Multilingual Matters  
With increasing mobility of people across the world, there is a pressing need to develop evidence-based teaching practices that lead to high-quality education, which serves the needs of inclusive societies and social and epistemic justice. This book presents cutting-edge qualitative case-study research across a range of educational contexts, research-method contributions and theory-oriented chapters by distinguished multilingual education scholars. These take stock of

---

the field of transanguaging in relation to the education of multilingual individuals in today's globalized world. The volume breaks new ground in that all chapters share a focus on teachers as 'knowledge generators' and many on teacher-researcher collaboration. Together, the chapters provide comprehensive and up-to-date applications of the concept of pedagogical transanguaging and present recent research in educational contexts that have hitherto received scant attention, namely secondary-level education, education for adult immigrants and the school-wide introduction of

pedagogical transanguaging in primary school. Chapters 1, 3, 4 and 8 are free to download as open access publications. They can be downloaded from our website: <http://www.channelviewpublications.com/page/open-access/>. 200 technical questions and answers for job interview Offshore Oil & Gas Platforms Routledge This volume constitutes the refereed proceedings of the 9th IFIP WG 11.2 International Conference (formerly Workshop) on Information Security Theory and Practices,

The Oxford Handbook of Egyptology

Petrogav International This book is a reference work about the study of oases in the context of globalization. It is based on selected papers presented at the international colloquium entitled Oases in the Globalization, Ruptures and Continuities in Paris (December 16-17th, 2013). The main issue was to understand how oases have been excluded from or included into the process of globalization. In this context, the present book

proposes firstly a discussion about the definition(s) of oasis and secondly several case studies analysing socio-spatial mutations in the oasis structure. The third part deals with the compelling globalization at different spatial scales, using two entries: the water management and local impacts of external control.
