On-location photographers are faced with ever-changing lighting conditions due to the time of day, the weather, or the surroundings, and this book explores how to evaluate, use, and shape the available light to get the best results in any situation. The book begins by showing photographers how to assess available light and exposure, providing information on the quality and characteristics of light and the necessary tools and techniques for measuring them.

---

The guide then focuses on portable lighting solutions that a single photographer can use—with minimal or no assistance—to customize the given light, from on-camera flashes and monolights with battery packs to umbrellas, soft boxes, and LED video lights. Numerous examples of difficult lighting situations are offered, as well as the progression of different light sources used—both correctly and incorrectly—to capture the final photograph.

photographers most of all. In *Close Up Photography in Nature*, best-selling authors and nature photography pros, John and Barbara Gerlach, share the tips and techniques necessary to successfully photograph the beauty all around you. The Gerlachs are celebrated teachers who understand a photographer's mind so they begin this book with a brief overview of the fundamentals before delving into some of the more advanced and unique challenges of close up photography. Topics covered include: advanced flash techniques specific for close up shooting, as well as a discussion on focus stacking strategies and tilt-shift lenses for getting maximum depth-of-field. The Gerlachs also discuss their strategy of mixing flash with natural light when shooting close up, which opens up all sorts of photographic possibilities – opening up shadows, creating shadows, separating the subject from the background, reducing contrast between the subject and the background, improving the color rendition, shooting sharper images, and much more. This book will change the way you see the world as well as the way you share it through your work! the world through your work!
