programs. In this all-new guide he says: Audis are beautiful to behold but hell to own (biodegradable transmissions, "rodent snack" wiring, and mind-boggling depreciation) Many 2011-12 automobiles have "chin-to-chest head restraints, blinding dash reflections, and dash gauges that can't be seen in sunlight, not to mention painful wind-tunnel roar if the rear windows are opened while underway) Ethanol and hybrid fuel-saving claims have more in common with Harry Potter than the Society of Automotive Engineers GM's 2012 Volt electric car is a mixture of hype and hypocrisy from the car company that "killed" its own electric car more than a decade ago You can save \$2,000 by cutting freight fees and "administrative" charges Diesel annual urea fill-up scams can cost you \$300, including an \$80 "handling" charge for \$25 worth of urea

Thrillcraft: The Environmental Consequences of Motorized Recreation explores the ecological, economic, political, and cultural effects of a mounting crisis. Essays by scientists, economists, activists, social critics, and others outline the many ways thrillcraft attack and degrade our collective natural heritage. More than one hundred photographs document how this motorized assault is destroying ecosystems from the Florida Everglades to the Alaskan tundra. Thrillcraft makes no bones about the need to take back our wildlands, our culture, and our peace and quiet from this growing nuisance. Charting a vision for the future, the book tells the stories of successful campaigns where motorized recreation has been reduced or eliminated from public lands. In the end, the choice is ours: either we rein in this motorized menace or we lose the natural landscapes that make America special.

This book details the organization and operation history of these units throughout the war in Northwest Europe from 1944 to 1945, covering the desperate night drops over Normandy in support of the D-Day invasions, through the capture of Nijmegen during Operation Market-Garden to Operation Varsity, the last great airborne operation of the war to secure the crossing of the Rhine.
