This beautiful four-color book opens the eyes of women to see themselves the way God sees them. Many don't even know that they are daughters of the King - chosen to be His Princess. Somewhere between childhood and adulthood, they trade in their fairy-tale dreams of being cherished for a tarnished identity fashioned by their own insecurities and the mixed-up messages of the media. Now, these tenderly adoring letters written from God's persepective demonstrate that every woman is beautiful just the way she is. Walking in confidence toward her God-given purpose, every woman can bless others - even future generations. It's hard to look at our lives and think of ourselves as royalty. But the truth is, God is our King and wer are chosen by Him. As your soul soaks in these love letters from your King, be

affirmed of who you are, why you are here, and how much you are loved. For we are God's masterpiece. He has created us anew. Ephesians 2:10, NLT

BESTSELLER • The award-winning book that inspired an Apple Original series from Apple TV+ • A landmark investigation of patient deaths at a New Orleans hospital ravaged by Hurricane Katrina—and the suspenseful portrayal of the quest for truth

and justice—from a Pulitzer Prize-winning physician and reporter “An amazing tale, as inexorable as a Greek tragedy and as gripping as a whodunit.”—Dallas Morning News After Hurricane Katrina struck and power failed, amid rising floodwaters and heat, exhausted staff at Memorial Medical Center designated certain patients last for rescue. Months later, a doctor and two nurses were arrested and accused of injecting some of those patients with life-ending drugs. *Five Days at Memorial*, the culmination of six years of reporting by Pulitzer Prize winner Sheri Fink, unspools the mystery, bringing us inside a hospital fighting for its life and into the most charged questions in health care: which patients should be prioritized, and can health care professionals ever be excused for hastening death? Transforming our understanding of human nature in crisis, *Five Days at Memorial* exposes the hidden dilemmas of end-of-life care and reveals how ill-prepared we are for large-scale disasters—and how we can do better. Sinister Urge is the first in-depth, career-spanning biography of heavy-metal musician and filmmaker Rob Zombie. Born Robert Cummings in 1965, Zombie is now as well known for his movies as he is for his music, which he has released and performed both as a solo artist and as part of his early band White Zombie. In both fields, he imbues his art with the vivid sense of macabre theater that has thrilled his millions of disciples since he and his band first emerged with Soul-

Crusher in 1987.

Although he has sold millions of albums and generated many more millions of dollars at the box office, Zombie has never taken the easy option or the predictable route. Indeed, while the music industry and many of his peers have fallen to their knees in the last decade or so, Zombie has found a new edge, his work undiluted by success or middle age. Drawing on original research and new interviews with bandmates and associates, Sinister Urge takes a detailed look at Zombie's challenging oeuvre, offering close analysis of his albums and films alongside tales of his life and work on and offstage.
