Created by the expert hosts of the popular Well-Fed Women Podcast, a step-by-step food and fitness plan for women, that teaches them how to improve their health by changing the quality—not the quantity—of the food they eat. To eat your way to better health, you don't need to limit your calorie intake, or cut out carbs or fat. You don't need to count "points." Better health doesn't come from limits. It comes from focusing on the quality of food that you eat—not the quantity. Instead of limiting your food intake you should be enriching it, argue Noelle Tarr and Stefani Ruper. The popular hosts of the Well-Fed Women Podcast want you to focus on the good things you eat. They want to make sure you get enough food so that your body has the fuel and nourishment it needs to support a healthy, long, and energetic life. Noelle and Stefani know about eating for health firsthand. They, too, struggled with confusing and frustrating medical conditions, including infertility, digestive issues, acne, polycystic ovarian syndrome, hypothyroidism, and anemia. They discovered that the secret to improving wellness was actually more food: they ditched the diet books, calorie counters, and scales, and started eating their way to health. In *Coconuts and Kettlebells*, you'll eat at least 2,000 calories a day thanks to a delicious selection of dishes that are all gluten-free, grain-free, and paleo. Within those 2,000 calories, setting a minimum intakes of protein, fat, and carbohydrates instead of the usual maximums will ensure that your diet is full of nutrients, while also providing flexibility to enjoy what you're eating. Noelle and Stefani identify the Big Four foods—grains, dairy, vegetable oils, and refined sugar—that cause the most health problems among women. While many diets require you to eliminate these foods entirely, *Coconuts and Kettlebells* provides an easy-to-follow step-by-step program to test these foods and determine which you need to cut back on—and which you don't—to feel better. To help you discover how your body responds to the Big Four, you'll choose from two simple 4-week meal plans: one for the Butter Lover (people who tend to feel more satisfied eating higher ratios of fats) and one for the Bread Lover (people who tend to feel more satisfied eating higher ratios of carbs). Each meal plan comes with a weekly shopping list, a guide to kitchen tools and equipment, and instructions on how to batch cook, meal prep, and stock the pantry. In addition, you'll have access to over 75 gluten-free and paleo-friendly flavor-packed recipes (free of the Big Four foods) for every meal of the day, including: Coconut Chai Latte Kale and Bacon Breakfast Skillet Apple Pie Smoothie Thai Coconut Curry Shrimp Moroccan Lamb Meatballs Shrimp and Cabbage Stir Fry Parsnip and Carrot Fries Mango Jalapeno Salsa Chocolate Cherry Energy Bites Lemon Raspberry Mini Cheesecakes To go along with the meal plans, Noelle and Stefani also provide three 4-week fitness plans tailored to three experience levels: beginner, intermediate, and advanced. All of the workouts can be done anywhere—at your home or on the road—and take no more than thirty minutes. A comprehensive whole body program to get and keep you healthy inside and out, *Coconuts and Kettlebells* provides the knowledge and tools you need to heal in a way that is effortless, rewarding, confidence-boosting, and everlasting. *Coconuts and Kettlebells* is illustrated with color photos throughout.

"The feeling was electric-energy humming through my body. I felt like blood was pouring into areas of my tissues that it had not been able to reach for some time. It was relieving and healing, subtler than the feeling from getting off on drugs, but it was detectable and lovely, and of course, there was no hangover, just a feeling of more ease than I could remember. I felt a warmth come over me similar to what I felt when I had done heroin, but far from the darkness of that insanity, this was pure light—a way through." — Tommy Rosen, on his first yoga experience Most of us deal with addiction in some form. While you may not be a fall-down drunk, anorexic, or a gambling addict, you likely struggle with addiction in other ways. Kathy was an overachiever—an economist, technical writer, and classical singer married 27 years to her college sweetheart. It looked like Kathy was fine. But deep within her hid a pain from infancy so severe that a cascade of adult life crises finally triggered it. And once it exploded, the pain was unbearable. Kathy was suffering attachment disorder, a psychological condition potentially affecting almost half the US population. Caused by traumatic stress in the first three years of life, attachment disorder correlates with the nation's 50 percent divorce rate and widespread mental health issues. Yet no one talks about its prevalence, so many sufferers go untreated, forced to live with their pain in silence—without a hint of its cause. This was certainly true for Kathy. But when her initial forays into psychiatric help failed, Kathy decided to treat herself. It was a mistake that almost cost her life. Told with candor and quirky, ironic humor, *Don't Try This Alone* will resonate with anyone suffering attachment damage. It knows no boundaries; it strikes those who believe they had wonderful childhoods as well as the obviously abused. Yet there's hope! Kathy's story also shows: help and healing are out there.

Having a good relationship with money is tough—whether you have millions in the bank or just a few bucks to your name. Why? Because just like any other relationship, your life with money has its ups and downs, its twists and turns, its breakups and makeups. And just like other relationships, living happily with money really comes down to love—which is why love is the basis of money maven Kate Northrup's book. After taking the Money Love Quiz to see where on the spectrum your relationship with money stands—somewhere between "on the outs" and "it's true love!"—Northrup takes you on a rollicking ride to a better understanding of yourself and your money. Step-by-step exercises that address both the emotional and practical aspects of your financial life help you figure out your personal perceptions of money and wealth and how to change them for the better. You'll learn about thought patterns that may be holding you back from earning what you're worth or saving what you can. You'll learn how to chart your current financial life and create a plan to get you to where you want to be—whether that's earning enough to live in a penthouse in Manhattan or a cabin in the Rockies. Using client stories and her own saga of moving from \$20,000 of debt to complete financial freedom by the age of 28, Northrup acts as a guide in your quest for personal financial freedom. She'll teach you how to shift your beliefs about money, create a budget, spend in line with your values, get out of debt, and so much more. In short, she'll teach you to love your money, so you can love your life.

More than 100 million Americans deal with chronic pain every day. And if you're one of them, you've probably tried all the normal "solutions": doctors, injections, medications, and surgeries. While these all have a place in healing, they have fallen short in dealing with the pain epidemic. So what can you do? In *The Tapping Solution for Pain Relief*, Nick Ortner presents a startling alternative. He lays out a step-by-step plan that teaches you how to use tapping, or EFT (emotional freedom techniques), to reduce or eliminate chronic pain. Looking at the scientific research surrounding pain, stress, and tapping, he opens your eyes to just how powerful tapping can be, and then outlines tips and techniques to address pain in both the short and long term. Nick guides you on a journey that begins on the surface—tapping to address the pain itself—and moves to the deeper issues that often affect pain. With easy-to-follow tapping scripts and exercises, Nick helps you heal the emotional pain and underlying beliefs that often keep people stuck. He also addresses topics that you may not think of as associated with chronic pain, such as:

- Creating personal boundaries
- Dealing with toxic relationships
- Clearing resistance to change
- Understanding the power of a diagnosis
- Working through anger

There are many ways the brain and body can create, increase, and prolong pain. After reading this book, you'll not only understand what's causing your pain but also how to achieve complete and lasting relief. But let's face it; this is about more than just pain relief.

It's about empowering yourself to take back your body in order to live the life you want.

Navigate change with clarity and ease using the tools of EFT in this guide from New York Times best-selling author and Tapping expert Jessica Ortner. "The Tapping Solution to Create Lasting Change gets right down to the heart of what it takes to change and have a better, healthier, and more love-filled life." -- Christiane Northrup, M.D. Why do we fear the unknown so intensely that we're willing to shy away from our deepest desires and settle for playing small? Why do we get enthused when we first start something, only to burn out the moment things feel challenging? And why, even when we get the outcomes we desire, do we often struggle to sustain them and instead slip back into old, self-sabotaging patterns? In *The Tapping Solution to Create Lasting Change*, available for the first time in paperback, New York Times best-selling author Jessica Ortner shares the lessons she's learned about what it feels like to flow through change and how to bring about real transformation in ways that are both authentic and empowering. Her gentle, relatable guidance shows you how to use Tapping, also known as EFT, as a tool for finding the clarity and the ease you crave to move forward; how to navigate the unknown with new energy, hope and an open heart; and how to release the doubts and fears that are clouding your judgment so you can rediscover your true path. It's a new way to look at the one unavoidable constant in life--change--not as an obstacle in our path but as a doorway to joy.
