Reading German is a structured reading course designed to take a wide variety of users to an independent reading of authentic German texts. It is ideally suited for courses in colleges and universities, for students or specialists in any discipline, and for independent learners. Drawing on recent research into reading in a foreign language, the course chapters focus on the recognition and decoding of progressively complex written structures, before rehearsing a variety of strategies (such as skimming and scanning) for negotiating longer and more complex texts. The book has four sections: a 16-chapter reading course an extensive reference section containing a specially-designed grammar of written German a further exercises section, for further work on recognizing structures a text corpus containing 23 texts of various types, with facing English translations. Grammatical points explained in the reference section are frequently illustrated using examples located in the text corpus. The only other resource the user will need is a bilingual dictionary. Advice on how to use a dictionary is contained in the reference section.

Torn by tragedy from his early life on a remote farm in Tasmania, Alex Dove has returned years later to start over. A chance encounter with quiet, alluring Merridy Bowman—a young woman similarly haunted by a tangled and catastrophic history—results in marriage, as two damaged souls unite to build a home, family, and livelihood far removed from civilization's bustle. Soon they are drawn into the unpredictable dynamics of small-town island life—and into the destructive orbit of an unscrupulous real estate agent who maintains a secret hold over both Doves. But when a shipwreck off the shore thrusts a troubled, possibly criminal teenage castaway into their world, Alex and Merridy's tenuously forged happiness is suddenly at grave risk, as they are forced to confront deeper questions about the true meaning of fulfillment.

Leave time for wonder. Walt Whitman's "When I Heard the Learn'd Astronomer" is an enduring celebration of the imagination. Here, Whitman's wise words are beautifully recast by New York Times #1 best-selling illustrator Loren Long to tell the story of a boy's fascination with the heavens. Toy rocket in hand, the boy finds himself in a crowded, stuffy lecture hall. At first he is amazed by the charts and the figures. But when he finds himself overwhelmed by the pontifications of an academic, he retreats to the great outdoors and does something as universal as the stars themselves... he dreams.
