NEW YORK TIMES

BESTSELLER • The

“compassionate” (People),
“startling” (Baltimore Sun),
“moving” (Chicago Tribune)
true story of two kids with the
same name from the city: One
went on to be a Rhodes Scholar,
decorated combat veteran, White
House Fellow, and business
leader. The other is serving a life
sentence in prison. In
development as a feature film
executive produced by Stephen
Curry, who selected the book as
his “Underrated” Book Club
Pick with Literati The chilling
truth is that his story could have
been mine. The tragedy is that
my story could have been his. In
December 2000, the Baltimore
Sun ran a small piece about Wes
Moore, a local student who had
just received a Rhodes

Scholarship. The same paper also ran a series of articles about four young men who had allegedly killed a police officer in a spectacularly botched armed robbery. The police were still hunting for two of the suspects who had gone on the lam, a pair of brothers. One was named Wes Moore. Wes just couldn't shake off the unsettling coincidence, or the inkling that the two shared much more than space in the same newspaper. After following the story of the robbery, the manhunt, and the trial to its conclusion, he wrote a letter to the other Wes, now a convicted murderer serving a life sentence without the possibility of parole. His letter tentatively asked the questions that had been haunting him: Who are you? How did this happen? That letter led to a correspondence and relationship that have lasted for several years. Over dozens of letters and prison visits, Wes discovered that the other Wes had had a life not unlike his own: Both had had difficult childhoods, both were fatherless; they'd hung out on similar corners with similar crews, and both had run into trouble with the police. At each stage of their young lives they had come across similar moments of decision, yet their choices would lead them to astonishingly different destinies. Told in alternating dramatic narratives that take readers from heart-wrenching losses to moments of surprising redemption, *The Other Wes Moore* tells the story of a generation of boys trying to find their way in a hostile world. **BONUS:** This edition contains a new afterword and a *The Other Wes Moore* discussion guide. [63 Tactics for Teaching Diverse Learners, Grades 6-12](#) *Human Kinetics*

The Perfect Score Project is an indispensable guide to acing the SAT – as well as the affecting story of a single mom's quest to light a fire under her teenage son. It all began as an attempt by Debbie Stier to help her high-school age son, Ethan, who would shortly be studying for the SAT. Aware that Ethan was a typical teenager (i.e., completely uninterested in any test) and that a mind-boggling menu of test-

prep options existed, she decided – on his behalf -- to sample as many as she could to create the perfect SAT test-prep recipe. Debbie’s quest turned out to be an exercise in both hilarity and heartbreak as she took the SAT seven times in one year and in-between “went to school” on standardized testing. Here, she reveals why the SAT has become so important, the cottage industries it has spawned, what really works in preparing for the test and what is a waste of time. Both a toolbox of fresh tips and an amusing snapshot of parental love and wisdom colliding with teenage apathy, *The Perfect Score Project* rivets. In the book Debbie does it all: wrestles with Kaplan and Princeton Review, enrolls in Kumon, navigates [khanacademy.org](https://www.khanacademy.org), meets regularly with a premier grammar coach, takes a battery of intelligence tests, and even cadges free lessons from the world’s most prestigious (and expensive) test prep company. Along the way she answers the questions that plague every test-prep rookie, including: “When do I start?”...”Do the brand-name test prep services really deliver?”...”Which should I go with: a tutor, an SAT class, or self study?”...”Does test location really matter?” ... “How do I find the right tutor?”... “How do SAT scores affect merit aid?”... and “What’s the one thing I need to know?” *The Perfect Score Project*’s combination of charm, authority, and unexpected poignancy makes it one of the most compulsively readable guides to SAT test prep ever – and a book that will make you think hard about what really matters.

American More! Level 4 Teacher's Resource Pack with Testbuilder CD-ROM
One World

Corruption, greed, and betrayal drive the adults who surround a talented high school basketball player in *Advantage Disadvantage*, a sports thriller.

Student Learning in Physical Education Yale Jaffe

American MORE! is a four-

level course from a highly respected author team that's bursting with features for lower secondary students. The Teacher's Resource Pack contains unit tests, review tests, and term tests, as well as entry-level tests and end-of-year tests. There are extra grammar practice and communication activities for each unit of the course. The free Testbuilder CD-ROM allows teachers to create their own tests. It previews each exercise before inclusion, and can create 'A' and 'B' versions of each test so that students sitting next to each other don't share answers. Exam skills (KET-, PET- and Trinity-style) questions are also available.

Pa'thlete Human Kinetics

Highly regarded and classroom-proven, the Legal Method and Writing takes a comprehensive approach to legal writing that bridges

law school and law office. Exercises and real-life examples—many taken from actual cases—provide stepping-off points from which to practice legal thinking and communication. Calleros seamlessly weaves multicultural themes into many of the problems and examples to add context and enrich student understanding of legal issues. Features: Updated, enhanced, and clarified throughout Expanded discussion of statutory interpretation, with new and updated sources Description of tribal court systems (as well as state and federal courts systems) added, supplementing existing discussion of tribal governments and legal method New examples of statements of rules, in objective memos and

arguments for briefs, including samples illustrating (1) the difference between rules with mandatory elements and those with factors that the court will consider or balance, and (2) explaining or proving a rule by establishing noncontroversial matters with “light analysis” and more complicated or disputed matters with in-depth analysis. Addition of an advanced outlining exercise, as well as an illustration of flow-charting. Citation coverage updated to reflect the new Bluebook and ALWD editions *The Other Wes Moore* Houghton Mifflin Harcourt CliffsNotes TASC Cram Plan provides calendarized test prep for the TASC, which is a high school graduation equivalency test similar to the GED. *Legal Method and Writing*

Lawyers Register Pub Law School and Exams: Preparing and Writing to Win, Third Edition is the third edition of a popular book whose first edition Bryan Garner reviewed and judged to be “the best on the market.” It combines: Clear and comprehensive explanations of study and exam techniques Numerous illustrative samples that are truly instructive Twenty in-class exercises or take-home assignments on everything from case briefs to essay and multiple-choice exam questions. Comprehensive and self-contained, the Third Edition is suitable for use as the textbook for a sophisticated Prelaw course, 1L Orientation, or a 1L Academic Success course. Alternatively, incoming freshmen can work through it independently over the summer to be optimally prepared for law school in the fall. New to the Third Edition:

The latest in learning theory, including focus and engagement, spaced repetition with interleaving, and altering surroundings during study to create mental bookmarks; plus, nine topics relating to mindset, mindfulness, and well-being. Expanded sets of exercises and assignments, including new and improved essay exams and multiple-choice questions. New discussion of time management. Professors and student will benefit from: The way the book facilitates a flipped classroom: The clear and detailed explanations and illustrations will enable students to prepare well for class, permitting the professor to provide a quick summary of key points before turning to active learning through brainstorming, problem-solving, discussion, debate, and writing exercises. Clear explanations and illustrations for reading assignments and numerous exercises for in-class

active learning Sample answers for all in-text exercises in the Appendix for students to check their understanding A major in-text take-home assignment separate from the other in-text materials that can be used to further gauge student's understanding Teaching materials Include: Teacher's Manual: Notes for teaching strategies Sample answer for the major in-text assignment Two essay exam questions with sample answers that can be administered as in-class exams for practice, or as graded exams
CliffsNotes GRE General Test with CD-ROM Random House Digital, Inc.
This volume provides up-to-date research on the physical education curriculum, teaching and teacher-training, and shows physical educators how to apply this knowledge to their day-to-day practices.

Diehard baseball fans--take the challenge! Turn your baseball cap into a thinking cap, and test your knowledge of the game with over 980 brain-twisting questions about the big hits and amazing feats that occurred over the last 100 years: Who is the only pitcher in baseball history with two grand slams in one game? Who was the first National Leaguer to hit 50 home runs in two seasons? Even those who strike out on a few questions will relish these fascinating facts and insider's trivia!

Put Thinking to the Test

Simon and Schuster

Do you think you know basketball? Do you think you know it well enough to take the court as an NBA or NCAA referee and accurately make the really tough calls? Well, here's your chance to prove how much you really know about the history and rules of one

of the world's most popular sports. You're the Basketball Ref, newly updated with a dozen fresh scenarios, is designed to inform, challenge, and entertain basketball fans. A brief introduction to the history of basketball is followed by an overview of NBA and NCAA matters. Topics range from situations that typically come up in games—traveling and shot clock violations, for example—to rules that are just a bit more unusual or, for the casual fan, more obscure. Then quiz yourself on what call you would make in each scenario! Many of the situations in *You're the Basketball Ref* come from real games, but some scenarios are made up to illustrate specific points or rules. So don your stripes, grab your whistle, and take

your position on the court.

After all, you're the ref!
