live under the same roof. She makes him forget he has a score to settle... Few have met the reclusive half-Arab Marquess of Brandon, who is rumored to live with a harem of beauties among his mother's people near Jerusalem. Brandon couldn't care less what society thinks of him, or that his fellow peers are disdainful of his common blood, but he won't stand for being robbed. That's why he's disguised himself as a

footman in the home of a respected mapmaker who cheated Brandon out of his land. But the nobleman's plans for retribution are complicated by his growing attraction for the secretive lady of the house. When Brandon uncovers the shocking truth about Rose's role in his stolen birthright, can a love born of deception really conquer all?

**We Move Together** John Wiley & Sons

**Many Ways to Move** HarperCollins

Grow your account list with an effective account-based marketing strategy Buyers have changed the B2B marketing game. Account-Based Marketing For Dummies is here to give you the tools to transform your current approach to find, reach, and engage with your potential customers on their terms to meet their ever-changing demands. Packed with expert tips and step-by-step instructions, this book shows you how to analyze current data to identify the accounts with the biggest ROI opportunities and execute effective, account-specific techniques that get results. This practical guide takes the intimidation out of account-based marketing in today's highly digitized world. You'll be armed with the knowledge you need to increase your reach in real time, giving you greater exposure to other decision-makers and influencers within an account. You'll discover how, through a combination of marketing technology and online advertising, your messages can be displayed where and when your customers already engage online. Align your sales and marketing teams for greater success in your ABM efforts Analyze data to identify key accounts Target your messages for real-time interaction Integrate your campaign with marketing automation software If you're a member of a sales or marketing team already using a CRM tool who's looking to increase your reach, Account-Based Marketing For Dummies has you covered! "Account-Based Marketing For Dummies clears away the confusion surrounding this much-hyped topic. It offers simple, direct explanations of what account-based marketing is, why it's important, and how to do it. Any business marketing professional will benefit from a look at this book." —David Raab, Founder at Raab Associates "If you're reading this book and just getting started with ABM, welcome to the future of what b-to-b marketing can be: insight-led, technology-enabled and, above all, customer focused. Our clients are delighted with the business impact they deliver using account-based marketing, and you will be, too." —Megan Heuer, Vice President and Group Director, SiriusDecisions "Like a Hollywood agent, marketing's job is to get sales the 'audition,' not the part. Account-based marketing is the key to maximizing the number of the 'right' auditions for your sales team, and Account-Based Marketing For Dummies explains how." —Joe Chernov, VP of Marketing at InsightSquared "Ever-advancing marketing technology is enabling a new generation of sales and marketing strategies to thrive, changing the playing field for companies of all sizes. This modern wave of account-based marketing has tremendous potential to improve your business, and Sangram Vajre is an insightful and enthusiastic guide to show you how." —Scott Brinker, Author of Hacking Marketing "Account-based marketing is shifting how businesses use customer insights to capture more upmarket revenue. This book teaches a new wave of data-driven marketers how to embrace an enlightened quality-vs-quantity approach and execute a scalable ABM strategy that delivers real results." —Sean Zinsmeister, Senior Director of Product Marketing, Infer "The book may be titled '...for dummies', but ABM is proving to be a smart approach for B2B marketers charged with generating sales pipeline and acquiring and delighting customers. Use this book to help you get started and advance your account-based marketing strategies and tactics that will thrill your sales colleagues, executive team and customers alike." —Scott Vaughan, CMO, Integrate

**Push Turn Move** AK Press

A bold and colorful exploration of all the ways that people navigate through the spaces around them and a celebration of the relationships we build along the way. We Move Together follows a mixed-ability group of kids as they creatively negotiate everyday barriers and find joy and connection in disability culture and community. A perfect tool for families, schools, and libraries to facilitate conversations about disability, accessibility, social justice and community building. Includes a kid-friendly glossary (for ages 3–10). This fully accessible ebook includes alt-text for image descriptions, a read aloud function, and a zoom-in function that allows readers to magnify the illustrations and be able to move around the page in zoom-in mode.

**Just Move!** Familius

Simple phrases and photographs show the ways that babies travel in different parts of the world, including baskets, blankets, sleds, and car seats.

**Bruce's Big Move** Millbrook Press

A gorgeous, lyrical exploration of how seeds travel from plant to plant, take root, and grow. When you think of a plant, you don't think of how it moves. But the feathery seeds of the dandelion fly to other gardens, strawberry tendrils creep, and maple seeds spin. There are many different ways plants move, not only as they grow, but in their quest to reproduce: falling, clinging, floating, burrowing--even exploding! Fourteen plant journeys are chronicled, but more than sixty species are highlighted in Émilie Vast's fantastic and unique art style. Learn the scientific names for the different ways plants move.
