heartbreaking and

hilarious memoir by
iCarly and Sam &
Cat star Jennette
McCurdy about
her struggles as a
former child
actor—including
eating disorders,

addiction, and a complicated relationship with her overbearing mother—and how she retook control of her life. Jennette McCurdy was six years old when she had her first acting audition. Her mother’s dream was for her only daughter to become a star, and Jennette would do anything to make her mother happy. So she went along with what Mom called “calorie restriction,” eating little and weighing herself five times a day. She endured extensive at-home makeovers while Mom chided,

“ Your eyelashes are invisible, okay? You think Dakota Fanning doesn’t tint hers? ” She was even showered by Mom until age sixteen while sharing her diaries, email, and all her income. In *I’m Glad My Mom Died*, Jennette recounts all this in unflinching detail—just as she chronicles what happens when the dream finally comes true. Cast in a new Nickelodeon series called *iCarly*, she is thrust into fame. Though Mom is ecstatic, emailing fan club moderators and getting on a first-

name basis with the paparazzi (“ Hi Gale! ”), Jennette is riddled with anxiety, shame, and self-loathing, which manifest into eating disorders, addiction, and a series of unhealthy relationships. These issues only get worse when, soon after taking the lead in the *iCarly* spinoff *Sam & Cat* alongside Ariana Grande, her mother dies of cancer. Finally, after discovering therapy and quitting acting, Jennette embarks on recovery and decides for the first time in her life what she really wants. Told with

refreshing candor and dark humor, I ' m Glad My Mom Died is an inspiring story of resilience, independence, and the joy of shampooing your own hair. Night Myst Yasmine Galenorn Allergy is the sixth leading cause of chronic illness in the United States. More than fifty million Americans suffer from allergies, and they spend an estimated \$18 billion coping with them. Yet despite advances in biomedicine and enormous investment in research over the

past fifty years, the burden of allergic disease continues to grow. Why have we failed to reverse this trend? Breathing Space offers an intimate portrait of how allergic disease has shaped American culture, landscape, and life. Drawing on environmental, medical, and cultural history and the life stories of people, plants, and insects, Mitman traces how America ' s changing environment from the late 1800s to the present day has led to the epidemic growth of allergic disease. We have seen a never-

ending stream of solutions to combat allergies, from hay fever resorts, herbicides, and air-conditioned homes to numerous potions and pills. But, as Mitman shows, despite the quest for a magic bullet, none of the attempted solutions has succeeded. Until we address how our changing environment—physical, biological, social, and economic—has helped to create America ' s allergic landscape, that hoped-for success will continue to elude us. The Book of Night Women Penguin Night's end: Newly crowned Fae Queens Cicely and Rhiannon

have embraced their destinies and claimed their thrones. But Myst is rising once more, and now, at the helm of her armies, she begins her final assault on the Golden Wood. As Fae, vampires, and magic-born alike fall under the tide of blood, Cicely and her friends must discover a way to destroy the spidery queen before they—and their people—face total annihilation.

Dragon Wytch

Simon and Schuster Karen Lord's debut novel, which won the prestigious Frank Collymore Literary Prize in

Barbados, is an intricately woven tale of adventure, magic, and the power of the human spirit. Paama's husband is a fool and a glutton. Bad enough that he followed her to her parents' home in the village of Makende, now he's disgraced himself by murdering livestock and stealing corn. When

Paama leaves him for good, she attracts the attention of the undying ones - the djombi - who present her with a gift; the Chaos Stick, which allows her to manipulate the subtle forces of the world. Unfortunately, a wrathful djombi with indigo skin believes this power should be his and his alone. Bursting

with humor and rich in fantastic detail, Redemption in Indigo is a clever, contemporary fairy tale that introduces readers to a dynamic new voice in Caribbean literature. Lord's world of spider tricksters and indigo immortals, inspired in part by a Senegalese folk tale, will feel instantly familiar -

but Paama's adventures are fresh, surprising, and utterly original. *Night Shivers* Simon and Schuster We're the D'Artigo sisters: savvy half-human, half-Fae operatives for the Otherworld Intelligence Agency. My sister Delilah is a two-faced werecat and a Death Maiden. Menolly is a vampire married to a gorgeous werepuma and a vampire prince. And me? I'm Camille, a Moon Witch married to three gorgeous husbands, and I'm about to ascend to the throne of Dusk & Twilight. But the path to the throne lies through a labyrinth of dangers, which I must face alone...

Before I can fulfill my destiny to become the Queen of Dusk & Twilight, I must seek out the Keraastar Diamond. But to find the magical gem and take control over the Keraastar Knights, I must venture back to Otherworld, deep into the treacherous Tygerian Mountains. Once there, I face a magical trial by fire. If I fail, the chance to stop Shadow Wing will fade with me. If I succeed, my life will forever change. And I'm not certain which prospect frightens me the most.

Darkling Penguin Eons ago, vampires tried to turn the Dark Fae in order to harness their magic, only to create a demonic enemy more powerful than they imagined. Now

Myst, the Vampiric Fae Queen of the Indigo Court, has enough power to begin a long prophesied supernatural war. And Cicely Waters, a witch who can control the wind, may be the only one who can stop her and save her beloved Fae prince from the Queen's enslavement.

A Court of Thorns and Roses Yale University Press
Sarah J. Maas's sexy, richly imagined series continues with the journey of Feyre's fiery sister, Nesta. Nesta Archeron has always been prickly-proud, swift to anger, and slow to forgive. And ever since being forced into the Cauldron and becoming High Fae against her will, she's struggled to find a place for herself within the strange, deadly world she inhabits. Worse, she can't seem to move past the horrors of the war with Hybern and all she lost in it.

The one person who ignites her temper more than any other is Cassian, the battle-scarred warrior whose position in Rhysand and Feyre's Night Court keeps him constantly in Nesta's orbit. But her temper isn't the only thing Cassian ignites. The fire between them is undeniable, and only burns hotter as they are forced into close quarters with each other. Meanwhile, the treacherous human queens who returned to the Continent during the last war have forged a dangerous new alliance, threatening the fragile peace that has settled over the realms. And the key

to halting them might very well rely on Cassian and Nesta facing their haunting pasts. Against the sweeping backdrop of a world seared by war and plagued with uncertainty, Nesta and Cassian battle monsters from within and without as they search for acceptance-and healing-in each other's arms. *Flight from Mayhem* Penguin Meet Katie Ball. Originally a Brit, Caroline Cienki has fond memories of vacations spent in the rural North of England with her grandparents, where she learned to love the countryside. She now lives in the US, and calls

Texas her home along with her husband, two children and three fun-loving doggies. Among her current passions are home-making, travel and spiritual formation. The God Chair is her first children's book.

When an old friend of Alex contacts him about a haunting at the High Tide Bed & Breakfast in Port Townsend, Washington, we think we're on a simple ghost hunt. But our investigation

quickly transforms into a deadly fight as we uncover an eighty-year-old murder, a cursed house, and a dark force trapping the spirits within. To stop impending disaster we must break the curse and lay the angry spirits to rest.

The study of electoral realignments is one of the most influential and intellectually stimulating enterprises undertaken by American political scientists. Realignment theory has been seen as a science

able to predict changes, and generations of students, journalists, pundits, and political scientists have been trained to be on the lookout for “signs” of new electoral realignments. Now a major political scientist argues that the essential claims of realignment theory are wrong—that American elections, parties, and policymaking are not (and never were) reconfigured according to the realignment calendar. David Mayhew examines

fifteen key empirical claims of realignment theory in detail and shows us why each in turn does not hold up under scrutiny. It is time, he insists, to open the field to new ideas. We might, for example, adopt a more nominalistic, skeptical way of thinking about American elections that highlights contingency, short-term election strategies, and valence issues. Or we might examine such broad topics as bellicosity in early American history, or racial questions in much of our electoral

history. But we must move on from an old orthodoxy and failed model of illumination. *The Siren Depths* Berkley "Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an

account of my life and fortunes would not be uninteresting to the public." -an excerpt

The Authority of the Court and the Peril of Politics

Bloomsbury Publishing USA

An expedition of groundlings from the Empire of Kish have traveled through the Three Worlds to the Indigo Cloud court of the Raksura, shape-shifting creatures of flight that live in large family groups. The groundlings have found a sealed ancient city at the edge of the shallow seas, near the deeps of the impassable Ocean. They

believe it to be the last home of their ancestors and ask for help getting inside. But the Raksura fear it was built by their own distant ancestors, the Forerunners, and the last sealed Forerunner city they encountered was a prison for an unstoppable evil. Prior to the groundlings' arrival, the Indigo Cloud court had been plagued by visions of a disaster that could destroy all the courts in the Reaches. Now, the court's mentors believe the ancient city is connected to the foretold danger. A small group of warriors, including consort Moon, an

orphan new to the colony and the Raksura's idea of family, and sister queen Jade, agree to go with the groundling expedition to investigate. But the predatory Fell have found the city too, and in the race to keep the danger contained, the Raksura may be the ones who inadvertently release it. The Edge of Worlds, from celebrated fantasy author Martha Wells, returns to the fascinating world of The Cloud Roads for the first book in a new series of strange lands, uncanny beings, dead cities, and ancient danger.

Yasmine Galenorn Menolly is distracted from planning her promise ceremony with her werepuma lover when she learns that Shadow Wing wants to reignite the Scorching Wars and that the Lord of Ghosts is trying to control Earthside's magical beings.
