systems, each internally coherent and with great explanatory power. Despite this, one of the unique things about human consciousness is our ability to step outside ourselves, to see things from another perspective, and to change our minds. I ask you to examine the evidence and to examine the views of people you might normally discard out of hand. If you make the effort, even if you remain unconvinced, you will nonetheless find the process spiritually rewarding.

Obediah Prichard (b.ca. 1755), grandson of Obediah and

Margaret Prichard, elsewhere. was probably the father of Joshua Prichard Sr. (1780/1782-1863). If so, Obediah moved from Pennsylvania or Maryland to South Carolina, where Joshua Sr. was born. Joshua Prichard Sr. married Milley Tippen about 1804, moved from South Carolina to Gwinnett County, Georgia by 1820, and by 1840 moved to Cobb County, Georgia. Descendants (chiefly spelling the surname Pritchard) and relatives lived in South Carolina, Georgia, Tennessee, Arkansas, Oklahoma, Texas, California and

description of creation with the latest scientific theories in a line-by-line annotation of the first eleven chapters of Genesis, highlighting the scientific accuracy of many parts of the scriptural account **Psychology and Folklore** A groundbreaking account of how Britain became the base of operations

for the exiled leaders of Europe in their desperate struggle to reclaim their continent from Hitler, from the New York Times bestselling author of *Citizens of London and Those Angry Days* When the Nazi blitzkrieg rolled over continental Europe in the early days of World War II, the city of London became a refuge for the governments and armed forces of six occupied nations who escaped there to continue the fight. So, too, did General Charles de Gaulle, the self-appointed representative of free France. As the only European democracy still holding out against Hitler, Britain became known to occupied countries as "Last Hope Island." Getting there, one young emigré declared, was "like getting to heaven." In this epic, character-driven narrative, acclaimed historian Lynne Olson takes us back to those perilous days when the British and their

European guests joined forces to combat the mightiest military force in history. Here we meet the courageous King Haakon of Norway, whose distinctive "H7" monogram became a symbol of his country's resistance to Nazi rule, and his fiery Dutch counterpart,

Queen Wilhelmina, whose antifascist radio broadcasts rallied the spirits of her defeated people. Here, too, is the Earl of Suffolk, a swashbuckling British aristocrat whose rescue of two nuclear physicists from France helped make the Manhattan Project possible. Last Hope

Island also recounts some of the Europeans' heretofore unsung exploits that helped tilt the balance against the Axis: the crucial efforts of Polish pilots during the Battle of Britain; the vital role played by French and Polish code breakers in cracking the Germans' reputedly indecipherable
