Rather than enjoying a good PDF taking into consideration a cup of coffee in the afternoon, on the other hand they juggled subsequently some harmful virus inside their computer. Newspaper Article About Gun Control is nearby in our digital library an online right of entry to it is set as public correspondingly you can download it instantly. Our digital library saves in complex countries, allowing you to acquire the most less latency era to download any of our books following this one. Merely said, the Newspaper Article About Gun Control is universally compatible subsequently any devices to read.

**The Promise** New Press, The Presents articles on both sides of the gun control issue, discussing such topics as constitutionality, the effectiveness of guns as a means of self-defense, and reducing gun-related violence. Guns, Gun Control, and Elections Marshall Cavendish

Ours is a nation in the grip of a strange kind of mania. Why after President Reagan was shot was there virtually no handgun legislation? Why after the Columbine massacre in Littleton, Colorado, was nothing done to regulate the tools that children most frequently use to kill one another? Why was there no legislative response after a six-year-old in Flint,

Michigan, shot a classmate with a .32 caliber "pocket rocket"? Tragedy follows tragedy, with twelve children shot dead every day in America, but guns remain less regulated than automobiles. Why? As authors Peter Harry Brown and Daniel G. Abel in this powerful book demonstrate, it is because of the terrible power of the gun coalition. Outgunned begins with the story of Wendell Gauthier, the "master of disaster" attorney, who brought down the tobacco industry to the tune of billions and then turned his attention to guns. He struck fear into the hearts of the gun manufacturers as he set out to make gunmakers bear some liability for the killings caused by the often poorly made, inaccurate handguns they marketed to criminals. Coauthor Daniel G. Abel worked for Gauthier, along with other attorneys, as the gun-control campaign gathered momentum. This legal initiative seemed to be about to make history and

change the face of violence in America, but sadly, Wendell Gauthier died of cancer before meaningful gun control could be established. More than thirty class-action suits against gun manufacturers now languish in courtroom paralysis while as many Saturday night specials as ever are being made. What happened? Brown and Abel demonstrate how the pro-gun forces once again curbed the will of a nation. This book shows the enormous power of the NRA -- how it killed pending legislation in Congress, hijacked the Campaign Act to fund the George W. Bush presidential election victory, and eviscerated the American Shooting Sports Council. That association and the gun manufacturers actually wanted to compromise and agree to new handgun laws, implicitly accepting some liability, but the NRA leadership, with Charlton Heston as their president, crushed them. In

---

Outgunned, Brown and Abel uncover how NRA lobbyists were instrumental in stopping Smith & Wesson in its tracks. They show how the tendrils of the NRA reach into the Christian Alliance and Republican Party, and how men like John McCain have fought back and been undermined. Outgunned reveals how the NRA began dealing with President George W. Bush when he was still governor of Texas -- prodding him into signing a shocking prohibition against the kind of suits Gauthier brought against the gun manufacturers. Outgunned is the story of a legal crusade with up-close accounts of the people who fought every step of the way. For those who believe in the importance of stopping unnecessary bloodshed, this book is essential, powerful, and urgent.

*Guns on the Internet* Twenty-First Century Books Is there a connection between guns and criminal activity in the United States? Through objective overviews, primary sources, and full-color illustrations, this title explores Can Gun Control Reduce

Crime? Could Gun Control Reduce Youth Violence? Does the Constitution Guarantee the Right to Own Guns? Are Some Gun Bans Warranted? Critical Perspectives on Gun Control Oxford University Press GUN CONTROL: INTERNATIONAL VIEWS, PERSPECTIVES AND COMPARISONS extensively explores gun control policies, firearm ownership landscapes, and associated issues across various countries. It begins with an introductory chapter outlining its scope and purpose. Subsequent chapters delve into topics such as gun control policies encompassing crime prevention, public safety, mass shooting reduction, mental health considerations, domestic violence prevention, accidental shooting prevention, national security, illegal firearm trafficking, and maintenance of public order. The book also addresses the definition of guns, civilian firearm use, responsible gun ownership, and the United States' intricate gun ownership landscape, covering laws, regulations, statistics, and the impact of policies on violent crime and mass shootings. Further chapters extend this analysis to other nations, exploring gun control scenarios in Canada, the United Kingdom, Australia, Germany, Switzerland, Japan, Brazil, South Africa, and Russia. Additionally, the book discusses global perspectives on gun ownership variations, the purchase process, and introduces a rating

system for effective gun control policies. The final chapter explores the sociological aspects of sports shooting, covering historical development, cultural influences, community dynamics, inclusivity, economic factors, political aspects, controversies, and the intersection of health and well-being. The inclusion of an index and reference section enhances the book's accessibility and credibility, ultimately presenting a comprehensive examination of diverse aspects within the realm of gun-related subjects.

**Control** Greenhaven Press, Incorporated A physician's "provocative" (Boston Globe) and "timely" (Ibram X. Kendi, New York Times Book Review) account of how right-wing backlash policies have deadly consequences -- even for the white voters they promise to help. In election after election, conservative white Americans have embraced politicians who pledge to make their lives great again. But as physician Jonathan M. Metzler shows in *Dying of Whiteness*, the policies that result actually place white Americans at ever-greater risk of sickness and death. Interviewing a range of everyday Americans, Metzler examines how racial resentment has fueled progun laws in Missouri, resistance to the Affordable Care Act in Tennessee, and cuts to schools and social services in Kansas. He shows these policies' costs: increasing deaths by gun suicide, falling life expectancies, and rising dropout rates. Now updated

---

with a new afterword, *Dying of Whiteness* demonstrates how much white America would benefit by emphasizing cooperation rather than chasing false promises of supremacy. Winner of the Robert F. Kennedy Book Award

*Gun Control* Greenhaven Publishing LLC

Examines the history of gun control, including statistics, legislation, and expert opinions from both sides of the debate.

Gun Control JHU Press

An in-depth analysis of the folklore surrounding gun use and the state of the debate in today's political climate.

**Gun Violence in America**

Grand Central Publishing

On an average day in the United States, guns are used to kill over ninety people and wound about three hundred more; yet such facts are accepted as a natural consequence of supposedly high American rates of violence. *Private Guns, Public Health* reveals the advantages of treating gun violence as a consumer safety and public health problem—an approach that emphasizes prevention over punishment and that has successfully reduced the rates of injury and death from infectious disease, car accidents, and tobacco consumption. Hemenway fair-mindedly and authoritatively outlines a

policy course that would significantly reduce gun-related injury and death, pointing us toward a solution.

*Firearms & Violence in American Life After* Midnight Publishing

Newtown, Connecticut. Aurora, Colorado. Both

have entered our collective memory as sites of unimaginable

heartbreak and mass slaughter perpetrated by lone gunmen. Meanwhile, cities such as Chicago and Washington, D.C.,

are dealing with the painful, everyday reality of record rates of gun-

related deaths. By any account, gun violence in the United States has

reached epidemic proportions. A widely respected activist and policy analyst—as well as a

former gun enthusiast and an ex-member of the National Rifle

Association—Tom Diaz presents a chilling, up-to-date survey of the

changed landscape of gun manufacturing and marketing. *The Last Gun*

explores how the gun industry and the nature of gun violence have

changed, including the disturbing rise in military-

grade gun models. But Diaz also argues that the once formidable gun lobby has become a "paper tiger," marshaling a range

of evidence and case studies to make the case that now is the time for a

renewed political effort to attack gun violence at its source—the guns

themselves. In the aftermath of Newtown, a challenging national

conversation lies ahead.

*The Last Gun* is an indispensable guide to this debate, and essential

reading for anyone who wants to understand how we can finally rid

America's streets, schools, and homes of gun violence and prevent

future Newtowns.

Gun Control Simon and Schuster

Few schisms in American life run as deep or as wide as the divide between gun

rights and gun control advocates where the debate is largely defined

by forceful rhetoric rather than substantive analysis. This text explores the gun-

control options of the most heavily armed democracy in the world.

*The Second Amendment* Xlibris Corporation

"James Densley collects

---

articles from non-profit, independent news organization, The Conversation, to present an important primer on how the U.S. became so saturated with guns and its impact on American life"--  
Four Hundred Years of Gun Control Enslow Publishing, LLC

Gun Control and the Second Amendment covers the history of gun control and the laws' relationships to the Second Amendment, the controversies surrounding what types of gun control are legal and effective, and what gun control and gun violence look like today in the United States and around the world. Aligned to Common Core Standards and correlated to state standards. Essential Library is an imprint of Abdo Publishing, a division of ABDO.

#### Polling Matters

AuthorHouse

Discusses the history of guns and gun control in the United States, relevant laws and legal cases, and the arguments posed by both sides in the debate about how much government control there should be over firearms.

#### Gun Control and the Second Amendment

Routledge

According to a recent report

by the Media Research Center, television news stories calling for stricter gun laws outnumbered newscasts opposing such laws by a ratio of 10 to 1. In other words, we are hearing only one side of the story. No wonder so few people are equipped to debate the issue of guns intelligently. The 7 Myths of Gun Control is a readable, easy-to-use guide for people confused and frustrated by the blizzard of anti-gun propaganda. It details the seven most common arguments used by gun prohibitionists, debunking each one with a wealth of statistical and legal data gleaned from top experts in the field of guns and gun rights. Award-winning journalist and bestselling author Richard Poe distills the pro-gun arguments into readable, bite-sized chunks designed to appeal to a mass audience. The seven myths that Poe exposes are (1) guns increase violent crime, (2) pulling a gun on a criminal endangers you more than the criminal, (3) guns pose a special threat to children, (4) the Second Amendment applies only to militiamen, (5) the Second Amendment is an obsolete relic of the frontier era, (6) we should treat guns the same w

#### **Gun Control Basic Books**

Provides information on both sides of the gun control issue, discussing crime, suicides, accidents, the Constitution, and government regulations.

#### **Guns** Routledge

This work offers wide-ranging coverage of the American gun culture, the history and meaning of Second Amendment, the criminological consequences of guns, the policy-making roles of Congress, the presidency, the bureaucracy, interest groups, public opinion and the political parties.

Gun Control Greenhaven Publishing LLC

Gun violence can be a confusing and scary topic. Anyone who keeps current with the news will know that gun violence occurs in our society nearly every day. This book explores the history of guns as it applies to the Second Amendment and the effects of gun violence on society. Gun control and legislation in the United States on federal, state, and local levels are thoughtfully addressed without taking sides on this controversial issue. Sidebars highlight the NRA, the ongoing debate about gun control legislation, and what today's youth can do to help.

*Gun News Digest* Simon and Schuster

Every day, forty-eight children and teens are shot;

---

of these, seven will die from gun-related violence. Everyone agrees that these statistics are horrific, and yet people disagree about how to reduce gun-related violence. Will more federal control of gun sales help? Or, as others state, will this lead to an uptick in violence among those who obtain guns illegally? This text introduces different perspectives about this important—and timely—issue. Experts, politicians, judges, and everyday people weigh in on this contentious issue, allowing students to analyze gun control from all sides.

**Private Guns, Public Health, New Ed.** Rowman & Littlefield

A controversial TV and radio host presents a passionate case for guns, arguing that gun control isn't really about controlling guns at all; it's about controlling the people. Original.

**Everything You Need to Know About Gun Violence** University of Michigan Press

An urgent look at the relationship between guns, the police, and race. The United States is steeped in guns, gun violence—and gun debates. As arguments

rage on, one issue has largely been overlooked—Americans who support gun control turn to the police as enforcers of their preferred policies, but the police themselves disproportionately support gun rights over gun control. Yet who do the police believe should get gun access? When do they pursue aggressive enforcement of gun laws? And what part does race play in all of this? Policing the Second Amendment unravels the complex relationship between the police, gun violence, and race. Rethinking the terms of the gun debate, Jennifer Carlson shows how the politics of guns cannot be understood—or changed—without considering how the racial politics of crime affect police attitudes about guns. Drawing on local and national newspapers, interviews with close to eighty police chiefs, and a rare look at gun licensing processes, Carlson explores the ways police talk about guns, and how firearms are regulated in different parts of the country. Examining how organizations such as the

National Rifle Association have influenced police perspectives, she describes a troubling paradox of guns today—while color-blind laws grant civilians unprecedented rights to own, carry, and use guns, people of color face an all-too-visible system of gun criminalization. This racialized framework—undergirding who is “a good guy with a gun” versus “a bad guy with a gun”—informs and justifies how police understand and pursue public safety. Policing the Second Amendment demonstrates that the terrain of gun politics must be reevaluated if there is to be any hope of mitigating further tragedies.
