[John Shaw's Guide to Digital Nature Photography](#)

This book is much more than a history of the high-quality cameras and lenses that have made Nikon a

renowned name in the world of photography. It is also a chronicle of the birth of this Japanese manufacturer and the way in which it has evolved to keep abreast of advances in technology and ahead of the competition. Profusely illustrated throughout with rare archive material from around the world, and augmented by a feast of original pictures of the cameras in use, the text is enhanced by extensive appendices containing a
