In October 1928 Virginia Woolf was asked to deliver speeches at Newnham and Girton Colleges on the subject of 'Women and Fiction' she spoke about her conviction that 'a woman must have money and a room of her own if she is to write fiction'. The following year, the two speeches were published as *A Room of One's Own*, and became one of the foremost feminist texts. Knitted into a polished argument are several threads of great importance – women and learning, writing and poverty – which helped to establish much of feminist

thought on the importance of education and money for women's independence. In the same breath, Woolf brushes aside critics and sends out a call for solidarity and independence – a call which sent ripples well into the next century. 'Brilliant interweaving of personal experience, imaginative musing and political clarity' — Kate Mosse, *The Guardian* 'Probably the most influential piece of non-fictional writing by a woman in this century.' — Hermione Lee, *The Financial Times*

YEAR: Forbes • Lit Hub • Electric Lit A gorgeous graphic memoir about loss, love, and confronting grief When Kristen Radtke was in college, the sudden death of a beloved uncle and the sight of an abandoned mining town after his funeral marked the beginning moments of a lifelong fascination with ruins and with people and places left behind. Over time, this fascination deepened until it triggered a journey around the world in search of ruined places. Now, in this genre-smashing graphic memoir, she leads us through deserted cities in the American Midwest, an Icelandic town buried in volcanic ash, islands in the Philippines, New York City, and the delicate passageways of the human

heart. Along the way, we learn about her family and a rare genetic heart disease that has been passed down through generations, and revisit tragic events in America's past. A narrative that is at once narrative and factual, historical and personal, Radtke's stunning illustrations and piercing text never shy away from the big questions: Why are we here, and what will we leave behind? (With black-and-white illustrations throughout; part of the Pantheon Graphic Novel series)

**To the Lighthouse** Renard Press Ltd  
The daughter of a literary household of means, Katherine Hilbery has distanced herself from romantic entanglements in favour of a life of intellectual pursuits. Mary Datchet, the daughter of a country vicar, has chosen to focus her attentions on supporting the suffrage movement. But when confronted with offers of marriage from unlikely suitors, both women must determine whether or not there is room for love in the lives they have chosen to lead.

One of Virginia Woolf's earliest novels, *Night and Day* examines each woman's thoughts on love, marriage, and personal fulfillment in Edwardian England.

**The Waves** Xist Publishing  
One of Woolf's most experimental novels, *The Waves* presents six characters in monologue - from morning until night, from childhood into old age - against a background of the sea. The result is a glorious chorus of voices that exists not to remark on the passing of events but to celebrate the connection between its various

and success. Dialogue and descriptions of thought and actions are used in equal amount, unlike in Woolf's later book, *To the Lighthouse*. There are four major characters, Katharine Hilbery, Mary Datchet, Ralph Denham, and William Rodney. *Night and Day* deals with issues concerning women's suffrage, if love and marriage can coexist, and if marriage is necessary for happiness. Motifs throughout the book includes the stars and sky, the River Thames, and walks. Also, Woolf makes many references to the works of William Shakespeare, especially *As You Like It*.

*Night and Day* Night and Day

In the beginning was the night. All light, shapes, language, and subjective consciousness, as well as the world and art

depicting them, emerged from this formless chaos. In fantasy, we seek to return to this original darkness. Particularly in literature, visual representations, and film, the night resiliently resurfaces from the margins of the knowable, acting as a stage and state of mind in which exceptional perceptions, discoveries, and decisions play out. Elisabeth Bronfen follows nocturnal spaces in which extraordinary events unfold, enabling the irrational exploration of desire, transformation, ecstasy, transgression, spiritual illumination, and moral choice. She begins with classical myths depicting the creation of the world and moves through nocturnal scenes in Shakespeare and Milton, Gothic figurations, Hegel's romantic philosophy, and Freud's psychoanalysis. In modern times, she shows how literature and film, particularly film noir, transmit that piece

---

of night the modern subject carries within. From Mozart's "Queen of the Night" to Virginia Woolf's oscillation between day and night, life and death, and chaos and aesthetic form, Bronfen renders something visible, conceivable, and tellable from the dark realms of the unknown.

*Night and Day* by Virginia Woolf Oxford

This book provides a fascinating account of rooms in selected works by Virginia Woolf. Casting them as spaces which are at once material, textual and emotional, the volume shows Woolf's rooms to be consistently connected to wider geographies of modernity and therefore central to her writing of gender, class, empire and the nation. The discussion moves "in and out of rooms," from the focus on travel in Woolf's debut novel, to the

archival function of built space and literary heritage in *Night and Day*, the university as a male space of learning in Jacob's Room, the iconic *A Room of One's Own* and its historical readers, interior space as spatial history in *The Years*, and rooms as loci of memory in her unfinished memoir. Zink masterfully shows the spatial formation of rooms to be at the heart of Woolf's interweaving of the political and the aesthetic, revealing an understanding of space as dynamic and relational.

## Virginia Woolf: The Complete Collection

UNC Press Books

A landmark novel of high modernism, the text, centering on the Ramsay family and their visits to the Isle of Skye in Scotland between 1910 and 1920, skillfully manipulates temporality and psychological exploration. To the Lighthouse follows and extends the tradition of modernist novelists like Marcel Proust and James Joyce, where the plot is secondary to philosophical introspection, and the prose can be winding and hard to follow. The novel includes little dialogue and almost no action; most of it is written as thoughts and observations. The novel recalls the power of childhood emotions and highlights the impermanence of adult relationships. One of the book's

several themes is the ubiquity of transience.

*Uniform edition of the works of Virginia*

*Woolf* Independently Published

The novel centres, in a very ambiguous way, around the life story of the protagonist Jacob Flanders, and is presented entirely by the impressions other characters have of Jacob (except for those times when we do indeed get Jacob's perspective). Thus, although it could be said that the book is primarily a character study and has little in the way of plot or background, the narrative is constructed as a void in place of the central character, if indeed the novel can be said to have a 'protagonist' in conventional terms.

Alan Bennett is the acknowledged master of the television play. This vintage collection of his work from the 1970s illustrates his skill and mastery of the medium from the beginning. Perceptive, poignant, truthful and very funny, the work here gives as much enjoyment in the reading as it did in the viewing, and provides a welcome addition to the Bennett canon. The television plays included are *A Day Out*,

*Sunset Across the Bay*, *A Visit from Miss Prothero*, *Me, I'm Afraid of Virginia Woolf*, *Green Forms*, *The Old Crowd* and *Afternoon Off*. This volume contains a new general introduction by Alan Bennett, as well as the original preface by Lindsay Anderson to *The Old Crowd*. A companion volume of Alan Bennett's work from the late 1970s and early 1980s is published as *Rolling Home*.

**Night and Day** BrightSummaries.com  
To Virginia Woolf, London was a source of creative inspiration, a setting for many of her works, and a symbol of the culture in which she lived and wrote. In a 1928 diary entry, she observed, "London itself perpetually attracts, stimulates, gives me a play & a story & a poem, without any

---

trouble, save that of moving my legs through the streets." The city fascinated Woolf, yet her relationship with it was problematic. In her attempts to resolve her developmental struggles as a woman write in a patriarchal society, Woolf shaped and reshaped the image and meaning of London. Using psychoanalytic, feminist, and social theories, Susan Squier explores the transformed meaning of the city in Woolf's essays, memoirs, and novels as it functions in the creation of a mature feminist vision. Squier shows that Woolf's earlier works depict London as a competitive patriarchal environment that excluded her, but her mature works portray the city as beginning to accept the force of female energy. Squier argues that this transformation was made possible by Woolf's creative ability to appropriate and revise the masculine literary and cultural forms of her society. The act of writing, or "scene making," allowed Woolf to break from her familial and cultural heritage and recreate London in her own literary voice and vision. Virginia Woolf and London is based on analyses of Woolf's memoirs, her little-known early and mature London essays, *Night and Day*, *Mrs. Dalloway*, *Flush*, and *The Years*. By focusing on Woolf's changing attitudes about the city, Squier is able to define Woolf's evolving belief that women could "reframe" the city-scape and use it to imagine and create a more egalitarian world. Squier's study offers significant new insights into the interplay between self and society as

it shapes the work of a woman writer.
