A Very Mutinous People Univ of California Press  
Historians have often glorified eighteenth-century Virginia planters' philosophical debates about the meaning of American liberty. But according to Noeleen McIlvenna, the true exemplars of egalitarian political values had fled Virginia's plantation society. The North Carolina Bar The Publishers Weekly Congressional Record The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873) Carolina Quest

This work, covering the constitution of the courts in the US, should be suitable for legal and political science scholars, especially those interested in constitutional adjudication

**Congressional Record** University of Chicago Press  
Irreverent, provocative, and engaging, *Desperately Seeking Certainty* attacks the current legal vogue for grand unified theories of constitutional interpretation. On both the Right and the Left, prominent legal scholars are attempting to build all of constitutional law from a single foundational idea. Dan Farber and Suzanna Sherry find that in the end no single, all-encompassing theory can successfully guide judges or provide definitive or even sensible answers to every constitutional question. Their book brilliantly reveals how problematic foundationalism is and shows how the pragmatic, multifaceted common law methods already used by the Court provide a far better means of reaching sound decisions and controlling judicial discretion than do any of the grand theories. **Constitutional Originalism** BRILL

Williams launches our new series with this guide to the state constitution of New Jersey. His volume treats New Jersey's constitutional development since statehood, covering the constitutions of 1776, 1844, up to and including the current constitution written in 1947. Through this in-depth study, Williams is able to provide important insight into the broader issues of New Jersey's political, economic, and social growth. The book's first part traces the constitution's development since statehood, and a second part is a thorough section-by-section analysis of the current constitution. a useful purchase for libraries that specialize in constitutional matters or that want a reference source on their state. Library Journal Robert F. Williams launches our new series Reference Guides to the State Constitutions of the United States with this guide to the New Jersey State Constitution. The New Jersey Constitution is strictly a basic constitutional document, not a code of laws. It remains unblemished and envied. State constitutions have been referred to as 'mine(s) of instruction for the natural history of democratic communities.' This in-depth study of New Jersey's constitutional development provides an important insight into the broader issues of New Jersey's political, economic, and social growth. In Part I Williams traces the constitutional development from statehood in 1776 followed by a thorough analysis of the current constitution in Part II. With forewords by G. Alan Tarr and former New Jersey Governor and Chief Justice Richard J. Hughes, Williams' *The New Jersey State Constitution: A Reference Guide* covers the historical development of the constitutions of 1776, 1844, the Constitutional Commission of 1873, and the current constitution written in 1947. The volume then provides a section-by-section analysis of the present day constitution.

Freedom of Information Act Source Book: Legislative Materials, Cases, Articles ... Prentice Hall

Author Robin L. Owen demonstrates how US Congresswoman Barbara Jordan turned her religious faith and her faith in the Constitution into a powerful civil religious expression. Jordan's particular use of the Constitution--deeply connected with her background and identity--represents the agency and power reflected in her speeches.

The Churchman Oxford University Press on Demand  
Chronicles the most significant events in the African diaspora from the end of the Civil War through the pre-WWI years, with year-by-year entries arranged geographically by continent. For the US, there are additional divisions by categories such as the Labor Movement, the Ku Klux Klan, notable legal cases, the arts, and black enterprise. Emphasis is on positive developments and examples of endurance, intelligence, and hope. Along with subjects customarily covered in texts pertaining to African and African American history, this volume reports on arcane topics such as the Lost Colony of the Confederacy in Brazil, and the 1909 liberation of black eunuchs of Seraglio. Desperately Seeking Certainty Univ of North Carolina Press

Although modern authors continually produce important studies of the War Between the States, the firsthand accounts of those who were in the conflict remain the most valuable tools for understanding. This collection of letters and diaries provides glimpses into the lives of a diverse group of South Carolinians. Among the seventeen accounts are the voices of women, including a Confederate spy; of officers like Captain Obidiah Hardin, who left his beloved Palmetto State to fight and die in Virginia before the war was even a year old; and of common men, like German immigrant Augustus Franks, whose love for his adopted state compelled him to staunchly defend the Confederacy. Collected from the archives of Winthrop University, these remarkable documents give voices and faces to the war as it affected South Carolina and her citizens. The Congressional Globe Cornell University Press

Traces the history of North Carolina from the arrival of the first settlers and the mysterious disappearance of the colony on Roanoke Island up to the present time. Lumbee Recognition Act Ithaca, N.Y. : Cornell University Press

Problems of constitutional interpretation have many faces, but much of the contemporary discussion has focused on what has come to be called "originalism." The core of originalism is the belief that fidelity to the original understanding of the Constitution should constrain contemporary judges. As originalist thinking has evolved, it has become clear that there is a family of originalist theories, some emphasizing the intent of the framers, while others focus on the original public meaning of the constitutional text. This idea has enjoyed a modern resurgence, in good part in reaction to the assumption of more sweeping power by the judiciary, operating in the name of constitutional interpretation. Those arguing for a "living Constitution" that keeps up

with a changing world and changing values have resisted originalism. This difference in legal philosophy and jurisprudence has, since the 1970s, spilled over into party politics and the partisan wrangling over court appointments from appellate courts to the Supreme Court. In *Constitutional Originalism*, Robert W. Bennett and Lawrence B. Solum elucidate the two sides of this debate and mediate between them in order to separate differences that are real from those that are only apparent. In a thorough exploration of the range of contemporary views on originalism, the authors articulate and defend sharply contrasting positions. Solum brings learning from the philosophy of language to his argument in favor of originalism, and Bennett highlights interpretational problems in the dispute-resolution context, describing instances in which a living Constitution is a more feasible and productive position. The book explores those contrasting positions, to be sure, but also uncovers important points of agreement for the interpretational enterprise. This provocative and absorbing book ends with a bibliographic essay that points to landmark works in the field and helps lay readers and students orient themselves within the literature of the debate.
