When Death has a story to tell, you listen. It is 1939. Nazi Germany. The country is holding its breath. Death has never been busier, and will become busier still. **Parallel Movement of the Hands** Random House

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

Excerpt from *The Children's Treasury of Lyrical Poetry, Vol. 2: Selected and Arranged With Notes* The standard of 'merit as poetry' (so far as the editor, aided by some friends distinguished by good judgment and scholarship, may have been successful in preserving it), has excluded a certain number of popular favourites. But the standard of suitability to childhood, 'as here understood, has excluded many more pieces pictures of life as it seems to middle-age – poems coloured by sentimentalism or morbid melancholy, however attractive to readers no longer children – love as personal passion or regret (not love as the groundwork of action) artificial or highly allusive language – have, as a rule, been held unfit. The aim has been to shun scenes and sentiments alien from the temper of average healthy childhood, and hence of greater intrinsic difficulty than poems containing unusual words. Hence, although the rules of choice have given this book, as compared with many of its predecessors, an unfamiliar air, yet it is believed that the contents will in fact prove ultimately at least as comprehensible to children between the ages specified. Poems suitable for readers in the latter half of these years are marked with a star in the index. Some pieces will be found admitted as examples leading up to the poetry appropriate to later education and the experience of life but, looking to the small size of the collection, it has not been thought desirable to attempt ranging the contents in order of composition or of relative difficulty. A few omissions have been made in order to render a poem more suitable for childhood, or to escape encroachment on the field of distinctly devotional verse; others, more copiously, when the poem could be thus strengthened in a vivid effectiveness. The North-country Ballads have thus been greatly shortened a child (in the editor's judgment), especially one unfamiliar with dialect, being more likely to appreciate afterwards their charming antique garrulity, and the repetitions of phrase proper to orally-published poetry, if presented first with a tale in our more condensed modern manner. When, as here, poetry for poetry's sake is concerned, extracts in general appear wholly unsatisfactory to the editor; they are like fragments barbarously broken from statues. Such only have, therefore, been included which form in themselves complete works of art. About the Publisher *Forgotten Books* publishes hundreds of thousands of rare and classic books. #1 NATIONAL BESTSELLER • The epic account of the storm on the summit of Mt. Everest that claimed five lives and left countless more—including Krakauer's—in guilt-ridden disarray. "A harrowing tale of the perils of high-altitude climbing, a story of bad luck and worse judgment and of heartbreaking heroism." —PEOPLE A bank of clouds was assembling on the not-so-distant horizon, but journalist-mountaineer Jon Krakauer, standing on the summit of Mt. Everest, saw nothing that "suggested that a murderous storm was bearing down." He was wrong. By writing *Into Thin Air*, Krakauer may have hoped to exorcise some of his own demons and lay to rest some of the painful questions that still surround the event. He takes great pains to provide a balanced picture of the people and events he witnessed and gives due credit to the tireless and dedicated Sherpas. He also avoids blasting easy targets such as Sandy Pittman, the wealthy socialite who brought an espresso maker along on the expedition. Krakauer's highly personal inquiry into the catastrophe provides a great deal of insight into what went wrong. But for Krakauer himself, further interviews and investigations only lead him to the conclusion that his perceived failures were directly responsible for a fellow climber's death. Clearly, Krakauer remains haunted by the disaster, and although he relates a number of incidents in which he acted selflessly and even heroically, he seems unable to view those instances objectively. In the end, despite his evenhanded and even generous assessment of others' actions, he reserves a full measure of vitriol for himself. This updated trade paperback edition of *Into Thin Air* includes an extensive new postscript that sheds fascinating light on the acrimonious debate that flared between Krakauer and Everest guide Anatoli Boukreev in the wake of the tragedy. "I have no doubt that Boukreev's intentions were good on summit day," writes Krakauer in the postscript, dated August 1999. "What disturbs me, though, was Boukreev's refusal to acknowledge the possibility that he made even a single poor decision. Never did he indicate that perhaps it wasn't the best choice to climb without gas or go down ahead of his clients." As usual, Krakauer supports his points with dogged research and a good dose of humility. But rather than continue the heated discourse that has raged since *Into Thin Air*'s denouncement of guide Boukreev, Krakauer's tone is conciliatory; he points most of his criticism at G. Weston De Walt, who coauthored *The Climb*, Boukreev's version of events. And in a touching conclusion, Krakauer recounts his last conversation with the late Boukreev, in which the two weathered climbers agreed to disagree about certain points. Krakauer had great hopes to patch things up with Boukreev, but the Russian later died in an avalanche on another Himalayan peak, Annapurna I. In 1999, Krakauer received an Academy Award in Literature from the American Academy of Arts and Letters—a prestigious prize intended "to honor writers of exceptional accomplishment." According to the Academy's citation, "Krakauer combines the tenacity and courage of the finest tradition of investigative journalism with the stylish subtlety and profound insight of the born writer. His account of an ascent of Mount Everest has led to a general reevaluation of climbing and of the commercialization of what was once a romantic, solitary sport; while his account of the life and death of Christopher McCandless, who died of starvation after challenging the Alaskan wilderness, delves even more deeply and disturbingly into the fascination of nature and the devastating effects of its lure on a young and curious mind."

"In this brightly detailed blend of personal memoir and political reportage, Handler recounts her life of activism . . . [an] absorbing call to action." —Booklist Born in apartheid South Africa, Marisa Handler emigrated to Southern California at the age of twelve. Her gradual realization that injustice existed even in this more open, democratic society spurred a lifelong commitment to activism that would take her around the world and back again. Handler shares intimate details of her life as a global justice activist to offer a

revealing perspective on what drives the movement. Tracing her own evolution as an activist, her story crisscrosses the globe, examining current sociopolitical issues from apartheid and racism to the Israeli-Palestinian conflict, corporate globalization, and the wars of the Bush administration. Along the way, Handler paints compelling portraits of the people she's encountered, shares gritty details of the sometimes-harrowing events that have changed and shaped her, and describes how she came to advocate a spiritually based, nonviolent activism as the best means for building the kind of world we wish to see. "[Handler's] wisdom transcends her youthfulness; she writes with grace and insight, and she never stumbles over her own self-importance." –San Francisco Chronicle "Marisa Handler takes a brutally honest look at herself, the activist community, and the world. She writes with wit and beauty, preaches with passion and love." –Medea Benjamin, Cofounder, Global Exchange and CODEPINK "Handler has put her values into action with tenacious creativity. She ably conveys the histories of places many people couldn't find on a map in a lively, moving and funny voice." –Publishers Weekly

North in the World presents 121 poems by Rolf Jacobsen (1907-1994), one of Norway's greatest modern poets. Garnering the highest praise of critics, Jacobsen won many of Norway's and Sweden's most prestigious literary awards, including the Swedish Academy's Dobloug Prize and the Grand Nordic Prize, also known as the "Little Nobel." But he also has earned a wide popular audience, because ordinary readers can understand and enjoy the way he explores the complex counterpoint of nature and technology, progress and self-destruction, daily life and cosmic wonder. Drawing from all twelve of his books, and including one poem collected posthumously, North in the World offers award-winning English translations of Jacobsen's poems, accompanied by the original Norwegian texts. The translator, the American poet Roger Greenwald, worked with Jacobsen himself to correct errors that had crept into the Norwegian texts over the years. An in-depth introduction by Greenwald highlights the main features of Jacobsen's poetry, and extensive endnotes, as well as indexes to titles and first lines in both languages, enhance the usefulness of the book for general readers and scholars alike. The result is the definitive bilingual edition of Jacobsen's marvelous poetry.

#1 NEW YORK TIMES BESTSELLER • PULITZER PRIZE FINALIST • This inspiring, exquisitely observed memoir finds hope and beauty in the face of insurmountable odds as an idealistic young neurosurgeon attempts to answer the question What makes a life worth living? NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • People • NPR • The Washington Post • Slate • Harper's Bazaar • Time Out New York • Publishers Weekly • BookPage Finalist for the PEN Center USA Literary Award in Creative Nonfiction and the Books for a Better Life Award in Inspirational Memoir At the age of thirty-six, on the verge of completing a decade's worth of training as a neurosurgeon, Paul Kalanithi was diagnosed with stage IV lung cancer. One day he was a doctor treating the dying, and the next he was a patient struggling to live. And just like that, the future he and his wife had imagined evaporated. When Breath Becomes Air chronicles Kalanithi's transformation from a naïve medical student "possessed," as he wrote, "by the question of what, given that all organisms die, makes a virtuous and meaningful life" into a neurosurgeon at Stanford working in the brain, the most critical place for human identity, and finally into a patient and new father confronting his own mortality. What makes life worth living in the face of death? What do you do when the future, no longer a ladder toward your goals in life, flattens out into a perpetual present? What does it mean to have a child, to nurture a new life as another fades away? These are some of the questions Kalanithi wrestles with in this profoundly moving, exquisitely observed memoir. Paul Kalanithi died in March 2015, while working on this book, yet his words live on as a guide and a gift to us all. "I began to realize that coming face to face with my own mortality, in a sense, had changed nothing and everything," he wrote. "Seven words from Samuel Beckett began to repeat in my head: 'I can't go on. I'll go on.'"

When Breath Becomes Air is an unforgettable, life-affirming reflection on the challenge of facing death and on the relationship between doctor and patient, from a brilliant writer who became both.

Love and Money argues that we can't understand contemporary queer cultures without looking through the lens of social class. Resisting old divisions between culture and economy, identity and privilege, left and queer, recognition and redistribution, Love and Money offers supple approaches to capturing class experience and class form in and around queerness. Contrary to familiar dismissals, not every queer television or movie character is like Will Truman on Will and Grace—rich, white, healthy, professional, detached from politics, community, and sex. Through ethnographic encounters with readers and cultural producers and such texts as Boys Don't Cry, Brokeback Mountain, By Hook or

By Crook, and wedding announcements in the New York Times, Love and Money sees both queerness and class across a range of idioms and practices in everyday life. How, it asks, do readers of Dorothy Allison's novels use her work to find a queer class voice? How do gender and race broker queer class fantasy? How do independent filmmakers cross back and forth between industry and queer sectors, changing both places as they go and challenging queer ideas about bad commerce and bad taste? With an eye to the nuances and harms of class difference in queerness and a wish to use culture to forge queer and class affinities, Love and Money returns class and its politics to the study of queer life.

To celebrate John Ashbery's 90th birthday, the Library of America presents the second volume of his collected poems, spanning a crucial and prolific decade in the poet's life and work. Having received wide acclaim and numerous awards over the first half of his career, in the 1990s Ashbery continued to strike out in new directions, writing in a style that is at once playful and cerebral, relaxed and precise, dreamlike in its imagery and associations yet exquisitely attuned to the everyday rhythms of American speech.

Visceral, tender and lyrical, fleet and agile, these poems unflinchingly face the legacies of violence and cultural displacement but they also assume a position of wonder before the world."—2016 Whiting Award citation "Night Sky with Exit Wounds is the kind of book that soon becomes worn with love. You will want to crease every page to come back to it, to underline every other line because each word resonates with power."—LitHub "Vuong's powerful voice explores passion, violence, history, identity—all with a tremendous humanity."—Slate "In his impressive debut collection, Vuong, a 2014 Ruth Lilly fellow, writes beauty into—and culls from—individual, familial, and historical traumas. Vuong exists as both observer and observed throughout the book as he explores deeply personal themes such as poverty, depression, queer sexuality, domestic abuse, and the various forms of violence inflicted on his family during the Vietnam War. Poems float and strike in equal measure as the poet strives to transform pain into clarity. Managing this balance becomes the crux of the collection, as when he writes, 'Your father is only your father/ until one of you forgets. Exile—with its sense of suspended or impending motion, of change, loss, acceptance—gives James J. McAuley's poems their need to be, their means of surviving the exigencies of the displaced spirit. Ancestors on both sides of his family were bards in Celtic Ireland. Although a naturalized United States citizen, McAuley has maintained his connections with his native land: the Irish times listed him among one hundred "significant Irish writers." Although the poet writes of the familial and the domestic, he is writing at the same time of journeys out and back, of losses and recoveries. McAuley is as much at ease with the solemnity of elegy as with the invective of political satire or the sensual metaphysics of the love-poem.

"A remarkable creation, a baroque opera of grief, laced with lines of haunting beauty and profundity." —The Washington Post Now in paperback, the bold, genre-defying book that asked: What if Mary Shelley had not invented Frankenstein's monster at all but had met him when she was a girl of eight, sitting by her mother's grave, and he came to her unbidden? In a riveting mix of fact and poetic license, Laurie Sheck gives us the "monster" in his own words: recalling how he was "made" and how Victor Frankenstein abandoned him; pondering the tragic tale of the Shelleys and the intertwining of his life with Mary's (whose fictionalized letters salt the narrative, along with those of her nineteenth-century intimates); taking notes on all aspects of human striving—from Gertrude Stein to robotics to the Northern explorers whose lonely quest mirrors his own—as he tries to understand the strange race that made yet shuns him, and to find his own freedom of mind.
