A "profound and inspiring" collection of ancient indigenous wisdom for "anyone wanting the healing of self, society, and of our shared planet" (Peter Levine, author of *Waking the Tiger: Healing Trauma*). A Penobscot Indian draws on the experiences and wisdom of the First Nations to address environmental justice, water protection, generational trauma, and more. Drawing from ancestral knowledge, as well as her experience as an attorney and activist, Sherri Mitchell addresses some of the most crucial issues of our day—including indigenous land rights, environmental justice, and our collective human survival. Sharing the gifts she has received from the elders of her tribe, the Penobscot Nation, she asks us to look deeply into the illusions we have labeled as truth and which separate us from our higher mind and from one another. Sacred Instructions explains how our traditional stories set the framework for our belief systems and urges us to decolonize our language and our stories. It reveals how the removal of women from our stories has impacted our thinking and disrupted the natural balance within our communities. For all those who seek to create change, this book lays out an ancient world view and set of cultural values that provide a way of life that is balanced and humane, that can heal Mother Earth, and that will preserve our communities for future generations.

“Thursday morning. One hundred pounds overweight, no man in sight, and rounding the bend to 57 years old—a full-blown catastrophe.” What happens when you realize you’ve had the career of your dreams, but you don’t have the life of your dreams? This was the stark reality facing Sheri Salata when she left her twenty-year stint at The Oprah Winfrey Show, Harpo Studios and the OWN network. She had dedicated decades to her dream job, and loved (almost) every minute of it, but had left the rest of her life gathering dust on the shelf. After years of telling other people’s makeover stories, Sheri decided to “produce” her own life transformation. And this meant revisiting her past, excavating its lessons, and boldly reimagining her future. In these pages, she invites readers along for the ride—detoxing in the desert, braving humiliation at Hollywood’s favorite fitness studio, grappling with losses, reinventing friendships, baring her soul in sex therapy, and more. Part cautionary tale, part middle-of-life rallying cry, Sheri’s stories offer profound inspiration for personal renewal.
