It is a story about two completely different boys coming together to become best friends and working hard to become starters for the varsity basketball team and winning the conference championship for the first time in school history. I think Deuker wrote this book because he wanted people to see that everyone is not the way they seem,

like Trent ...

 Night Hoops, like most of Carl Deuker's novels really focuses a lot on narrating actual games instead of the real message. I really enjoyed it though. Because of what his brother did, everyone assumes that the ...

Night Hoops by Carl Deuker - Goodreads
Fellow Word Shakers, When I started reading the book, Night Hoops by Carl Deuker, I was very bored. I felt like I wasn't relating to the characters and the plot was moving too slowly. I questioned whether I should start a new book; however, I persevered just like Nick, and I am very grateful that I stuck with it.

Night Hoops by Carl Deuker is an awesome book! This is the kind of book that you don't want to put down and you find that you are just reading late into the night until you just fall asleep, which I did a couple of times! I like this book for many reasons, not just because I like sports and books about sports but how it related to me and many other people in the world.

This book taught me that ...
