THE DETECTIVES Detective Sergeant Kate Lewis is a feisty young detective with a dynamic approach to her job. She is plucky and tenacious, but also prone to being impetuous and headstrong. This often lands her in tight spots, earning her the nicknames 'Maverick' or 'Go-It-Alone' Kate, and it puts her on a collision course with the more bureaucratic hierarchy of the force. In stark contrast to Kate, her detective constable husband and partner, Hayden, is an overweight, untidy, ex-public schoolboy with a pompous, laidback attitude and an old-fashioned view of life, which drives Kate to distraction. But he is also highly intelligent, with a keen analytical mind and a practical, reasoned approach to everything, which, with a prevailing wind, can sometimes act as a break on his partner's more impulsive behaviour. THE SETTING The Somerset Levels covers an area of about 160,000 acres between the Mendips and Quantock Hills, in the County of Somerset. Sparsely populated outside the local towns of Bridgwater, Glastonbury and Street and prone to flooding, it is a haven for wild life; a place where the booming call of a bittern or the beating of an owl's wings in the mist is bound to fire the imagination of any self-respecting crime novelist, whose thoughts will invariably turn to . . . murder. THE AUTHOR David Hodges is a former police superintendent, with thirty years' service. Since 'turning to crime', he has received critical media acclaim, including a welcome accolade from Inspector Morse's creator, the late great, Colin Dexter, and he is now a prolific novelist with eleven published crime novels and an autobiography on his police career to his credit. His previous police experience has enabled him to provide a gritty realism to his thrillers.
