After School Nightmare 3

By the time I'd arrived at my new flat in London, I'd met a tall, dark stranger, discovered he was my new next-door neighbour – and I'd shown him my knickers! Not bad for a city girl in training! Just between you and me, it was completely unintentional – my suitcase exploded on the pavement... Philly is young, free and single – and definitely not looking for Mr. Right! But can she help it that the most gorgeous man alive happens to live next door? Convinced he'll never look twice at someone like her, Philly needs a little encouragement from her new flatmates. And a lot of encouragement from this gorgeous stranger, who's surely destined to become her husband!

L1 and L2 Mental Lexicons in Chinese

Dementia and Alzhiemers coloring in book In recent years, the health benefits of coloring have been explored and studied. Seniors, especially those with dementia and alzhiemers, greatly benefit from neurological stimulation, and coloring in is one of the ways to achieve this much needed brain exercise. The benefits found throughout numerous studies may include: Reduction of stress and anxiety Improved motor skills and vision Improved sleep and focus Decision making skills It is important to note however, that different activities will work and be favoured by those with dementia differently - that is - some may love coloring, while others may hate it. This coloring book has been developed specifically for individuals with Dementia and Alzheimers, as well as any other seniors looking for a coloring in activity book. How does this book differ from other coloring books: This book only contains simple shapes and patterns. Rather than being specific objects or animals etc, this book contains shapes and patterns that encourage decision making - How can I make this page look good? Use of thick lines, making it easier for seniors to 'stay in the lines' Each page is repeated twice. For those who use the book in order, carers and family members will be able to track progress (I.e Coloring in may be messy to begin with, but improve throughout the book indicating improvement in cognitive function. Conversely, coloring in may be clean to begin with, and slowly get less coherent, indicating a decline in your loved ones health and indicating the need for greater assistance and care levels) It is recommended that a schedule is developed with these activities, to provide further structure to your loved one or patient. This may include a certain goal to meet (E.g. 1 Page per day) or an allocated time slot to color in. Consistency is key to improvement. Book Features: 60 Coloring in pages (30 designs repeated twice) Single sided print, allowing for use of texta and ink pen and preventing bleed through White paper Perfect bound book Softcover 8.5 x 11 inch
