A business memoir from fifteen year-old lemonade entrepreneur and one of TIME Magazine's Top 30 Most Influential Teens, Mikaila Ulmer, and her advice for life and business.

When Mikaila Ulmer was four, she was stung by a bee--twice in one week. She was terrified of going outside, so her parents encouraged her to learn more about bees so she wouldn't be afraid. It worked. Mikaila didn't just learn what an important role bees play in our ecosystem, but she also learned bees are endangered, and set out to save them. She started by selling cups of lemonade in front of her house and donating the small proceeds to organizations dedicated to bee

conservation. When she realized the more lemonade she sold, the more bees she could help, *Me & the Bees Lemonade* was born. Now she sells her lemonade across the country. From meetings with Fortune 500 CEOs, to securing a deal on Shark Tank, to even visiting the Obama White House, Mikaila's lemonade and passion for bee conservation have taken her far. In *Bee Fearless*, part memoir, part business guide, Mikaila--now fifteen--shares her personal journey and special brand of

mindful entrepreneurship and offers helpful tips and guidance for young readers interested in pursuing their own ventures, instilling in them the bee-lief that they can bee fearless and achieve their dreams too.

I Survived the American Revolution, 1776 (I Survived #15) Building Relationships With murder, court battles, and sensational newspaper headlines, the story of Lizzie Borden is compulsively readable and perfect for the Common Core. Lizzie Borden took an axe, gave her mother forty whacks. When

she saw what she had done, she gave her father forty-one. In a compelling, linear narrative, Miller takes readers along as she investigates a brutal crime: the August 4, 1892, murders of wealthy and prominent Andrew and Abby Borden. The accused? Mild-mannered and highly respected Lizzie Borden, daughter of Andrew and stepdaughter of Abby. Most of what is known about Lizzie's arrest and subsequent trial (and acquittal) comes from sensationalized newspaper	reports; as Miller sorts fact from fiction, and as a legal battle gets under way, a gripping portrait of a woman and a town emerges. With inserts featuring period photos and newspaper clippings—and, yes, images from the murder scene—readers will devour this nonfiction book that reads like fiction. This isn't one of them. What it is, instead, is utterly interesting, anecdotes (John Hancock fixates on salmon), from the inside out (at the Battle of Eutaw Springs, hundreds of soldiers plunged into battle "naked as they were born") close-up narratives filled with little-known details, lots of quotes that capture the spirit and voices of the principals ("If need be, I will raise one</p>	<p>thousand men, subsist them at my own expense, and march myself at their head for the relief of Boston" --George Washington), and action.
