Chasing the North Star John Wiley & Sons In a world of constant change and complexity, how can we achieve lasting transformation in our lives? Using the wisdom of the Enneagram, expert teacher Suzanne Stabile opens the concept of three Centers of Intelligence: thinking, feeling, and doing. When we learn to manage these centers in relation to our Enneagram number, we open a path to reducing fear,

improving relationships, and finding wholeness. From Adam to Us Pearson Education OPRAH'S BOOK CLUB PICK A NEW YORK TIMES BESTSELLER 'A roadmap on the journey to truth and authenticity... [The Way of Integrity] is filled with aha moments and practical exercises that can guide us as we seek enlightenment' Oprah Winfrey 'This radiant book will not only change your life, but perhaps even save it' Elizabeth Gilbert 'Martha Beck's genius is that her writing is equal parts comforting and challenging. Bestselling author, life coach and sociologist Martha Beck explains why 'integrity' - being in harmony with ourselves - is the key to a meaningful and joyful life In The Way of Integrity, Beck presents a four-stage process that anyone can use to find integrity, and with it, a sense of purpose, emotional healing, and a life free of mental suffering. Much of what plagues us-people pleasing, staying in stale relationships, negative habits-all point to what happens when we are out of touch with what truly makes us feel whole. Inspired by The Divine Comedy, Beck uses Dante's classic hero's journey as a framework to break down the process of attaining personal integrity into small, manageable steps. She shows how to read our internal signals that lead us towards our true path, and to recognize what we actually yearn for versus what our culture sells us. With techniques tested on hundreds of her clients, Beck brings her expertise as a social scientist, life coach and human being to help readers to uncover what integrity looks like in their own lives. She takes us on a spiritual adventure that not only will change the direction of our lives, but bring us to a place of genuine happiness. NorthStar Listening and Speaking 2 with MyEnglishLab Wiley Libraries have existed for millennia, but today many question their necessity. In an ever more digital and connected world do we still need places of books in our towns, colleges, or schools? If libraries aren't about books, what are they about? In Expect More, David Lankes, winner of the 2012 ABC-CLIO/Greenwood Award for the Best Book in Library Literature, walks you through what to expect out of your library. Lankes argues that communities need libraries that go beyond bricks and mortar and beyond books. We need to expect more out of our libraries. They should be places of learning and advocates for our communities in terms of learning, privacy, intellectual property, and economic development. Expect More is a rallying call to communities to raise the bar,

and their expectations, for great libraries. Supervisory Test Battery (STB) Pearson Education Paul Bambrick-Santoyo (Managing Director of Uncommon Schools) shows leaders how they can raise their schools to greatness by following a core set of principles. The book includes 30 video clips of top-tier leaders in action. The New York Times bestseller Shortlisted for the 2020 Financial Times & McKinsey Business Book of the Year Netflix cofounder Reed Hastings reveals for the first time the unorthodox culture behind one of the world's most innovative, imaginative, and successful companies There has never before been a company like Netflix. It has led nothing short of a revolution in the entertainment industries, generating billions of dollars in annual revenue while capturing the imaginations of hundreds of millions of people in over 190 countries. But to reach these great heights, Netflix, which launched in 1998 as an online DVD rental service, has had to reinvent itself over and over again. This type of unprecedented flexibility would have been impossible without the counterintuitive and radical management principles that cofounder Reed Hastings established from the very beginning. Hastings rejected the conventional wisdom under

which other companies operate and defied tradition to instead build a culture focused on freedom and responsibility, one that has allowed Netflix to adapt and innovate as the needs of its members and the world have simultaneously transformed. Hastings set new standards, valuing people over process, emphasizing innovation over efficiency, and giving employees context, not controls. At Netflix, there are no vacation or expense policies. At Netflix, adequate performance gets a generous severance, and hard work is irrelevant. At Netflix, you don't try to please your boss, you give candid feedback instead. At Netflix, employees don't need approval, and the company pays top of market. When Hastings and his team first devised these unorthodox principles, the implications were unknown and untested. But in just a short period, their methods led to unparalleled speed and boldness, as Netflix quickly became one of the most loved brands in the world. Here for the first time, Hastings and Erin Meyer, bestselling author of *The Culture Map* and one of the world's most influential business thinkers, dive deep into the controversial ideologies at the heart of the Netflix psyche, which have generated results that are the envy of the business world. Drawing on hundreds of interviews with current and past Netflix employees from around the globe and never-before-told stories of trial and error from Hastings's own career, *No Rules Rules* is the fascinating and untold account of the philosophy behind one of the world's most innovative, imaginative, and successful companies.

In his latest historical novel, bestselling author Robert Morgan brings to full and vivid life the story of Jonah Williams, who, in 1850, on his eighteenth birthday, flees the South Carolina plantation on which he was born a slave. He takes with him only a few stolen coins, a knife, and the clothes on his back--no shoes, no map, no clear idea of where to head, except north, following a star that he prays will be his guide. Hiding during the day and running through the night, Jonah must elude the men sent to capture him and the bounty hunters out to claim the reward on his head. There is one person, however, who, once on his trail, never lets him fully out of sight: Angel, herself a slave, yet with a remarkably free spirit. In *Jonah*, she sees her own way to freedom, and so sets out to follow him. Bristling with breathtaking adventure, *Chasing the North Star* is deftly grounded in historical fact yet always gripping and poignant as the story follows Jonah and Angel through the close calls and narrow escapes of a fearsome world. It is a celebration of the power of the human spirit to persevere in the face of great adversity. And it is Robert Morgan at his considerable best.

"Crime and Punishment" by Fyodor Dostoevsky plunges into the mind of Rodion Raskolnikov, a destitute former student in the teeming, oppressive streets of St. Petersburg. The novel opens with a vivid description of Raskolnikov's impoverished existence, his room a mere "cupboard or box," and the squalor he endures. Haunted by a desperate idea, he commits a brutal act: the murder of an elderly pawnbroker and her innocent sister, Lizaveta, with an axe. This act is not born of malice, but from a twisted theory that posits the existence of "extraordinary" individuals who are above the law and capable of shaping history. Raskolnikov sees himself as such a man, and the murder as a test of his own will and fortitude.
