A cannon. A strap. A piece. A biscuit. A burner. A heater. A chopper. A gat. A hammer A tool for RULE Or, you can call it a gun. That ’ s what fifteen-year-old Will has shoved in the back waistband of his jeans. See, his brother Shawn was just murdered. And

Will knows the rules. No crying. No snitching. Revenge. That ’ s where Will ’ s now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother ’ s gun. He gets on the elevator, seventh floor, stoked. He knows who he ’ s after. Or does he? As the elevator stops on the sixth floor, on comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check that the gun is even loaded. And that ’ s when Will sees that one bullet is missing. And the only one who could have fired Shawn ’ s gun was Shawn. Huh. Will didn ’ t know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck ’ s in the elevator? Just as Will ’ s trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from Dead Buck ’ s cigarette. Will doesn ’ t know her, but she knew him.

Knew. When they were eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an END...if Will gets off that elevator.

Told in short, fierce staccato narrative verse, *Long Way Down* is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason Reynolds.

The case drew Bryan into a tangle of conspiracy, political machination, and legal brinksmanship—and transformed his understanding of mercy and justice forever. Just Mercy is at once an unforgettable account of an idealistic, gifted young lawyer ’ s coming of age, a moving window into the lives of those he has defended, and an inspiring argument for compassion in the pursuit of true justice. Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the

reliability of work, establish enforceable standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best

practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

After her mother died, poet Victoria Chang refused to write elegies.

Rather, she distilled her grief during a feverish two weeks by writing scores of poetic obituaries for all she lost in the world. In Obit, Chang writes of "the way memory gets up after someone has died and starts walking." These poems reinvent the form of newspaper obituary to both name what has

died ("civility," "language," "the future," "Mother's blue dress") and the cultural impact of death on the living. Whereas elegy attempts to immortalize the dead, an obituary expresses loss, and the love for the dead becomes a conduit for self-expression. In this unflinching and lyrical book, Chang meets her grief and creates a powerful testament

for the living.
