The Nikon F4 was, and
probably still is, the
most modern and
innovative film camera
Nikon ever produced. I
know, I know,...Nikon
F100, F5 and F6 had
some really cool
additions. But for a
camera produced from
1988 to 1996, it's
still the only Nikon
that maintained all
the manual knobs,
maximum
compatibility,...and
was useful in a gang
brawl!
