Next of Kin: What Chimpanzees Have Taught Me About Who We ...

Next of Kin – HarperCollins

Overview. For 30 years Roger Fouts has pioneered communication with chimpanzees through sign language—beginning with a mischievous baby chimp named Washoe. This remarkable book describes Fout's odyssey from novice researcher to celebrity scientist to impassioned crusader for the rights of animals. Living and conversing with these sensitive creatures has given him a profound appreciation of what they can teach us about ourselves.

Broeske and a great selection of related books, art and collectibles available now at AbeBooks.com.

[Roger Fouts - Gooseberry Productions](#)

In Next of Kin, Roger Fouts writes a wonderful autobiography, biography (of Washoe a chimpanzee), and scientific review of the evolution of language and intelligence in primates. He writes on a level that all can enjoy--even those in their early teens.

[Next of Kin: My Conversations with Chimpanzees by Roger ...](#)

It has also made Fouts an outspoken opponent of biomedical experimentation on chimpanzees. A voyage of scientific discovery and interspecies communication, this is a stirring tale of friendship, courage, and compassion that will change forever the way we view our biological--and spritual--next of kin. For 30 years Roger Fouts has pioneered communication with chimpanzees through sign language--beginning with a mischievous baby chimp named Washoe.

Bukkene Bruse. 4.0 out of 5 stars Compelling stories, somewhat less compelling arguments. Reviewed in Canada on April 8, 2003. "Next of Kin" is really several stories interwoven into one book. It is first and foremost the story of a chimp, Washoe, but also of the journey on which she takes Roger Fouts.

Communication With Apes Made Scientist an Animal Activist

by Roger Fouts with Stephen Tukul Mills ?
RELEASE DATE: Oct. 1, 1997
Though he was studying theories of communication, Fouts (Psychology/Central Washington Univ.) learned a whole lot more than that from the chimps in his American Sign Language program, and he tells their story here with great insight and affection.
