A collection of brief, but intimate meditations on life and culture ranging from controversial matters to private moments The internationally acclaimed author

---

Claudio Magris offers a collection of brief "snapshots" reflecting on life and culture from 1999 to 2013 through his very personal lens. Some pieces portray private, intimate moments, while others offer views on public, sometimes controversial matters; the tone is sometimes serious, sometimes humorous, sometimes ironic, but always engaging. The panoramic nature of the vignettes is broad in scope, encompassing a variety of subjects rendered in quick, decisive brushstrokes. It is a little like leafing through a photo album of our times and our society while a learned companion seated beside us offers a perceptive running commentary. Magris's wit--at times pungent, at times self-

deprecating, always keen--is refreshingly affable. A continuing adventure by the author who has reinvented "travel literature."  
**Snapshot** National Learning Corporation Life is hectic enough for suburban single mom Jane Jeffrey this Christmas season--what with her having to survive cutthroat church bazaar politics and finish knitting the afghan from Hell at the same time. The last thing the harried homemaker needs is an unwelcome

visit from old acquaintance Phyllis Wagner and her ill-mannered brat of a teenage son. And the Wagner picture becomes even more complicated when a dead body is woven into the design. Solving a murder, however, is a lot more interesting than knitting, so Jane's determined to sew the whole thing up. But with a plethora of suspects and the appearance of a

---

second corpse, this deadly tapestry is getting quite complex indeed. And Jane has to be very careful not to get strangled herself by the twisted threads she is attempting to unravel.

Taryn Clark thought she'd outgrown the need to find her birth mother. She thought that a successful career and a comfortable life in the city were enough to be happy. Did she really

need to know about the woman who had given her away? Adopted at birth, her first few years were happy. It hadn't mattered that she didn't know her heritage; she had parents who loved her and wanted her. But divorce, and then death, ripped their tiny family apart, and at the tender age of six, she entered the foster care system. Over the next dozen years, she shuffled from home to home. Finding her roots seemed an impossible dream. But dreams are resilient. An unexpected discovery awakens old

yearnings of belonging to a family, of being part of something bigger than herself. Finding the brief, ambiguous note from her birth mother is enough to unfurl the ribbons of hope still binding her heart. Her quest takes her to Lancaster County, Pennsylvania and the heart of the Plain community. Aided by her unique eye color, a healthy dose of luck, and the private investigator she hires, Taryn finds her birth family easily enough, but finding the truth is another matter. In all her musings, she never

---

imagined a scenario where her mother might be Amish. She never imagined that the fabric of her life might be a patchwork of faith and fear, stitched together with a dark family secret. Taryn is determined to trace her roots, even if it means digging in the mud to do so. Now she's caught in the quicksand of a shocking discovery and the consequences of choices made, almost forty years ago. She'll risk everything to uncover the truth and to claim the family--and the roots--she so desperately

craves. Food Photography Peachpit Press

In the summer of 1949 fifteen smokejumpers parachuted into a remote

Montana canyon called Mann Gulch. It started as a very small fire in rugged country but within two hours after landing, thirteen of these young men were caught in a raging inferno and were killed. They died bravely, together with their friends, and in the service of their country. Everyone was young and attractive, healthy and strong, enthusiastic and in love. They were bursting into the prime of their lives. There were no malcontents here. Everyone did their best but events overtook them. Until

now the actual time line has never been connected to the people involved. Fire in Montana connects the lives of young smokejumpers who lived with a joy of life and expectations of shining futures, the forest rangers and volunteers who fought valiantly to rescue them, and their families, lovers, and friends who were forced to wait and pray, then face the devastating and heart wrenching loss.
