Policing the Open Road

Routledge

The patrolman has the most difficult, complex, and least understood task in the police department. Much less is known of him than of his better publicized colleague, the detective. In this important and timely book, James Q. Wilson describes the patrolman and the problems he faces that arise out of constraints imposed by law, politics, public opinion, and the expectations of superiors. The study considers how the uniformed officer in eight communities deals with such common offenses as assault, theft, drunkenness, vice, traffic, and disorderly conduct. Six of the communities are in New York State: Albany,

Amsterdam, Brighton, Nassau County, Newburgh, and Syracuse. The others are Highland Park, Illinois, and Oakland, California. Enforcing laws dealing with common offenses is especially difficult because it raises the question of administrative discretion. Murder, in the eyes of the police, is unambiguously wrong, and murderers are accordingly arrested; but in cases such as street-corner scuffles or speeding motorists, the patrolman must decide whether to intervene (should the scuffle be stopped? should the motorist be pulled over?) and, if he does, just how to intervene (by arrest? a warning? an interrogation?). In most large organizations, the lowest-ranking members perform the more routinized tasks and the means of accomplishing these tasks are decided by superiors, but in a police department the lowest-ranking officer--the patrolman--is almost solely responsible for enforcing those laws which are the least

precise, the most ambiguous. Organizational Context Some

--Irving Kristol

Police Officer Exam

Createspace Independent Publishing Platform

In May 2010, NYPD officer Adrian Schoolcraft made

national headlines when he released a series of secretly recorded audio tapes exposing corruption and abuse at the highest levels of the police department. But, according to a lawsuit filed by Schoolcraft against the City of New York, instead of admitting mistakes and pledging reform Schoolcraft's superiors forced him into a mental hospital in an effort to discredit the evidence. In The NYPD Tapes, the reporter who first broke the Schoolcraft story brings his ongoing saga up to date, revealing the rampant abuses that continue in the NYPD today, including warrantless surveillance and systemic harassment. Through this lens, he tells the broader tale of how American law enforcement has for the past thirty years been distorted by a ruthless quest for numbers, in the form of CompStat, the vaunted data-driven accountability system first championed by New York police chief William Bratton and since implemented in

police departments across the country. Forced to produce certain crime stats each quarter or face discipline, cops in New York and everywhere else fudged the numbers, robbing actual crime victims of justice and sweeping countless innocents into the police net. Rayman paints a terrifying picture of a system gone wild, and the pitiless fate of the whistleblower who tried to stop it.

City Book Award Winner of

the 2016 Wheatley Book

Award in Nonfiction A

history of African

Americans in New York City

from the 1910s to 1960,

told through the life of

Samuel Battle, the New

York Police Department's

first black officer. When

Samuel Battle broke the

color line as New York

City's first African

American cop in the second

decade of the twentieth

century, he had to fear his

racist colleagues as much

as criminals. He had to be

three times better than his

white peers, and many times more resilient. His life was threatened. He was displayed like a circus animal. Yet, fearlessly claiming his rights, he prevailed in a four-decade odyssey that is both the story of one man's courageous dedication to racial progress and a harbinger of the divisions between police and the people they serve that plague twenty-first-century America. By dint of brains, brawn, and an outsized personality, Battle rode the forward wave of African American history in New York. He circulated among renowned turn-of-the-century entertainers and writers. He weathered threatening hostility as a founding citizen of black Harlem. He served as "godfather" to the regiment of black soldiers that won glory in World War I as the

"Hellfighters of Harlem." He befriended sports stars like Joe Louis, Jesse Owens, and Sugar Ray Robinson, and he bonded with legendary tap dancer Bill "Bojangles" Robinson. Along the way, he mentored an equally smart, equally tough young man in a still more brutal fight to integrate the New York Fire Department. At the close of his career, Battle looked back proudly on the against-all-odd journey taken by a man who came of age as the son of former slaves in the South. He had navigated the corruption of Tammany Hall, the treachery of gangsters like Lucky Luciano and Dutch Schultz, the anything-goes era of Prohibition, the devastation of the Depression, and the race riots that erupted in Harlem in the 1930s and 1940s. By then he was a trusted aide

to Mayor Fiorello La Guardia and a friend to First Lady Eleanor Roosevelt. Realizing that his story was the story of race in New York across the first half of the century, Battle commissioned a biography to be written by none other than Langston Hughes, the preeminent voice of the Harlem Renaissance. But their eighty-thousand-word collaboration failed to find a publisher, and has remained unpublished since. Using Hughes's manuscript, which is quoted liberally throughout this book, as well as his own archival research and interviews with survivors, Pulitzer Prize-winning journalist Arthur Browne has created an important and compelling social history of New York, revealed a fascinating episode in the life of Langston Hughes, and delivered the riveting life

and times of a remarkable and unjustly forgotten man, setting Samuel Battle where he belongs in the pantheon of American civil rights pioneers.
