The Louisiana Notary Public exam is based on a 705-page study guide, Fundamentals of

Louisiana Notarial Law and Practice. But the official book is famously difficult and organized in a complex way. Readers often need help—including classes and Facebook groups—just to unwind it. This book is, at last, directly aimed at simplifying and outlining the study guide itself. Such a resource offers a better chance of passing the notoriously difficult notary exam. Law school classes and bar exam prep have long given law students the advantage of complete outlines, nutshells, and bar review materials authored by experts in their subjects. It's time for this concept to be used for notary prep as well. Applying the tried-and-true outlining format successfully employed for bar review, experienced lawyer/notary Michele Childress offers this resource for aspiring Louisiana notaries—whether they're prepping by self-study or as part of organized coursework. A new addition to the Self-Study Sherpa Series from Quid Pro Books, this book joins the Sidepiece and Sample Questions texts as affordable guidance in the journey to becoming a commissioned notary in our state.

notary prep guide to the difficult Louisiana exam. (NOTE: This one is keyed to the blue 2021 state textbook.) The Louisiana Notary Exam has a 20% pass rate. The Notary Exam has an official Study Guide you use during the exam. But the Study Guide has no index, no big picture, no study strategies, no exam-day tips, not enough cross-references . . . and few of the forms notaries use that they test. It doesn't explain most-tested subjects, past exams, or recent changes to the Guide. It's got the law and notary rules, but it's missing essentials for any such textbook. This book has all that-and much more that anyone contemplating the exam should read. It even includes crucial information about notary practice for the newbie notary, and is useful to experienced notaries for its expanded cross-references, complete index, and summary lists. Basically it's the rest of the official Study Guide they somehow omitted. Why would they leave out the index, of all things? Reminder: a 20% pass rate. As a senior law teacher and member of two state bars, Professor Childress still needed to pass the Louisiana Notary Exam to practice as one. It's a challenging exam for everyone,

yet he found in the 'Study Guide' lots of trees but little forest-and even less real guidance. Determined that current test-takers can do better with more real help, he wrote this book and geared the page numbers-including an index, cross-references, lists, and illustrated explanation of successions, community property, wills, and authentic acts-to the latest edition of the state's official text, *Fundamentals of Louisiana Notarial Law and Practice*. An affordable addition to the Self-Study Sherpa Series from Quid Pro Books, that actually pays for itself twice over with its 'one weird trick' saying how to save \$65 in fees in the notary qualification process. This is the trade paperback edition available at online and other bookstores.

Louisiana civil law notaries enjoy functions, responsibilities, and earning potential unmatched in any other state — and reserved there to attorneys. Louisiana notaries wield the power not just to verify signatures but also to create the legal papers they notarize, including affidavits, donations, powers of attorney, and even wills and trusts. And so much more, with no educational requirement beyond high school ... but a state exam that is famously challenging. The entire process to become a notary is difficult, and wrapped in some mystery. This book is helpful if you're in the beginning stages of becoming a notary public. Or just thinking about joining the profession. It's about the process of registering to be a notary, and why you'd want to. It's about the classes, resources, and options available to prep for the exam. It's not a study guide to the test's content itself. Other books do that, including the best-selling Sidepiece guide also by Prof. Childress of Tulane. But it does explain the format of the exam and the structure of questions so that a candidate knows how to start studying. Previously, no one had offered a guide to the preliminary but confusing steps you take to be eligible for the exam — or rules and tips you'd want to know right away about the exam process and its “open book.”

Website information can be unclear and incomplete, without disclosing the realities. This book is about “what I wish someone told me from Day One when I was considering becoming a notary in Louisiana.” An affordable addition to the Self-Study Sherpa Series from Quid Pro Books.
