Downloads In order to supply the latest features and functionality in fire alarm and life safety technology to our customers, we make frequent upgrades to the embedded software in our products. To ensure that you are installing and programming the latest Installation Manual Nfs 3030 - e13

## Components

The NFS2-3030 waits for the D RILL switch to be pressed for 2 seconds, then turns on all silenceable circuits (all control modules/panel circuits

that are programmed silenceable for fire alarms), and turns off the S IGNALS SILENCED LED. This event shows on the LCD, printer, and History file.
