The Great Fire of 1871 was one of most colossal disasters in American history. Overnight, the flourishing city of Chicago was transformed into a smoldering wasteland. The damage was so profound that few people believed the city could ever rise again. By weaving personal accounts of actual survivors together with the carefully researched history of Chicago and the disaster, Jim Murphy constructs a riveting narrative that recreates the event with drama and immediacy. And finally, he reveals how, even in a time of deepest despair, the human

spirit triumphed, as the people of Chicago found the courage and strength to build their city once again.

30 Most Influential Teens, Mikaila Ulmer, and her advice for life and business. When Mikaila Ulmer was four, she was stung by a bee--twice in one week. She was terrified of going outside, so her parents encouraged her to learn more about bees so she wouldn't be afraid. It worked. Mikaila didn't just learn what an important role bees play in our ecosystem, but she also learned bees are endangered, and set out to save them. She started by selling cups of lemonade in front of her house and donating the small proceeds to organizations dedicated to bee conservation. When she realized the more lemonade she sold, the more bees she could help, Me & the Bees Lemonade was born. Now she sells her lemonade across

the country. From meetings with Fortune 500 CEOs, to securing a deal on Shark Tank, to even visiting the Obama White House, Mikaila's lemonade and passion for bee conservation have taken her far. In *Bee Fearless*, part memoir, part business guide, Mikaila--now fifteen--shares her personal journey and special brand of mindful entrepreneurship and offers helpful tips and guidance for young readers interested in pursuing their own ventures, instilling in them the belief that they can be fearless and achieve their dreams too.
