Based on actual events, this soul-gripping tale is an account of survival in the urban jungle of Chicago, in the 1980s. While embarked on his own street-journey, Michael Scott enters a world in which a band of brothers are locked in a desperate engagement, an Alamo-like siege of their hood. Amidst turbulent conditions, the narrator gives us all a ticket to ride next to him on this roller coaster ride, with its twist and turns of horror and frustration, suspense and humor. Following in the tradition of profound gang tales such as "The Outsiders" and "West Side Story," this must-read book goes beneath the hardcore surface to show the struggle of the human spirit.

Do you remember what it was like to hear your own echo? It was so amazing that you had to do it again and again. Often we stumble upon these locations by accident but when conditions are right, an echo is unavoidable. The Apostle Paul suggests that when the Holy Spirit lives inside of us, certain character traits become inevitable. Join Mark Jones as he takes you on an excursion in search of the echo of God for your own life through the examination of the Fruit of the Spirit. Echoes of Heaven is a fresh look at Galatians 5:22-23, both for individual study and small group interaction. Book jacket.

Dr. Karen Hutchins is an anointed woman of God who has overcome such major battles as divorce, death of immediate family members, and major illnesses. Because of her close communion with God and total reliance on His sovereignty, she has thrived through those battles, with a deeper appreciation of the power and love of God. Karen gave her life to the Lord as a child, and pursued Him through leading worship and teaching and preaching in churches in Texas, Washington, and North Dakota. Karen has a bachelor's degree in ministry, a master's degree in theology, and a doctorate in Christian counseling. In her hunger for God's truth, Karen is continually seeking God's heart for the wisdom He wants to impart to His church today. She conveys that wisdom through speaking at women's groups, Bible studies, conferences and retreats, and from the pulpit. She and her husband, Wayne "Hutch," live in North Dakota, where he pastors two churches, with her by his side. Together, they make a powerful team through which God has worked miracles. Her son, Jason Breshears, his wife, Jennifer, and their two daughters, Hayley and Hannah, live outside Houston.

This book focuses on 50 of the most important entertainers in the history of country music, from its beginnings in the folk music of early America through the 1970s. Divided into five distinct categories, it discusses the pioneers who brought mountain music to mass audiences; cowboys and radio stars who spread country music countrywide; honky-tonk and bluegrass musicians who differentiated country music during the 1940s; the major contributions that female artists made to the genre; and the modern country sound which dominated the genre from the late 1950s to the mid-1980s. Each entry includes a brief biography of the chosen artist with special emphasis on experiences which influenced their musical careers. Covered musicians include Fiddlin' John Carson, Riley Puckett, Gene Autry, Roy Rogers, Bob Wills, Bill Monroe, Hank Williams, Sr., Dale Evans, June Carter Cash, Loretta Lynn, Buck Owens, Roy Clark, Willie Nelson and Merle Haggard.

As the last flames of the Second World War flickered and died, Germany emerged into an apocalyptic wasteland, where the Hitler Youth generation would be cursed with the running sore of National Socialism. With the uncaged bear of the Soviet Union flexing its muscles and the escalating tensions between East and West providing some distraction from the funeral pyre of the Third Reich, those living in West Germany soon understood that they were the geological bulkhead, a component in the prevention of communism spreading throughout the infantile peace of post-Second World War Europe. Despite all the destruction and political tensions which surrounded them, the young men and women of Germany were keen to experience the world beyond their own precarious borders. In August 1945, Tia Schuster

and Lisa Kraus were two fourteen-year-old Berliners, and - like many - they found themselves shoehorned into what was to be the second 'new era' of their young lives. The first had brought about only death and destruction, yet this second had a cold unfamiliarity about it. As the late 1940s gave way to the 1950s and '60s, a series of new decadent eras - of rock-n-roll, fashion, flower power and sexual revolution - was on the horizon, which posed a threat to the traditional German way of life championed by the Nazi regime and post-Second World War German government. With this heady mixture of newfound freedom, the youth of Germany unwittingly became a feature of everything that both fascism and communism despised. This unique work tells the story of the tentative steps taken by young men and women into the 'afterlife of Nazi Germany'. Encompassing memoirs along the way, it presents a quirky portrayal of charm, humor, mischief and personal accomplishment along with a vitally important slice of (West) Germany's social history, which has remained hidden from the literary world for decades. As Tia Schuster remarked: 'The world suddenly became a very big piece of pie, we wouldn't be happy with just taking a slice of this pie, no, we wanted the whole damn thing and we didn't care if it made us sick or not!'

I should've walked away and forgot the whole thing. Coulda, shoulda, woulda... didn't. She told me not to get attached, but I did it anyway. If I thought our first sexual encounter changed my life, the second one rearranged my future.

Enos is a biblical character. Enos is the grandson of Adam. In different bibles this name is spelled Enos, Enoch, and Enosh. It is said that Enos was the first human being to reach up to the heavens to pray to God for guidance. Enos, as far as science is concerned, would be the first early-on human being that paused one day suddenly to speak to God in the sky. This is so because somewhere in our past there would have to be a first person to do something like this. My book ENOS is my own prayerful quest to know the whole truth about humanity at long last. I do have it here. I believe I do because I asked for some guidance from God as did Enos. I started writing my book in 1983 and it is based on a stark experience I had when I encountered some amazing wisdom in 1969. This experience made me want to know more about God in life. My quest is based on a book I read that a young woman named Buffy put together in 1969, which had the wisest words I have ever encountered. Buffy had what she called a report. She had a report that claimed to contain the real truth about humanity in the universe. My book Enos is a similar phenomenal report about humanity and much more. My book is much the same as Buffys report because it is a recreation of what I saw in her report ... that, indeed, some Aliens did come to the earth in 1969 to create a new bible for our world! There is a conversation that goes on for about 400 pages of my writing. In this way a new body of wisdom is born. My writing is about 700 pages in total. My book is not about my view of the universe revealing Gods might to us. My book is more like a prayerful quest because I am asking God in the universe for answers. I know that I have the same basic wisdom contained in Buffys book. My writing contains hundreds of new finding sentences. We know these as long standing wise sayings ... like ... He Who Lives by the Sword Will Die by the Sword. A few years after I met Buffy, from the day when she told me that some wise Aliens had abducted her and her friends, I ran into Buffy again. When I questioned her she said her report from those days was junk. She said ... You know how we were in those days, George. Her report wasnt junk to me and I had to have it back. Buffy didnt even know where her original report book was! On this very occasion I made a vow to God and I started getting finding sentences immediately. These are transcribed all throughout my writing. God always wins. In ENOS we learn that humanity is a part of God and part of some advanced Alien life form intelligence that came to the earth about 200,000 years ago. I am talking about the giants we read about in our basic Christian Bible in Genesis. This situation of a foreign intelligence cannot last long and when it is over only a Godly being will remain that suits this earth perfectly for a very long time. This foreign intelligence is humanity. Enos is about God in the

universe. Enos teaches us how to live freely for a million years. Enos is a new American style mindset [American lingo] about the wisdom that all natural creatures have known through the eons. The Aliens themselves in Enos are an amazing perfectly natural life form that has survived a long time in evolution to become who they are now ... who they want to be. My book has to be known as a religion. This bold statement goes along with the process by which I have been able to write this book out at all. Enos is also an overly long diatribe of rhetorical writing that many will not like ... and some will be completely enthralled by. It can also be looked upon as being a book of poetry. Enos has about 50 poems in it, a few long poems and many short ones ... and many passages that are poetic like. The Aliens in my report say that this entire writing is a prolonged po
