Defining Conservatism Center Street

The foundation of the book—a ten-point Contract with the Earth—promotes ingenuity over rhetoric as the way forward.

Days of Infamy Simon and Schuster

Major Brooke Grant must track down the double agent who is infiltrating the U.S. government in this international thriller from influential politician Newt Gingrich and Pulitzer Prize finalist Pete Earley. Brooke Grant has been waging war against terrorism since her parents were murdered during 9/11, keenly aware that violence transcends borders. But after a coordinated attack on the president at a Washington power broker's funeral, she realizes that the enemy is closer than she'd ever imagined, hiding in plain sight. The Falcon has gained a weapon no terrorist has ever wielded before: an American-born traitor burrowed inside the U.S. government itself. Major Grant's deadly chess match with the Falcon turns personal when he issues a fatwa against her and those she loves. Can she unmask the traitor and stop the Falcon's most skilled assassin sent to kill her before he strikes? Or will she fall victim to betrayal by a false friend in this gripping story of treachery, courage, and the patriotic fight against evil? In this realistic tale of modern-day treason, a nation fights for its life against an internal threat: a fanatical jihadist who uses liberty as a shield while trying to destroy the civilization created in its image. With decades of knowledge in national security and politics, only Newt Gingrich and Pete Earley could spin such a vivid mix of reality and fiction -- a page-turner that dares readers to guess where the line between the two is crossed.

A Contract with the Earth Center Street

A dedicated young Conservative, Jonathan Krohn presents Conservative philosophy's basic tenets in this remarkably earnest and impeccably reasoned primer. This book, clear and informative, is a history lesson, a manifesto, and a roadmap for the future. Anyone interested in the basic differences between Conservative and Liberal thought will find Krohn's writing at once compelling, informative, intelligent, and--for those who do not agree with him--in some respects controversial.

Why We're Polarized Center Street

The message of this extraordinary election [in November 2010] is clear enough: the American citizenry has rejected the secular dogma, socialist policies, and machine-driven politics that comprise the Obama agenda. Now, the question is whether President Obama and his Democratic Party will accept the will of the people and change the destructive course upon which they have set this country. . . . [F]irst and foremost, Republicans must fight to dislodge the secular-socialist machine whose methods and goals are described in this book. This machine has driven America so deeply into debt, and has so fundamentally changed the relationship between the American citizenry and our government, that our children's future is now imperiled. We cannot assume that after the 2010 election, the machine will simply accept the will of the people. After all, the very purpose of a political machine is to thwart the will of the people.

The Vision of the Anointed Oxford University Press

A New York Times Notable Book! A New York Times Book Review Editors' Choice The story of how Newt Gingrich and his allies tainted American politics, launching an enduring era of brutal partisan warfare When Donald Trump was elected president in 2016,

President Obama observed that Trump "is not an outlier; he is a culmination, a logical conclusion of the rhetoric and tactics of the Republican Party." In *Burning Down the House*, historian Julian Zelizer pinpoints the moment when our country was set on a path toward an era of bitterly partisan and ruthless politics, an era that was ignited by Newt Gingrich and his allies. In 1989, Gingrich brought down Democratic Speaker of the House Jim Wright and catapulted himself into the national spotlight. Perhaps more than any other politician, Gingrich introduced the rhetoric and tactics that have shaped Congress and the Republican Party for the last three decades. Elected to Congress in 1978, Gingrich quickly became one of the most powerful figures in America not through innovative ideas or charisma, but through a calculated campaign of attacks against political opponents, casting himself as a savior in a fight of good versus evil. Taking office in the post-Watergate era, he weaponized the good government reforms newly introduced to fight corruption, wielding the rules in ways that shocked the legislators who had created them. His crusade against Democrats culminated in the plot to destroy the political career of Speaker Wright. While some of Gingrich's fellow Republicans were disturbed by the viciousness of his attacks, party leaders enjoyed his successes so much that they did little collectively to stand in his way. Democrats, for their part, were alarmed, but did not want to sink to his level and took no effective actions to stop him. It didn't seem to matter that Gingrich's moral conservatism was hypocritical or that his methods were brazen, his accusations of corruption permanently tarnished his opponents. This brand of warfare worked, not as a strategy for governance but as a path to power, and what Gingrich planted, his fellow Republicans reaped. He led them to their first majority in Congress in decades, and his legacy extends far beyond his tenure in office. From the Contract with America to the rise of the Tea Party and the Trump presidential campaign, his fingerprints can be seen throughout some of the most divisive episodes in contemporary American politics. *Burning Down the House* presents the alarming narrative of how

Gingrich and his allies created a new normal in Washington.

Valley Forge Basic Books

It is not between the Left and the Right, but between the past and the future. America is on the edge of a breakout. In fact, we are poised for one of the most spectacular leaps in human well-being in history. Pioneers of the future—innovators and entrepreneurs—are achieving breakthroughs in medicine, transportation, energy, education, and other fields that will make the world a dramatically different and better place. Unless the “prison guards” of the past stop them. Every American must choose a side. Will you be a champion of the future or a prisoner of the past? Every potential breakthrough has to get past a host of individuals and institutions whose power and comfort depend on the status quo. These prison guards of the past will strangle every innovation that threatens to change the way things have always been done—if we let them.

Re-electing Trump Bloomsbury Publishing

In this national bestseller, former Speaker Newt Gingrich reveals how Big Government Socialism is crippling America—and offers strategies and insights for everyday citizens to overcome its influence. In communities across our country, Americans are debating Critical Race Theory, vaccine mandates, tax increases, rising inflation, online censorship, and a host of other important issues. We have serious decisions to make about the future of our nation. Do we want big government, or limited government? Do we want to work hard and keep what we earn, or do we want government to decide how our money is spent? Do we want our children to learn how to think in school, or be told what to think? Do we want to make our own decisions about health care, or should the federal government dictate our treatments? Should American companies compete on a level playing field, or should Washington decide who wins and loses? Speaker Gingrich analyzes these questions, describes the polling that shows what the American Majority wants, and illustrates how we can create a safer, more prosperous, and secure future for America. In Defeating Big Government Socialism, best-selling author and former House Speaker Newt Gingrich explains how Americans must confront Big Government Socialism, which has taken over the modern Democratic Party, big business, news media, entertainment, and academia. He also offers strategies and insights for everyday citizens to save America's future and ensure it remains the greatest nation on earth.

Fed Up! Macmillan

'Nick Bryant is brilliant. He has a way of showing you what you've been missing from the whole story whilst never leaving you feeling stupid.' — Emily Maitlis 'Bryant is a genuine rarity, a Brit who understands America' — Washington Post In When America Stopped Being Great, veteran reporter and BBC New York correspondent Nick Bryant reveals how America's decline paved the way for Donald Trump's rise, sowing division and

leaving the country vulnerable to its greatest challenge of the modern era. Deftly sifting through almost four decades of American history, from post-Cold War optimism, through the scandal-wracked nineties and into the new millennium, Bryant unpacks the mistakes of past administrations, from Ronald Reagan's 'celebrity presidency' to Barack Obama's failure to adequately address income and racial inequality. He explains how the historical clues, unseen by many (including the media) paved the way for an outsider to take power and a country to slide towards disaster. As Bryant writes, 'rather than being an aberration, Trump's presidency marked the culmination of so much of what had been going wrong in the United States for decades — economically, racially, politically, culturally, technologically and constitutionally.' A personal elegy for an America lost, unafraid to criticise actors on both sides of the political divide, When America Stopped Being Great takes the long view, combining engaging storytelling with recent history to show how the country moved from the optimism of Reagan's 'Morning in America' to the darkness of Trump's 'American Carnage'. It concludes with some of the most dramatic events in recent memory, in an America torn apart by a bitterly polarised election, racial division, the national catastrophe of the coronavirus and the threat to US democracy evidenced by the storming of Capitol Hill.

Broken But Unbowed Regnery Publishing

Two nationally renowned congressional scholars review the evolution of Congress from the early days of the republic to 2006, arguing that extreme partisanship and a disregard for institutional procedures are responsible for the institution's current state

Real Change JHU Press

New York Times bestselling author Newt Gingrich lays out the stakes of the 2020 elections and what the end results could mean for the future of American citizens. The 2020 election will be a decisive choice for America, especially as we emerge from the coronavirus crisis. Will the American people choose four more years of President Trump to lead us back to strong economic growth, a foreign and trade policy of putting American interests first, dismantling the deep state, and dramatically reforming the bureaucracies? Or will they reject Trumpism and elect the radical Democratic policies of big government, globalism, and socialist policies that Joe Biden represents? Not since the election of 1964 has the choice in an election been so stark. Trump and the American Future by Newt Gingrich will lay out the stakes of

the 2020 election and provide a clarion call for all Americans on why it is vital to return President Trump to the White House for a second term. Featuring insights gleaned from the lifetime of experience and access only Newt Gingrich can bring, Trump and the American Future will be crucial reading for every citizen who wants to continue to make America great again.

It's Even Worse Than It Looks Thomas Dunne Books

The 2020 election will be a decisive choice for America. Will the American people choose four more years of President Trump's focus on economic growth, a foreign and trade policy of putting American interests first, dismantling the deep state, and dramatically reforming the bureaucracies? Or do they reject Trumpism and elect a radical extremist Democrat dedicated to bigger government, globalism, and anti-American values? Not since the election of 1964 has the choice in an election been so stark. Re-electing Trump by Newt Gingrich will lay out the stakes of the 2020 election and provide a clarion call for all Americans on why it is vital to return President Trump to the White House for a second term. Featuring insights gleaned from the lifetime of experience and access only Newt Gingrich can bring, Re-electing Trump will be crucial reading for every citizen who wants to continue to make America great again.

The Gettysburg Trilogy Simon and Schuster

In this penetrating new study, Skocpol of Harvard University, one of today's leading political scientists, and co-author Williamson go beyond the inevitable photos of protesters in tricorne hats and knee breeches to provide a nuanced portrait of the Tea Party. What they find is sometimes surprising.

Defeating Big Government Socialism HarperCollins Publishers

Now a National Bestseller! From coronavirus lockdowns to critical race theory in the classroom, it has become crystal clear that America's schools aren't working for America's students and parents. No one knows this better than Betsy DeVos. Long before she was tapped by President Trump to serve as secretary of education, DeVos established herself as one of the country's most influential advocates for education reform, from school choice and charter schools to protecting free speech on campus. She's unflinching in standing up to the powerful interests who control and benefit from the status quo in education — which is why the unions, the media, and the radical left made her public enemy number one. Now, DeVos is ready to tell her side of the story after years of being vilified by the radical left for championing common-sense, conservative reforms in America's schools. In Hostages No More, DeVos unleashes her candid thoughts about working in the Trump administration, recounts her battles over the decades to put students first, hits back at “woke” curricula in our schools, and details the reforms America must pursue to fix

its long and badly broken education system. And she has stories to tell: DeVos offers blunt insights on the people and politics that stand in the way of fixing our schools. For students, families and concerned citizens, DeVos shares a roadmap for reclaiming education and securing the futures of our kids — and America.

Saving Lives & Saving Money Oxford University Press

A bold rallying cry for conservative environmental leadership from Newt Gingrich, New York Times bestselling author of *Trump and the American Future* and *March to the Majority*. Appealing to America's core conservative readership and defying conventional thinking, former Speaker of the House Newt Gingrich and eminent conservationist Terry L. Maple posit that the values of conservative America are aligned with the principles of conservation and "entrepreneurial environmentalism." Saving the earth is not—and cannot be—a partisan issue. The authors outline a ten-point Contract with the Earth that promotes ingenuity over rhetoric, maintaining that the expansion of "green business," new technologies, and environmental economic incentives will be the defining opportunities for the leaders of the next generation. An inspiring call to action, *A Contract with the Earth* offers a vision of the future that is both hopeful and achievable.

Treason Basic Books

The Civil War is the American Iliad. Lincoln, Stonewall Jackson, Grant, and Lee still stand as heroic ideals, as stirring to our national memory as were the legendary Achilles and Hector to the world of the ancient Greeks. In their bestselling, action-packed and painstakingly researched Civil War series, Newt Gingrich and William R. Forstchen examine some of the great "what-ifs" of American history: Could Lee have defeated the Union Army at Gettysburg and led the South to triumph in the war? For the first time ever *The Gettysburg Trilogy* combines all three books in the Civil War Series. *Gettysburg*, the series' first installment, opens in 1863 as General Robert E. Lee and his Army of Northern Virginia are poised to attack the North and claim the victory that could end the brutal conflict. The soldiers in the line, Yank and Reb, know that this will be the great challenge, the decisive moment that will decide whether a nation will die, or be created, and both sides are ready and willing to lay down their lives for their Cause. *Grant Comes East* continues the story of a Confederate victory at Gettysburg, as General Lee marches on Washington, DC, and launches an assault against one of the largest fortifications in the world. At the same time, Lincoln appoints General Ulysses S. Grant commander of all Union forces. Grant, fresh from his triumph at Vicksburg, races east, bringing with him his hardened veterans from Mississippi to confront Lee. Finally, *Never Call Retreat* concludes this tour de force story of true heroism and glory in America's most trying hour with an epic, week-long showdown between Grant and Lee as each man struggles to bring victory to his name, his men, and his country. Also included are excerpts from the first two books in Newt Gingrich and William F. Forstchen's Revolutionary War Series: *To Try Men's Souls* and *Valley Forge*.

[The Teavangelicals](#) Center Street

The Teavangelicals is a one-of-a-kind book chock-full of original

reporting from the 2012 presidential race with an up-close look at how evangelicals and the Tea Party are plotting strategy to reclaim America. In his trademark breezy, funny, and engaging style, David Brody takes you inside the blossoming Teavangelical movement and describes how it is having a major effect on today's politics with an eye on dominating the political affairs of tomorrow. The author takes his niche for getting interviews and inside access with all the big-name political and evangelical newsmakers and now shares that exclusive access with readers. The author offers a rare, behind-the-scenes glimpse along the campaign trail within the three key factions working tirelessly to overcome President Obama and his political machine: evangelicals, the Tea Party and the GOP presidential contenders. Brody, embedded with leading Tea Party and evangelical groups, shares what he learned from private emails, memos, and conversations that shed light on campaign strategy and voter mobilization efforts. In addition, this book highlights Brody's exclusive interviews, stories, and travels with all the 2012 GOP presidential candidates as they try to be the candidate that takes on President Obama and ultimately change the course of direction in America. The author travels to the key early Primary states of Iowa and South Carolina where Evangelicals will have a major say in who the GOP nominates for President. The author gives readers the inside scoop on the power of evangelical groups and how they're making a difference early on in the process. Additionally, how will these GOP candidates appeal to evangelicals and how well will it work out? At the same time, the candidates are catering to the Tea Party crowd. We'll go inside the living rooms of major Tea Party organizers to get inside access on the chatter. Are these presidential candidates passing the Tea Party "smell test"? *Rediscovering God in America* Center Street

[DIV](#)Sowell presents a devastating critique of the mind-set behind the failed social policies of the past thirty years. Sowell sees what has happened during that time not as a series of isolated mistakes but as a logical consequence of a tainted vision whose defects have led to crises in education, crime, and family dynamics, and to other social pathologies. In this book, he describes how elites—the anointed—have replaced facts and rational thinking with rhetorical assertions, thereby altering the course of our social policy. / Div

[\\$2.50 A Gallon](#) Penguin

Bestselling author Newt Gingrich exposes the anti-American forces that have grown so large and so aggressive in their quest for power. The struggle between the defenders of America as an exceptional nation and the forces of anti-Americanism is reaching a fever pitch. These forces have grown so large, so well-financed, so entrenched and aggressive that they must be studied closely and understood completely if America is to survive this imminent civil war. In *Beyond Biden*, bestselling author Newt Gingrich brings together the various strands of the movement seeking to destroy true, historic American values and replace this country with one that's imposed on us by the combined power of government and social acceptance. Now a National Bestseller! *Drill Here, Drill Now, Pay Less Crown* Forum

Is life really so complicated? Ask happy and successful people this question and you're likely to hear that, in its essence, life is really quite simple. In these pages, Newt Gingrich and his daughter Jackie Gingrich Cushman — with the help of prominent people they know and admire, such as Bill Clinton, Rush Limbaugh, Mary Matalin, and David Petraeus — show how, by following just five principles, you can live life to its fullest:

- **Dream Big** Like Walt Disney, who shared the magic kingdom of his imagination with millions, or like Jackie's sister, Kathy, who didn't let a severe case of rheumatoid arthritis stop her from completing a walking marathon, see where your dreams can take you.
- **Work Hard** As Jackie points out in her recollections of her dad's early political career, working hard can be a surprising source of energy, and adopting an attitude of cheerful persistence will help you reach your goal.
- **Learn Every Day** The key is to remember that learning is a reciprocal process. You can't be passive; you must be engaged. Come along on a visit to the acclaimed Ron Clark Academy in Atlanta to see how this principle works in action.
- **Enjoy Life** And what's the best way to do that? From the wisdom of the ancient philosophers to information from the latest scientific studies, the answer is the same: Be grateful for all your blessings and do something every day to show compassion and generosity to others.
- **Be True to Yourself** It sounds easy, but it's the hardest principle to live by. Discover what people from William Shakespeare to Henrik Ibsen to John P. Abizaid have had to say about this touchstone for an honest life. With these inspiring and memorable words of wisdom, Newt and Jackie have given us a book to treasure for a lifetime.
