Solid and transparent data analysis is the most important basis for reliable interpretation of experiments. The technique of parallel spike train recordings using multi-electrode arrangements has been available for many decades now, but only recently gained wide popularity among electro physiologists. Many traditional analysis methods are based on firing rates obtained by trial-averaging, and some of the assumptions for such procedures to work can be ignored without serious consequences. The situation is different for correlation analysis, the result of which may be considerably distorted if certain critical assumptions are violated. The focus of this book is on concepts and methods of correlation analysis (synchrony, patterns, rate covariance), combined with a solid introduction into approaches for single spike trains, which represent the basis of correlations analysis. The book also emphasizes pitfalls and potential wrong interpretations of data due to violations of critical assumptions. Enough About Me Prentice Hall

In Illumination in the Flatwoods, Joe Hutto unveiled the secret lives of wild turkeys to great critical acclaim, which resulted in the Emmy Award – winning PSB documentary My Life as a Turkey. Now Hutto has done it again. Touching the Wild is the enchanting story about one man who has lived with a herd of mule deer in the Rockies for almost seven years. Due to the intense curiosity of one groundbreaking deer, and the resulting introduction to an entire herd, Joe Hutto has been allowed unprecedented access and insight into the minds and behavior of this special animal. Spending every day embedded among the herd, he develops an uncanny connection with the deer, witnessing individual and group dynamics never before observed and recorded, unveiling just how much we have in common with these delicate beings. Each season brings joy as fawns are born, and heartache as hunters, predators, development, and a pollution all take their toll. The mule deer of the West are in trouble, and Hutto is their most fervent advocate. Touching the Wild is proof that we have so much to learn from wild animals about their world, ourselves, and the fragile planet we share. Full color photos throughout.

With "elements of The Bold Type, Mad Men, and The Devil Wears Prada" (Entertainment Weekly), a young woman navigates a tricky twenty-first-century career—and the trickier question of who she wants to be—in this savagely wise debut novel Casey Pendergast is losing her way. Once a book-loving English major, Casey lands a job at a top ad agency that highly values her ability to tell a good story. Her best friend thinks she's a sellout, but Casey tells herself that she's just paying the bills—and she can't help that she has champagne taste. When her hard-to-please boss assigns her to a top-secret campaign that pairs literary authors with corporations hungry for upmarket cachet, Casey is both excited and skeptical. But as she crisscrosses America, wooing her former idols, she's shocked at how quickly they compromise their integrity: A short-story writer leaves academia to craft campaigns for a plus-size clothing chain, a reclusive nature writer signs away her life's work to a manufacturer of granola bars. When she falls in love with one of her authors, Casey can no longer ignore her own nagging doubts about the human cost of her success. By the time the year's biggest book festival rolls around in Las Vegas, it will take every ounce of Casey's moxie to undo the damage—and, hopefully, save her own soul. Told in an unforgettable voice, with razor-sharp observations about everything from feminism to pop culture to social media, A Lady's Guide to Selling Out is the story of a young woman untangling the contradictions of our era and trying to escape the rat race—by any means necessary. Praise for A Lady's Guide to Selling Out "Bitingly funny... [Sally] Franson's snappy debut nimbly skewers the high-flying world of advertising and romance in the age of social media... A memoir-in-essays from disability advocate and creator of the Instagram account @sitting\_pretty Rebekah Taussig, processing a lifetime of memories to paint a beautiful, nuanced portrait of a body that looks and moves differently than most. Growing up as a paralyzed girl during the 90s and early 2000s, Rebekah Taussig only saw disability depicted as something monstrous (The Hunchback of Notre Dame), inspirational (Helen Keller), or angelic (Forrest Gump). None of this felt right; and as she got older, she longed for more stories that allowed disability to be complex and ordinary, uncomfortable and fine, painful and fulfilling. Writing about the rhythms and textures of what it means to live in a body that doesn't fit, Rebekah reflects on everything from the complications of kindness and charity, living both independently and dependently, experiencing intimacy, and how the pervasiveness of ableism in our everyday media directly translates to everyday life. Disability affects all of us, directly or indirectly, at one point or another. By exploring this truth in poignant and lyrical essays, Taussig illustrates the need for more stories and more voices to understand the diversity of humanity. Sitting Pretty challenges us as a society to be patient and vigilant, practical and imaginative, kind and relentless, as we set to work to write an

entirely different story.
