Book 1 in the Hard Rock Harlots Series WARNING: STRINGS is not suitable for slut shamers, uptight stone throwers, Holier-Than-Thou prudes, humorless virgins, persons with chronic neck or back pain, pearl-clutching bitties, those who disparage crude humor or vulgarity in their many forms, closed-minded people with sticks up their asses, or anyone under the age of 18. The vile, base language and shocking, unholy sexual acts contained herein are not condoned by anyone with a lick of sense and should certainly not be reproduced without proper training and protection. The potty-mouthed and perpetually horny "heroine" (the term is used loosely) of this book does not resemble a normal, well-adjusted, or remotely believable person in any way, shape, or form. The author acknowledges that the characters in this book are shallow and two-dimensional; the plot is both ridiculous and insipid. She makes no apologies for any of it. \* Readers are strongly advised to wear latex gloves whilst reading to minimize contamination risks. Free-spirited musician Letty Dillinger adheres to a strict, "no strings attached" policy when it comes to men. After a wild night of unabashed sex in a fancy hotel room, she never expects to see the adventurous stud she dubs "Shades" again. When her all-girl rock trio books a tour at the last minute as the opening act for their archenemies, Letty's shocked to discover she knows the competition's new lead singer. Intimately. Shades is no longer a one-night stand. Now he's the guy she has to one-up on stage every night for the sake of her career. Sharing close quarters on a bus with her sexy nemesis and his bad-boy buddies puts Letty's Golden Rule to the test. On this tour, guitar strings aren't the only things being played. And when heartstrings are pulled too hard, they're bound to snap sooner or later.

"Time travel, UFOs, mysterious planets, stigmata, rock-throwing poltergeists, huge footprints, bizarre rains of fish and frogs-nearly a century after Charles Fort's Book of the Damned was originally published, the strange phenomenon presented in this book remains largely unexplained by modern science. Through painstaking research and a witty, sarcastic style, Fort captures the imagination while exposing the flaws of popular scientific explanations. Virtually all of his material was compiled and documented from reports published in reputable journals, newspapers and periodicals because he was an avid collector. Charles Fort was somewhat of a recluse who spent most of his spare time researching these strange events and collected these reports from publications sent to him from around the globe. This was the first of a series of books he created on unusual and unexplained events and to this day it remains the most popular. If you agree that truth is often stranger than fiction, then this book is for you"--Taken from Good Reads website.

In May 1977, the cricket world woke to discover that a 39-year-old businessman called Kerry Packer had signed thirty-five elite international players for his own televised World Series Cricket. The Cricket War, now published with a new introduction and afterword, is the definitive account of the split that changed the game on the field and on the screen. In helmets, under lights, with white balls and in coloured clothes, the outlaw armies of Ian Chappell, Tony Greig and Clive Lloyd fought a daily battle of survival. In boardrooms and courtrooms, Packer and cricket's rulers fought a bitter war of nerves. A compelling account of top-class sporting life, *The Cricket War* also gives a unique insight into the motives and methods of the tycoon who became Australia's richest man.

All's fair in reincarnation and war You've heard the stories of Norse gods. Thor. Odin. Ragnarok. I'm here to tell you they're all true. I know because I was there. My name is Loki. A thousand years ago, give or take a century or two, I walked the Nine Realms with my brothers, spreading mischief and leaving behind a trail of broken hearts wherever I roamed. I built an unforgettable brand as the trickster god, the father of the Midgard Serpent, Fenrir the wolf, and even Hel herself. In my exploits, I may have accidentally on purpose triggered a bit of unpleasantness that led to the end of the world, but apparently, it wasn't the end of me. Recently, the shield of ice that froze me in an arctic cage melted (thanks, global warming), and I clawed my way to the surface of a new world. With a fresh lease on life and a rocking-hot body, I just need one thing: the rune that grants me immortality. Oh,

and a bra would be nice. These boobs really know how to get in the way of a good hustle. Book 1 in the Asgard Awakening urban fantasy comedy series

The Essential Victor Hugo Litres

'To the English, I am "shocking"...What's more, French, which is disgusting; republican, which is abominable; exiled, which is repulsive; defeated, which is infamous. To top it all off, a poet...' Victor Hugo dominated literary life in France for over half a century, pouring forth novels, poems, plays, and other writings with unflagging zest and vitality. Here, for the first time in English, all aspects of his work are represented within a single volume. Famous scenes from the novels *Notre-Dame*, *Les Misérables*, and *The Toilers of the Sea* are included, as well as excerpts from his intimate diaries, poems of love and loss, and scathing denunciations of the political establishment. All the chosen passages are self-contained and can be enjoyed without any previous knowledge of Hugo's work. Much of the material is appearing in English for the first time, and most of it has never before been annotated thoroughly in any language.

Book 3 in the Hard Rock Harlots series "NOCTURNES contains 511 F-bombs, 81 well-endowed male chickens, 65 girl kitties, 58 Richard the Lessers, 10 C-U-Next-Tuesdays, and a plethora of other colorful words and phrases that would deafen your virginal mother's ears and make her bust out her "Shame on you" finger. Rax's new adventures as an alcoholic, guitar-slashing one-man show are going along swimmingly until the only woman who's ever brought him to his knees shimmies down a pole back into his life. Eve doesn't abide excessive drinking, she has sex with strangers for a living, and she can't remember Rax's name to save her life. She's perfect in every way. "A Pot of Paint reconstructs the lost transcript and revisits the highly contested issues surrounding one of the most celebrated trials in the history of art. A libel suit brought in the London courts by American expatriate artist James McNeill Whistler against John Ruskin, England's most powerful art critic, the trial was essentially a debate of aesthetic theory conducted at a critical hour in the evolution of modern art." "After viewing an 1877 exhibition that included some of Whistler's most abstract works, Ruskin declared in print that the artist had flung "a pot of paint in the public's face." He called Whistler a "coxcorn" and said that it was the height of "cockney impudence" to ask two hundred guineas for a painting such as *Nocturne in Black and Gold: The Falling Rocket*. The dispute was fully covered in the popular press. Using those newspaper accounts, as well as letters, legal papers, Ruskin's instructions to his counsel, and Whistler's later rendition of events in *The Gentle Art of Making Enemies*, Linda Merrill reveals the deeply held, contrary aesthetic ideals of the two parties, and shows that, in many ways, the real litigants in *Whistler v. Ruskin* were traditional, representational art and art that tended toward abstraction." "During eighteen months of pretrial delays and two days of testimony from Whistler and several well-known figures in the art world, London debated the value and the meaning of art. A Pot of Paint retrieves these debates for a society that continues to argue the merits of innovation in art and the place of art in the modern world."--BOOK JACKET. This book is an anthology of extracts of literary writing (in prose, verse and drama) about London and its diverse inhabitants, taken from the accession of Queen Elizabeth I in 1558 to the outbreak of the Great War in 1914. The 143 extracts, divided into four periods (1558-1659, 1660-1780, 1781-1870 and 1871-1914), range from about 250 words to 2,500. Each of the four periods has an introduction that deals with relevant social, geographical and historical developments, and each extract is introduced with a contextualizing headnote and furnished with explanatory footnotes. In addition, the general introduction to the anthology addresses some of the literary questions that arise in writing about London, and the book ends with many suggestions for further reading. It should appeal not only to the general reader interested in London and its representation, but also to students of literature in courses about 'reading the city'.

While Human-Animal Studies is a rapidly growing field in modern history, studies on this topic that focus on the Ancient World are few. The present volume aims at closing this gap. It investigates the relation between humans, animals, gods, and things with a special focus on the structure of these categories. An improved understanding of the ancient categories themselves is a precondition for any investigation into the relation between them. The focus of the volume lies on the Ancient Near East, but it also provides studies on Ancient Greece, Asia Minor, Mesoamerica, the Far East, and Arabia.
