There is a certain joy in newborn photography

that is unlike any other. It's the baby's first professional photograph, the expressions are uncontrolled, and the bliss of the photograph comes purely from capturing the innocence and cuteness of a baby. And they are really cute, aren't they? However, it is not easy to photograph a newborn.

InJoy Health Education
Time with your newborn is precious. You're tired and adjusting to having a tiny new person to care for. Newborn sessions are typically photographed in the home and take place when baby is 5-10 days old. This way you and your family can be comfortable and we can take our time (because babies don't like to cooperate).
