The Oath Forger series has been such a great read, I can't believe it's already over. I fell in love with the series from the first book and can't help but wish it would continue! Book 5 was the perfect ending, and even though it resolved everything and gave a satisfying ending for Ava and her Kreks, I still want more!

Oath Forger Book 4 A Reverse Harem Sci Fi Romance

I received a free copy of Oath Forger by Nia Mars in exchange for an honest review. First, I did not notice that this was a reverse-harem novel when I picked it up; I absurdly actually thought it was a YA novel. I was shocked at how much foreplay was in the book.

Thankfully, the story ends before the parties actually hook up.
