Bond on Set Good Press

A landmark biography explores the crucial resonances among the life, work, and times of one of the most influential filmmakers of our age When Jean-Luc Godard wed the ideals of filmmaking to the realities of autobiography and current events, he changed the nature of cinema. Unlike any earlier films, Godard's work shifts fluidly from fiction to documentary, from criticism to art. The man himself also projects shifting images—cultural hero, fierce loner, shrewd businessman. Hailed by filmmakers as a—if not the—key influence on cinema, Godard has entered the modern canon, a figure as mysterious as he is indispensable. In *Everything Is Cinema*, critic Richard Brody has amassed hundreds of interviews to demystify the elusive director and his work. Paying as much attention to Godard's technical inventions as to the political forces of the postwar world, Brody traces an arc from the director's early critical writing, through his popular success with *Breathless*, to the grand vision of his later years. He vividly depicts Godard's wealthy conservative family, his fluid politics, and his tumultuous dealings with women and fellow New Wave filmmakers. *Everything Is Cinema* confirms Godard's greatness and shows decisively that his films have left their mark on screens everywhere.

"Horowitz delivers an entertainment sure to please James Bond fans." — Publishers Weekly (starred review)

"The heart of any good thriller is the plot, and...Horowitz doesn't disappoint." — New York Times Book Review Blockbuster author Anthony Horowitz delivers a riveting and stylish take on literary legend James Bond (authorized by the Ian Fleming Estate) with a story that unfolds in the 1950s—and is the first new Bond novel to feature recently discovered original material by Ian Fleming. It's 1957 and James Bond (agent 007) has only just survived his showdown with Auric Goldfinger at Fort Knox. By his side is Pussy Galore, who was with him at the end. Unknown to either of them, the USSR and the West are in a deadly struggle for technological superiority. And SMERSH is back. The Soviet counter-intelligence agency plans to sabotage a Grand Prix race at the most dangerous track in Europe. But it's Bond who finds himself in the driving seat and events take an unexpected turn when he observes a suspicious meeting between SMERSH's driver and a sinister Korean millionaire, Jai Seong Sin. Soon Bond is pitched into an entirely different race uncovering a plan that could bring the West to its knees. Welcoming back familiar faces, including M and Miss Moneybags, international bestselling author Anthony Horowitz ticks all the boxes: speed, danger, strong women and fiendish villains, to reinvent the golden age of Bond in this brilliantly gripping adventure. *Trigger Mortis* is also the first James Bond novel to feature previously unseen Ian Fleming material. This is James Bond as Fleming imagined him.

Anthony Lane on Con Air— "Advance word on Con Air said that it was all about an airplane with an unusually dangerous and potentially lethal load. Big deal. You should try the lunches they serve out of Newark. Compared with the chicken napalm I ate on my last flight, the men in Con Air are about as dangerous as balloons." Anthony Lane on The Bridges of Madison County— "I got my copy at the airport, behind a guy who was buying Playboy's Book of Lingerie, and I think he had the better deal. He certainly looked happy with his purchase, whereas I had to ask for a paper bag." Anthony Lane on Martha Stewart— "Super-skilled, free of fear, the last word in human efficiency, Martha Stewart is the woman who convinced a million Americans that they have the time, the means, the right, and—damn it—the duty to pipe a little squirt of soft cheese into the middle of a snow pea, and to continue piping until there are 'fifty to sixty' stuffed peas raring to go." For ten years, Anthony Lane has delighted New Yorker readers with his film reviews, book reviews, and profiles that range from Buster Keaton to Vladimir Nabokov to Ernest Shackleton. Nobody's Perfect is an unforgettable collection of Lane's trademark wit, satire, and insight that will satisfy both the long addicted and the not so familiar.

- Iconic portraits and contact sheets from Goldfinger, Diamonds are Forever, Live and Let Die, Golden Eye and the Bond spoof, Casino Royale- The new James Bond film, No Time to Die, releases world-wide in April 2020- Documented by one of the world's greatest photographers: Terry O'Neill- Contributions from actors including Honor Blackman, George Lazenby and Jane Seymour- Includes rare and unseen images- The perfect gift for fans of James Bond- Terry O'Neill was given his first chance to photograph Sean Connery as James Bond in the film Goldfinger. From that moment, O'Neill's association with Bond was made: an enduring legacy that has carried through to the era of Daniel Craig. It was O'Neill who captured gritty and roguish pictures of Connery on set, and it was O'Neill who framed the super-suave Roger Moore in Live and Let Die. His images of Honor Blackman as Pussy Galore are also important, celebrating the vital role of women in the James Bond world. But it is Terry O'Neill's casual, on-set photographs of a mischievous Connery walking around the casinos of Las Vegas or Roger Moore dancing on a bed with co-star Madeline Smith that show the other side of the world's most recognizable spy. Terry O'Neill opens his archive to give readers - and viewers - the chance to enter the dazzling world of James Bond. Lavish color and black and white images are complemented by insights from O'Neill, alongside a series of original essays on the world of James Bond by BAFTA-longlisted film writer, James Clarke; and newly-conducted interviews with a number of actors featured in O'Neill's photographs.

In the 1950's and 60's, Kansas farm life meant milking cows, gathering eggs, and butchering hogs and steers. It meant raising a garden, preparing meals from scratch, sewing clothes, and churning butter. It meant living close to the earth. It was a special time when children could wander the pastures and fields without fear and come home dirty after a day of hard play and harder work. Farmers produced much of what they needed to live, and were almost completely self-sufficient. Farm life was basic, simple and sweet, and family was the most important thing. There's No Place Like Home is the story of a Kansas farm family. It is the unique story of life in

a different time and place, before technology and automation changed how things are done on the farm. It was a time when a farm life was a family project, and everyone contributed. A collection of anecdotes and oral histories, this story includes the tales of a childhood on a Kansas farm in the mid 20th century, and the joys and regrets for generations of such a life. It is the story of a life on the Kansas prairie, a celebration of the land and people of Kansas and a re-telling of the histories of one family, recounted around the kitchen table. It tells of the struggles, hopes and disappointments of life in a simpler time and place.

Whatever happened to him actually outshines anything I've had my James Bond do. --Ian Fleming James Bond: author, ornithologist, marksman, and . . . identity-theft victim? When James Bond published his landmark book, *Birds of the West Indies*, he had no idea it would set in motion events that would link him to the most iconic spy in the Western world and turn his life upside down. Born into a wealthy family but cut off in his early twenties, James Bond took off to the West Indies in search of adventure. Armed with arsenic and a shotgun, he took months-long excursions to the Caribbean to collect material for his iconic book, *Birds of the West Indies*, navigating snake-infested swamps, sleeping in hammocks, and island-hopping on tramp steamers and primitive boats. Packed with archival photos, many never before published, and interviews with Bond's colleagues, here is the real story of the pipe-smoking, ruthless ornithologist who introduced the world to the exotic birds of the West Indies.

From the legacy of Ian Fleming come these two recently discovered short novels—superb examples of JAMES BOND AT HIS BEST They were written by 007 ' s creator before his death and are published here in book form for the first time. OCTOPUSSY is set in Fleming ' s favourite pleasure paradise, Jamaica in the British West Indies. THE LIVING DAYLIGHTS takes place in, what is for Fleming, a new kind of locale: the border territory that divides East and West Berlin. In both novellas Fleming gives the audacious Bond the power of life—or death—over two very different adversaries. Bond ' s first quarry is a rather odd Englishman, the very proper Major Dexter Smythe. Smythe is a retired officer of the Royal Marines. He is a man of no visible wealth, yet he lives in luxurious idleness. His pet diversion—indeed his obsession—is a dangerous experiment that he is conducting with a predator of the deep, with a many-tentacled beauty whom he fondly has named Octopussy.... Bond ' s second target is one of Fleming ' s most tantalizing villains, a person whom Bond, and the reader, glimpses but never meets. M. sends Bond to West Berlin to safeguard the escape of Number 272, a British agent who is privy to Russia ' s top-secret atomic plans. Agent 272 is to make his break for freedom across the East Berlin frontier. The big trouble is: the KGB knows the escape plan and that plan cannot be changed. They have assigned their best sniper, Trigger, to shoot 272 on the run, on a certain street, at a certain time. Armed with a .308-caliber International Experimental Target rifle, Bond must stake out the sniper and kill him before he kills 272...
