packaged foods are required to display a standardized nutrition label. This nutrition label contains information

about the caloric content, amount of fat, protein, carbohydrates, and other required nutrients. Examine the following nutrition labels and answer the questions.

Nutrition Label Worksheet Answer Key

Nutrition Label Comparison Some foods are very healthy in their natural form, but change when they are processed. An example of this is a potato. Potatoes are high in carbohydrate, fiber, and vitamin C. Not all foods made from potatoes are equal in nutrition, though. This activity will help you see how processing affects the nutrition of potatoes.
