Eat Chocolate, Lose Weight is a game-changing look at the world's most surprising (and luscious) health food: chocolate. Based on new groundbreaking research and the amazing results of his clients, who have lost more than 100 pounds, nutritionist and neuroscientist Dr. Will Clower dispels the myth that chocolate is just a "junk food" by revealing how this

performance, healthy alternatives to just about every chemical laden product you currently put on your face and body? It's easier than you think! In *Make It Up* author Marie Rayma shares the recipes she has developed through years of trial, error, and testing to come up with the very best. This is real makeup and skincare: bright lipsticks, quality mineral powders, long-wearing eyeliners, and masks and cleansers that yield results. Rayma walks you through natural ingredients available online or at health food stores. These awesome oils, butters, clays, and minerals will replace the petroleum products, artificial colors, and lab-created mystery fragrances that have untold effects on our bodies. Products can be tailored for individual needs -- from swapping out ingredients not suitable for sensitive skin to whipping up the perfect colors suited for any complexion. With easy-to-follow instruction, *Make It Up* provides more than 40 essential cosmetics and skin care projects so you can make just what you want, when you need it.

Eat Chocolate, Lose Weight Rodale Books

Includes a sneak peek of *Undoctored*—the new book from Dr. Davis! In this #1 New York Times bestseller, a renowned cardiologist explains how eliminating wheat from our diets can prevent fat storage, shrink unsightly bulges, and reverse myriad health problems. Every day, over 200 million Americans consume food products made of wheat. As a result, over 100 million of them experience some form of adverse health effect, ranging from minor rashes and high blood sugar to the unattractive stomach bulges that preventive cardiologist William Davis calls "wheat bellies." According to Davis, that excess fat has nothing to do with gluttony, sloth, or too much butter: It's due to the whole grain wraps we eat for lunch. After witnessing over 2,000 patients regain their health after giving up wheat, Davis reached the disturbing conclusion that wheat is the single largest contributor to the nationwide obesity epidemic—and its elimination is key to dramatic weight loss and optimal health. In *Wheat Belly*, Davis exposes the harmful effects of what is

actually a product of genetic tinkering and agribusiness being sold to the American public as "wheat"—and provides readers with a user-friendly, step-by-step plan to navigate a new, wheat-free lifestyle. Informed by cutting-edge science and nutrition, along with case studies from men and women who have experienced life-changing transformations in their health after waving goodbye to wheat, *Wheat Belly* is an illuminating look at what is truly making Americans sick and an action plan to clear our plates of this seemingly benign ingredient.

Monthly Labor Review Random House

Mamaste meets Mindfulness Cards in this deck focused around meditation, breathwork, and movement specifically for those expecting. Here is the support any mama-to-be needs as she preps for the transition to motherhood. With 78 unique cards filled with thoughtful meditations, movement activities, breathwork exercises, and soothing affirmations, this collection of cards supports expectant mothers through pregnancy, birth, and their new motherhood by nurturing their spirit and talking through their fears. Written by renowned doula Lori Bregman and with soothing artwork accompanying each card, this deck offers expert advice on filling all aspects of pregnancy and birth with comfort and confidence. The *Doula Deck* is a bridge between mindfulness and motherhood, with support you can keep in your pocket, display on your nightstand, or take with you out into the world. • **PROFESSIONAL ADVICE:** With a career spanning nearly 20 years, Lori Bregman is a source of wisdom in pregnancy and birth. She runs a complete mind-body-spirit support system that helps women throughout fertility, pregnancy, birth, and new motherhood and has built a thriving career based on her passion for supporting more mindful, healthy, happy mothers and women of all kinds. Now she can help you on your own journey to motherhood,

wherever you are. • **BABY SHOWER GIFT:** With its expert advice on mindfulness during an important life moment, this serves as the ideal gift for anyone who is pregnant. With its luxe package and lovely illustrations, this deck of cards is not only insightful and useful but also gorgeous and gift-worthy. • **ELEGANT ART:** With gorgeous colors and elegant portrayals of the female body throughout pregnancy and motherhood, these cards offer so much more than just a list of exercises. They're a visual source of comfort and encouragement as well as a helpful tool. • **UNIQUE FORMAT:** Not everyone has the opportunity to hire a doula, and this deck offers a unique way for moms-to-be to practice self-care and find additional support during the birth experience by simply pulling a card and completing the activity whenever they need to. Perfect for: • Expectant mothers interested in natural living and doula support • Doulas • Baby shower attendees

Millard's Review of the Far East BenBella Books

This book covers the progress of the last 10 years of studies on cocoa butter. Descriptions of several aspects, including physical characteristics such as rheology, hardness, melt profiles, etc., studied by new and advanced techniques are included. Similarly, the polymorphism of cocoa butter is reconsidered in light of studies done by synchrotron DSC, FTIR, and SAXS techniques. These data are complemented by new understandings on the cause of the crystallization and transitions of the polymorphs. Other aspects such as the effect of minor components, emulsifiers, and other fats are discussed in great detail in this book. Brings together all that is known about cocoa butter into one book Describes physical characteristics of cocoa butter including rheology, hardness, and melt profiles Reconsiders polymorphism of cocoa butter in light of recent studies by various analytical techniques Presents new understandings on the cause of crystallization and transitions of polymorphs

A bestselling author's groundbreaking eating plan that challenges the notion that starch is unhealthy From Atkins to Dukan, the fear-mongering about carbs over the past few decades has reached a fever pitch; the mere mention of a starch-heavy food is enough to trigger a cavalcade of shame and longing. In *The Starch Solution*, bestselling diet doctor and board-certified internist John A. McDougall, MD, and his kitchen-savvy wife, Mary, turn the notion that starch is bad for you on its head. *The Starch Solution* is based on a simple swap: fueling your body primarily with carbohydrates rather than proteins and fats. This will help you lose weight and prevent a variety of ills. Fad diets come and go, but Dr. McDougall has been a proponent of the plant-based diet for decades, and his medical credibility is unassailable. He is one of the mainstay experts cited in the bestselling and now seminal *China Study*—called the "Grand Prix of epidemiology" by the *New York Times*. But what *The China Study* lacks is a plan. Dr. McDougall grounds *The Starch Solution* in rigorous scientific fact and research, giving readers easy tools to implement these changes into their lifestyle with a 7-Day Quick Start Plan and 100 delicious recipes. This book includes testimonials from among the hundreds Dr. McDougall has received, including people who have lost more than 125 pounds in mere months as well as patients who have conquered lifethreatening illnesses such as diabetes and cardiac ailments.

Return to Beauty Elsevier

A NEW YORK TIMES BESTSELLER Foreword by John Robbins, author of the international bestseller Diet for A New America In this book, Susan Peirce Thompson, Ph.D. shares the groundbreaking weight-loss solution based on her highly acclaimed Bright Line Eating Boot Camps. Rooted in cutting-edge neuroscience, psychology, and biology, Bright Line Eating explains why people who are desperate to lose weight fail again and again: it's because the brain blocks weight loss. Bright Line Eating (BLE) is a simple approach designed to reverse that process. By working with four "Bright Lines"—clear, unambiguous, boundaries—Susan Peirce Thompson shows us how to heal our brain and shift it into a mode where it is ready to shed pounds, release cravings, and stop sabotaging our weight loss goals. Best of all, it is a program that understands that willpower cannot be relied on, and sets us up to be successful anyway. Through the lens of Susan's own moving story, and those of her Bright Lifers, you'll discover firsthand why traditional diet and exercise plans have failed in the past. You'll also learn about the role addictive susceptibility plays in your personal weight-loss journey, where cravings come from, how to rewire your brain so they disappear, and more. Susan guides you through the phases of Bright Line Eating—from weight loss to maintenance and

beyond—and offers a dynamic food plan that will work for anyone, whether you're vegan, gluten-free, paleo, or none of the above. Bright Line Eating frees us from the obesity cycle and introduces a radical plan for sustainable weight loss. It's a game changer in a game that desperately needs changing.

Return to Beauty offers regimens made from fresh ingredients that can be found right in your kitchen. With recipes for winter, spring, summer, and fall, you can look beautiful throughout the year. Narine Nikogosian's natural and inexpensive products can be whipped up in less than ten minutes. Have a jar of honey in your pantry? Mix it with a few crushed walnuts to create a sensual, aromatic scrub for oily skin. Use dabs of cottage cheese to lighten undereye circles, or almond oil to rehydrate cracked lips. Narine also provides recipes based on astrological signs, such as for Scorpio, a Gracious Grapefruit Mask made of grapefruit, egg yolk, and soothing honey to rejuvenate your skin even after a late night. Narine is from a long line of Armenian women who have been harnessing the powers of nature to create everlasting beauty. For the first time, she reveals her secrets so that you can have star-worthy skin.

INSTANT NEW YORK TIMES BESTSELLER A Good Morning America and Read with Marie Claire Book Club Pick and a People Best Book of Summer Named a Most Anticipated Book of 2021 by Time, The Washington Post, Harper's Bazaar, Entertainment Weekly, Marie Claire, Bustle, BuzzFeed, Parade, Goodreads, Fortune, and BBC Named a Best Book of 2021 by Time, The Washington Post, Esquire, Vogue, Entertainment Weekly, The Boston Globe, Harper's Bazaar, and NPR Urgent, propulsive, and sharp

as a knife, *The Other Black Girl* is an electric debut about the tension that unfurls when two young Black women meet against the starkly white backdrop of New York City book publishing. Twenty-six-year-old editorial assistant Nella Rogers is tired of being the only Black employee at Wagner Books. Fed up with the isolation and microaggressions, she's thrilled when Harlem-born and bred Hazel starts working in the cubicle beside hers. They've only just started comparing natural hair care regimens, though, when a string of uncomfortable events elevates Hazel to Office Darling, and Nella is left in the dust. Then the notes begin to appear on Nella's desk: LEAVE WAGNER. NOW. It's hard to believe Hazel is behind these hostile messages. But as Nella starts to spiral and obsess over the sinister forces at play, she soon realizes that there's a lot more at stake than just her career. A whip-smart and dynamic thriller and sly social commentary that is perfect for anyone who has ever felt manipulated, threatened, or overlooked in the workplace, *The Other Black Girl* will keep you on the edge of your seat until the very last twist.

MC. The Manufacturing Confectioner

The need to reduce saturated fat levels in food and the different ways of doing this are among the most important issues facing the food industry. *Reducing saturated fats in foods* reviews the sources and effects of saturated fats in food and the ways in which the food industry can effectively reduce saturates. Part one covers the functional and nutritional aspects of saturated fats in foods, with chapters covering sources of dietary saturated fats, their functional attributes and the health issues associated with saturated fatty acids. Part two focuses on reducing saturated fats through food

reformulation, concentrating on both the technologies used and the food categories affected. Chapters cover topics such as emulsion technology for reduction of saturated fats and the application of diacylglycerol oils, as well as different food categories including milk and dairy products, processed meats, fried foods and pastry products. With its distinguished editor and international team of contributors, *Reducing saturated fats in foods* is an essential reference for oils and fats processors and food manufacturers, as well as those researching saturated fats in the academic sector. *Reviews the sources and effects of saturated fats in food and the ways in which the food industry can effectively reduce saturates* Explores the functional and nutritional aspects of saturated fats in foods, covering sources of dietary saturated fats and their functional attributes Focuses on reducing saturated fats through food reformulation, concentrating on both the technologies used and the food categories affected

The Urologic and Cutaneous Review
